

lost book of enki pdf

lost book of enki pdf has captivated imaginations for decades, sparking debates and inspiring countless theories about ancient civilizations, extraterrestrial visitors, and lost knowledge. This ancient Mesopotamian text, attributed to the god Enki, purportedly contains profound secrets about humanity's origins, the cosmos, and advanced technologies far beyond what was believed possible for the era. Exploring the potential existence and content of the Lost Book of Enki, and the allure of finding a definitive lost book of Enki pdf version, delves into a fascinating intersection of mythology, archaeology, and speculative history. This article will navigate the history of the text, its purported contents, the challenges in verifying its authenticity, and the ongoing search for its knowledge, offering a comprehensive overview for those intrigued by this ancient enigma.

Understanding the Mystique of the Lost Book of Enki

The concept of the Lost Book of Enki revolves around a collection of Sumerian cuneiform tablets that purportedly detail the creation of humanity by an advanced alien race, the Anunnaki, and their leader, Enki. These narratives, often associated with Zecharia Sitchin's controversial interpretations, suggest a hidden history of our planet and our species, predating conventional understanding. The idea that such a foundational text could be lost, or exist in fragments, fuels the persistent search for a complete and accessible version, hence the strong interest in a lost book of Enki pdf.

The Genesis of the Legend: Sumerian Texts and Enki

The origins of the Lost Book of Enki narrative are deeply rooted in ancient Sumerian mythology. The Sumerians, one of the earliest known civilizations, left behind a rich corpus of cuneiform writings that describe their gods and their interactions with humanity. Enki, the god of water, wisdom, and creation, plays a pivotal role in many of these myths, including the creation of humans as laborers for the Anunnaki. Scholars have studied these original texts for centuries, but the specific idea of a singular, comprehensive "Lost Book of Enki" as a distinct entity is a more modern interpretation, largely popularized by authors who have synthesized and reinterpreted these ancient accounts.

Zecharia Sitchin and the Anunnaki Theory

Zecharia Sitchin, a prominent researcher and author, is arguably the most influential figure in popularizing the concept of the Lost Book of Enki and the Anunnaki. His extensive work, beginning with "The 12th Planet," proposed

that the Sumerian texts describe an extraterrestrial race from a planet called Nibiru who visited Earth in antiquity. According to Sitchin, these beings genetically engineered humans and influenced the development of ancient civilizations. His interpretations are based on his translations of Sumerian, Akkadian, and other ancient texts, which he believed contained hidden meanings about advanced knowledge and technology. The desire for a lost book of Enki pdf often stems from the belief that Sitchin's work either directly draws from or is a representation of this elusive tome.

What the Lost Book of Enki Purportedly Contains

The contents attributed to the Lost Book of Enki are vast and cover a wide spectrum of subjects, from cosmogony and the history of the cosmos to the intricate details of human creation and the development of civilization. Proponents suggest it reveals secrets about advanced scientific principles, celestial mechanics, and the very essence of life itself. The allure of a lost book of Enki pdf lies in the promise of unlocking this ancient wisdom.

The Creation of Humanity: A Divine Experiment

A central theme in the purported Lost Book of Enki is the narrative of human creation. It is said to detail how the Anunnaki, facing a labor shortage, decided to genetically engineer Homo sapiens by combining their own DNA with that of early hominids. This process, described in what are interpreted as the book's pages, allegedly explains the unique capabilities and potential of humans, as well as our inherent connection to these ancient, advanced beings. The detailed descriptions of genetic manipulation and the purpose behind humanity's existence are key elements that draw people to seek out a lost book of Enki pdf.

Advanced Technologies and Lost Knowledge

Beyond human origins, the Lost Book of Enki is believed to contain information about technologies that seem anachronistic for ancient times. These are said to include insights into space travel, energy generation, sophisticated engineering, and even methods for extending life. The texts allegedly reveal the scientific understanding of the Anunnaki, which could offer solutions to modern-day challenges if rediscovered and deciphered. The quest for a lost book of Enki pdf is often driven by the hope of accessing this lost scientific and technological knowledge.

