But that was with college kids. Now, Coach K has stepped up to take on an entirely new challenge: volunteering to coach the US Olympic Basketball team. Comprised of some of the biggest NBA stars, Coach K had to work with huge egos and personal rivalries in order to create an American team that could win against the best competition in the world and restore Team USA to the gold standard of basketball. This is more than a celebratory book—it's Coach K's first-hand account of how he dealt with such stars as LeBron James, Kobe Bryant, Carmelo Anthony, and all the rest to buy into his total team play.