Cosmology and Celestial Events

The book is also purported to offer a unique perspective on the cosmos, describing celestial bodies and events that are not part of conventional astronomical understanding. The existence of Nibiru, a hypothetical planet in

our solar system, is a significant aspect of this cosmological model, as detailed in the interpretations of the Lost Book of Enki. This cosmic narrative provides a framework for understanding Earth's place in the universe and the potential for extraterrestrial interactions. Finding a lost book of Enki pdf is seen by many as a way to gain a more complete picture of ancient cosmologies.

The Search for the Lost Book of Enki PDF

The persistent search for a tangible lost book of Enki pdf highlights the enduring fascination with this enigmatic text. While no definitive, universally accepted original manuscript exists in a singular form, the quest continues through various avenues, from academic research to alternative interpretations.

Challenges in Authentication and Translation

One of the primary challenges in verifying the Lost Book of Enki is the fragmented nature of the original Sumerian texts. These inscriptions are often incomplete, damaged, or exist in numerous disparate locations worldwide, making a comprehensive translation and synthesis a monumental task. Furthermore, the interpretation of ancient languages and symbols is subjective, leading to differing opinions among scholars and researchers. The desire for a lost book of Enki pdf often overlooks these significant translational and archaeological hurdles.

Skeptical Perspectives and Academic Consensus

Mainstream archaeology and Assyriology generally view the concept of a singular, complete Lost Book of Enki as a modern construct, popularized by speculative theories rather than direct textual evidence. While acknowledging the richness of Sumerian literature, academics often caution against interpreting myths as literal historical or scientific accounts. They emphasize that existing Sumerian texts are subject to scholarly interpretation and do not form a cohesive volume known as the "Lost Book of Enki." Nevertheless, the idea of a lost book of Enki pdf continues to circulate widely in popular culture and alternative history circles.

Where to Find Related Materials and Interpretations

While a definitive lost book of Enki pdf remains elusive, interested individuals can find a wealth of related materials. This includes academic translations of Sumerian myths and epics, books by researchers like Zecharia Sitchin and others who explore ancient astronaut theories, and various online resources that compile and discuss these ancient narratives. It is important for readers to approach these materials with critical thinking,

distinguishing between scholarly research and speculative interpretations. The availability of texts and interpretations, rather than a single definitive pdf, is what sustains the interest in the Lost Book of Enki.

The Enduring Legacy of Enki and His Supposed Book

The legend of the Lost Book of Enki, whether viewed as historical fact or compelling myth, continues to resonate. It taps into fundamental human questions about our origins, our place in the universe, and the potential for knowledge beyond our current understanding. The ongoing curiosity surrounding a lost book of Enki pdf underscores the timeless appeal of uncovering ancient secrets and exploring the mysteries of our past.

Impact on Ancient Astronaut Theories

The narrative surrounding the Lost Book of Enki has profoundly influenced the field of ancient astronaut theories. It provides a foundational story for the idea that extraterrestrial beings played a significant role in shaping human civilization and culture. The concepts presented, such as advanced genetic engineering and celestial voyages, are central to many discussions within this genre, fueling further exploration and speculation about the possibility of rediscovering lost ancient wisdom.

The Future of Rediscovery and Interpretation

The quest for a lost book of Enki pdf, or indeed any definitive understanding of its purported contents, is an ongoing process. Future archaeological discoveries, advancements in translation technologies, and new interpretive frameworks may shed further light on these ancient texts. Until then, the legend of the Lost Book of Enki will likely continue to inspire wonder, debate, and a deep curiosity about the hidden histories of our world.

Frequently Asked Questions

Is the 'Lost Book of Enki' PDF a legitimate historical text?

The 'Lost Book of Enki' is a modern work by Zecharia Sitchin, not an ancient or historically verified text. Sitchin's interpretations of Sumerian myths and his theories about Anunnaki are considered pseudoscientific and lack support from mainstream archaeology and Assyriology.

Where can I find a 'Lost Book of Enki' PDF?

While legitimate copies of Zecharia Sitchin's books are available for purchase from booksellers, unauthorized distribution of copyrighted PDFs, including the 'Lost Book of Enki', is illegal and can pose security risks. It's recommended to purchase the book through official channels.

What are the main themes discussed in the 'Lost Book of Enki' PDF?

The 'Lost Book of Enki' PDF, based on Zecharia Sitchin's work, explores his theories about the Anunnaki, an ancient alien race from the planet Nibiru, who allegedly visited Earth in antiquity, influenced human civilization, and genetically engineered humans.

Is there any scientific evidence to support the claims made in the 'Lost Book of Enki'?

No, there is no scientific evidence to support the claims made in the 'Lost Book of Enki'. Mainstream science, archaeology, and genetics do not validate the existence of the Anunnaki or their alleged role in human history as presented by Sitchin.

What is the origin of the 'Lost Book of Enki' concept?

The 'Lost Book of Enki' is a title given by Zecharia Sitchin to his interpretation of ancient Sumerian texts, particularly those relating to the god Enki. He claimed to have translated and reconstructed a narrative based on these texts that revealed a hidden history of humanity.

Who is Zecharia Sitchin and what is his background?

Zecharia Sitchin (1930-2010) was an author whose books popularized theories about ancient astronauts, particularly the Anunnaki. He held a degree in economics and was an amateur linguist who claimed to be able to read Sumerian cuneiform. His work is widely regarded as fringe or pseudoscientific.

Are there any academic scholars who support Sitchin's interpretations of Sumerian texts?

No, academic scholars in the fields of Assyriology, Sumerology, and archaeology do not support Zecharia Sitchin's interpretations of Sumerian texts. They argue that his translations are inaccurate and his theories are not based on scholarly methodology.

What are the common criticisms leveled against the 'Lost Book of Enki' and Sitchin's theories?

Common criticisms include misinterpretations and mistranslations of Sumerian cuneiform, a lack of verifiable evidence, the reliance on speculative interpretations of ancient myths, and an unscientific approach to historical and scientific inquiry.

Is the 'Lost Book of Enki' the same as genuine Sumerian tablets?

No, the 'Lost Book of Enki' is not a collection of genuine, intact Sumerian tablets. It is Zecharia Sitchin's modern synthesis and interpretation of various ancient Mesopotamian texts, presented as a cohesive narrative about the Anunnaki.

What alternative explanations exist for the myths and legends discussed in the 'Lost Book of Enki'?

Mainstream scholarship explains the myths and legends discussed in the 'Lost Book of Enki' as products of human culture, religion, and imagination in ancient Mesopotamia, reflecting their understanding of the world, their social structures, and their spiritual beliefs, rather than literal historical accounts of alien intervention.

Additional Resources

Here are 9 book titles related to the "Lost Book of Enki" and their descriptions:

1. The Epic of Gilgamesh

This ancient Mesopotamian poem is one of the earliest surviving works of literature. It recounts the adventures of the hero-king Gilgamesh and his quest for immortality, touching upon themes of creation, divinity, and the underworld. Its narrative is considered a foundational text for understanding early Mesopotamian cosmology and mythology, which indirectly connects to the lore surrounding Enki.

2. Sumerian Mythology: A Concise History

This book delves into the rich and complex mythological landscape of ancient Sumer, the civilization often credited with developing the earliest writing systems. It explores the pantheon of Sumerian gods, their roles, and the creation myths that shaped their worldview. Understanding Sumerian myths is crucial for contextualizing any discussions about deities like Enki and his purported writings.

3. The Anunnaki: Revelations of the Men of God

This title directly addresses the enigmatic Anunnaki, the celestial beings

prominent in Sumerian and Babylonian mythology. It explores their supposed origins, their interactions with humanity, and their influence on ancient civilizations. The book likely presents theories connecting these beings to the "Lost Book of Enki" and its supposed revelations.

4. *Enki: The Sumerian God of Wisdom and Magic*

This work focuses specifically on the deity Enki, a central figure in Mesopotamian religion. It examines his attributes as the god of water, wisdom, magic, and creation, detailing his myths and his relationship with other deities and humans. Understanding Enki's character and his purported roles is essential for appreciating the significance of any lost texts attributed to him.

Introduction: The Enigmatic Legacy of Enki and the "Lost Book"

The name Enki resonates with intrigue among those interested in ancient Sumerian mythology and alternative history. Often portrayed as a wise and benevolent god, Enki is credited with many advancements in human civilization, according to ancient texts. The purported "Lost Book of Enki," however, takes these narratives to a controversial new level, claiming to reveal hidden truths about humanity's origins and the involvement of extraterrestrial beings. This book isn't a single, unified text but rather a compilation of translated Sumerian texts and interpretations, often attributed to Zecharia Sitchin. Its claims, while captivating, are highly debated and require a careful, critical examination. This article will explore the key themes and controversies surrounding the "Lost Book of Enki," offering a balanced perspective on its historical and scientific implications.

Chapter 1: The Anunnaki and Their Arrival - Ancient Astronauts and Advanced Technology

The "Lost Book of Enki" centers around the Anunnaki, a race of extraterrestrial beings described as having advanced technology and a significant role in shaping early human civilization. According to the interpretations presented in the "Lost Book," the Anunnaki arrived on Earth, initially driven by the need for gold to repair their atmosphere. This narrative challenges traditional historical accounts, proposing a non-terrestrial origin for human civilization's development.

The descriptions of Anunnaki technology are often fantastical, depicting spaceships, advanced genetic engineering, and sophisticated weaponry. While no concrete archaeological evidence directly supports the Anunnaki's existence or their involvement in human history, proponents point to unexplained archaeological discoveries and ancient texts as potential evidence. The debate continues, with skeptics highlighting the lack of verifiable proof and the tendency to interpret ambiguous findings to fit predetermined narratives.

Chapter 2: Genetic Engineering and the Creation of Homo Sapiens - The Divine Intervention Debate

One of the most controversial aspects of the "Lost Book of Enki" is its assertion that Homo Sapiens wasn't a product of purely natural evolution but rather a result of genetic manipulation by the Anunnaki. The text suggests that the Anunnaki, dissatisfied with existing hominid species, used advanced genetic engineering to create a more suitable workforce - humanity.

This claim sparks a lively debate within scientific and religious circles. While modern genetic science has made significant strides in understanding human evolution, the "Lost Book's" assertion of direct extraterrestrial intervention remains highly speculative. The complexity of human genetics and the numerous factors that have shaped our evolution make it difficult to definitively prove or disprove such claims. However, it's crucial to note that the "Lost Book's" interpretation relies heavily on selective interpretations of ancient texts and lacks robust scientific backing.

Chapter 3: The Deluge and its Symbolic Meaning - A Flood of Interpretations

The Great Flood is a recurring theme in many ancient cultures, and the "Lost Book of Enki" offers its own interpretation, weaving it into the narrative of the Anunnaki. The flood, according to this interpretation, wasn't just a natural disaster but a deliberate act by the Anunnaki, perhaps to control the growing human population or to reset the course of civilization.

This interpretation opens up avenues for exploring the symbolic meaning of the deluge across different cultures. The similarities between the flood narratives in various ancient texts - including the Bible, the Epic of Gilgamesh, and other Sumerian accounts - fuel debates about the possibility of a shared historical event or a common symbolic representation of societal upheaval and rebirth. The "Lost Book" attempts to connect these narratives to its extraterrestrial narrative, claiming that the Anunnaki manipulated the flood as a form of control and intervention.

Chapter 4: The Legacy of Enki and the Modern World - Echoes of the Past in the Present

The "Lost Book of Enki" doesn't just present a historical account; it attempts to connect the ancient narrative to contemporary issues. By exploring the alleged actions and motivations of Enki and the Anunnaki, it seeks to provide a framework for understanding current human societal problems, highlighting the implications of technological advancement, environmental challenges, and the potential consequences of unchecked power.

The parallels drawn between the ancient narrative and modern realities are often highly speculative and open to interpretation. However, the book's attempt to find connections between the past and the present encourages readers to contemplate the long-term implications of our actions and the possible consequences of unchecked technological development and societal inequalities.

Conclusion: A Journey into the Unknown

The "Lost Book of Enki" offers a fascinating, albeit controversial, interpretation of human origins and ancient history. Its claims are not supported by mainstream science, yet it continues to spark discussions and inspire further research into ancient civilizations and the complexities of human history. The book's true value lies in its ability to stimulate critical thinking and exploration of alternative perspectives, encouraging readers to question established narratives and search for deeper understanding. This article, however, encourages readers to approach the information presented in the "Lost Book of Enki" with healthy skepticism and a critical eye. The interpretations presented should be viewed as a compelling narrative rather than definitive historical truth.

lost book of enki pdf: The Lost Book of Enki Zecharia Sitchin, 2004-08-16 The companion volume to The Earth Chronicles series that reveals the identity of mankind's ancient gods • Explains why these "gods" from Nibiru, the Anunnaki, genetically engineered Homo sapiens, gave Earthlings civilization, and promised to return • 30,000 sold in hardcover Zecharia Sitchin's bestselling series The Earth Chronicles provided humanity's side of the story concerning our origins at the hands of the Anunnaki, "those who from heaven to earth came." In The Lost Book of Enki we now view this saga from the perspective of Lord Enki, an Anunnaki leader revered in antiquity as a god, who tells the story of these extraterrestrials' arrival on Earth from the planet Nibiru. In his previous works Sitchin compiled the complete story of the Anunnaki's impact on human civilization from fragments scattered throughout Sumerian, Akkadian, Babylonian, Assyrian, Hittite, Egyptian, Canaanite, and Hebrew sources. Missing from these accounts, however, was the perspective of the Anunnaki themselves. What was life like on their own planet? What motives propelled them to settle on Earth--and what drove them from their new home? Convinced of the existence of a lost book that held the answers to these questions, the author began his search for evidence. Through exhaustive research of primary sources, he has here re-created tales as the memoirs of Enki, the leader of these first "astronauts." What takes shape is the story of a world of mounting tensions, deep rivalries, and sophisticated scientific knowledge that is only today being confirmed. An epic tale of gods and men unfolds, challenging every assumption we hold about our past and our future.

lost book of enki pdf: The Stairway to Heaven (Book II) Zecharia Sitchin, 1992-11-01 Since earliest times, humanity has pondered the incomprehensible mysteries of the universe, life...and the afterlife. In The Stairway to Heaven, the second book of Zecharia Sitchin's Earth Chronicles series, the author answers these fundamental questions: Was there somewhere on Earth where, after death, mortal man could join the immortal Gods? Where was this place? By whom was it established? And does it still exist today? After years of painstaking research--combining recent archaeological discoveries with ancient texts and artifacts--Sitchin has identified the legendary Land of the Gods, and provided astounding new revelations about the Great Pyramids, the Sphinx, and other mysterious monuments whose true meanings and purposes have been lost for eons. The Earth Chronicles deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. For the first time, the entire Earth Chronicles series is now available in a hardcover collector's edition.

lost book of enki pdf: There Were Giants Upon the Earth Zecharia Sitchin, 2010-05-05 The crowning work of the best-selling Earth Chronicles series • Reveals the existence of physical evidence of alien presence on Earth in the distant past • Identifies and describes the demigods, such as Gilgamesh, descended from these visitors • Outlines the tests of this physical evidence of alien presence that could unlock the secrets of health, longevity, life, and death In whose genetic image were we made? From his first book The 12th Planet on, Zecharia Sitchin has asserted that the Bible's Elohim who said "Let us fashion The Adam in our image and after our likeness" were the gods of Sumer and Babylon--the Anunnaki who had come to Earth from their planet Nibiru. The Adam, he wrote, was genetically engineered by adding Anunnaki genes to those of an existing hominid, some 300,000 years ago. Then, according to the Bible, intermarriage took place: "There were giants upon the Earth" who took Adam's female offspring as wives, giving birth to "heroes of renown." With meticulous detail, Sitchin shows that these were the demigods of Sumerian and Babylonian lore, such as the famed Mesopotamian king Gilgamesh as well as the hero of the Deluge, the Babylonian Utnapishtim. Are we then, all of us, descendants of demigods? In this crowning oeuvre, Zecharia Sitchin proceeds step-by-step through a mass of ancient writings and artifacts, leading the reader to the stunning Royal Tombs of Ur. He reveals a DNA source that could prove the biblical and Sumerian tales true, providing conclusive physical evidence for past alien presence on Earth and an unprecedented scientific opportunity to track down the "Missing Link" in humankind's

evolution, unlocking the secrets of longevity and even the ultimate mystery of life and death.

lost book of enki pdf: *The Anunnaki Chronicles* Zecharia Sitchin, 2015-09-17 An insider's look into the decades of research behind Zecharia Sitchin's books as well as an in-depth overview of his theories and discoveries • Includes carefully selected chapters from the Earth Chronicles series as well as never-before-published letters, articles, and lectures • Each piece includes an introduction, offering context and insight into Sitchin's passionate work and revealing the man behind the theories • Explains the genesis of The 12th Planet, the Anunnaki influences on the Sumerian civilization, the orbit of Nibiru, the prehistory of the Americas, the extraterrestrial origins of modern man, and much more What if the tales from the Old Testament and other ancient writings, such as those from Sumer, Babylon, Egypt, and Greece, were not myths or allegory but accounts of actual historical events? Known for his ability to read and interpret ancient Sumerian and Akkadian clay tablets, Zecharia Sitchin (1920-2010) took the words of our most ancient ancestors as fact and, through decades of meticulous research, showed that they revealed a coherent narrative about the true origins of humanity and civilization. Drawing both widespread interest and criticism, his Earth Chronicles series of books, beginning with *The 12th Planet*, detailed how humanity arose after the arrival of the Anunnaki ("those who from Heaven to Earth came"), alien "gods" who created modern man in their own image and imparted gifts of civilizing knowledge. Providing an insider's look into the decades of research behind Zecharia Sitchin's complete works as well as an in-depth overview of his theories, this collection includes carefully selected chapters from the Earth Chronicles series as well as never-before-published letters, articles, and lectures. We learn about the genesis of The 12th Planet in "The Book as a Story," the Sumerians and their Anunnaki influences in "The Sudden Civilization," the orbit of Nibiru in "UFOs, Pyramids, and the 12th Planet," the prehistory of the Americas in "Cities Lost and Found," the extraterrestrial origins of modern man in "The Cosmic Connection--DNA," and much more. We get to read never-before-published lectures, culled from Sitchin's decades of presentations, as well as the article that spurred the writing of *There Were Giants Upon the Earth*. Each piece includes an introduction by Sitchin's niece, offering context and insight into Sitchin's passionate work. These introductions reveal the man behind the theories, a world traveler known for his scholarship, dry humor, and precisely chosen words. If his theories are true, as Sitchin wholeheartedly believed, then this collection presents some of the most important knowledge we have of our origins and future.

lost book of enki pdf: *Genesis Revisited* Zecharia Sitchin, 2002-03-01 • Was Adam the first test-tube baby? • Did nuclear fission destroy Sodom and Gomorrah? • How were the ancients able to accurately describe details about our solar system that are only now being revealed by deep space probes? The awesome answers are all here, in this important companion volume to *The Earth Chronicles* series. Having presented evidence of an additional planet as well as voluminous information about the other planets in our solar system, Zecharia Sitchin now shows how the discoveries of modern astrophysics, astronomy, and genetics exactly parallel what has already been revealed in ancient texts regarding the mysteries of alchemy and the creation of life. *Genesis Revisited* is a mind-boggling revelation sure to overturn current theories about the origins of humankind and the solar system.

lost book of enki pdf: *The Cosmic Code (Book VI)* Zecharia Sitchin, 2002-03-01 Reveals Zecharia Sitchin's groundbreaking research into the code left behind by the creators of humanity. • Explains how the Anunnaki were not merely the mythical gods of the Sumerians, but rather the founders of human life on Earth. • Using Biblical and ancient Sumerian sources, explains how to decode these messages our star ancestors left behind. Daring to challenge our long-held beliefs about the origins of man, Zecharia Sitchin suggests that humans are not the children of God, but rather the children of the Anunnaki, an ancient race from the planet Nibiru. His revolutionary theories are supported by his intense scrutiny of not only ancient Sumerian texts but also stone structures all over the world. The similarities and astrological significance of these formations suggests that rather than looking for guidance from leaders here on Earth, humanity should instead look to the sky for answers. The Earth Chronicles deal with the history and prehistory of Earth and

humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. For the first time, the entire Earth Chronicles series is now available in a hardcover collector's edition.

lost book of enki pdf: *The Earth Chronicles Expeditions* Zecharia Sitchin, 2007-05-29 Reveals the course of archaeological adventures and insights that resulted in The Earth Chronicles series • Explores links between the Old world and the New in search of evidence of extraterrestrial gods in the artifacts and murals of ancient civilizations • Reveals archaeological cover-ups concerning Olmec origins in Mexico and ancient UFO artifacts in Turkey In this autobiographical book, the internationally acclaimed author Zecharia Sitchin reveals the foundational research and the adventurous expeditions that resulted in his writing the bestselling The Earth Chronicles series. Ranging from Mayan temples in Mexico to hidden artifacts in Istanbul, Turkey, from biblical tunnels in Jerusalem to the mysteries of Mt. Sinai, from the abode of a Sumerian goddess to Greek islands, the Expeditions' destinations and amazing discoveries unmasked established fallacies, detected the fate of mysterious artifacts, and revealed ancient connections to modern space facilities. For the first time, Sitchin shares with the reader not only his encompassing knowledge of antiquity and his field experiences, but also the concrete evidence for his conclusions that ancient myths were recollections of factual events, that the gods of ancient peoples were visitors to Earth from another planet, and that we are not alone in our own solar system. Accompanied by photographs from his personal archive, here is Sitchin's own story and his inner feelings about the cord that binds him to his ancestral past.

lost book of enki pdf: *Myths of Enki, The Crafty God* Samuel Noah Kramer, John Maier, 2020-08-18 This ambitious and well-researched study brings together for the first time translations of the ancient literature concerning the Sumerian god Enki, one of four gods and goddesses who comprised the highest level of the Sumerian pantheon. The very existence of these writings, which date from the Third Millennium B.C., was unknown until about 100 years ago, when their cuneiform script was deciphered. Since then, it has become apparent that Sumerian literature had a profound and enduring influence on both Biblical and classical Greek literature, and so on the literature of the western world as a whole. Kramer, one of the world's leading sumerologists, has prepared these translations from among the scores of works he has published over the last fifty years; John Maier provides a full interpretive framework that places the translations in their broader comparative cultural context. This rare collection will be of interest to students and scholars in a wide range of disciplines from Near Eastern and Biblical Studies to Mythology and Comparative Literature.

lost book of enki pdf: When Time Began (Book V) Zecharia Sitchin, 1994-03-01 Night and day, month after month, year after year, our ancestors dutifully recorded the passage of time on clay tablets, watching the heavens from stage towers and pyramids and from megalithic monuments whose incredible size and precise architecture boggle the mind. . . . Who were the builders of these mysterious structures? What was their purpose? Whose signature is indelibly written on these timeless stones, and who was the Divine Architect? Why was Stonehenge and its likes built by ancient civilizations at the very same time--4,100 years ago? What is their message for our time? With these questions in mind, Zecharia Sitchin, renowned researcher of past ages, takes us on a journey through the records of time in this, the fifth book of his Earth Chronicles series. Drawing deeply on Sumerian and Egyptian writings, millenia-old artifacts, and sacred architecture ranging from ancient Mesopotamia to pre-Columbian civilizations in the Americas, this bestselling scholar provides astounding insights into the origins of the calendar, astronomy, and astrology. He takes readers to the climax circa 2100 b.c. when Marduk, the Babylonian national god, attained supremacy on Earth and proclaimed the New Age of Aries--after which society, religion, science, and the status of women were never the same.

lost book of enki pdf: *Divine Encounters* Zecharia Sitchin, 2002-03-01 Explains the links between the Bible and ancient Sumerian texts, probing the age-old question of the relationship between humanity and its creators. • Challenges scientific maxims of the basis of human life. • Draws fascinating parallels between the leaders of the Anunnaki (from the 12th planet) and Yahweh.

• A comprehensive new look at the history of man. • First time available in hardcover. In *Divine Encounters* Zecharia Sitchin draws on basic Judeo-Christian texts to analyze the creation myths, paralleling Biblical stories to the myths of Sumer and Mesopotamia in order to show that humanity did not evolve without assistance. Sitchin daringly hypothesizes instead that Enki, one of the leaders of the Anunnaki from the 12th planet, created humanity as a primitive worker. Furthermore, Sitchin suggests that the extraterrestrial encounters of today demonstrate the continued interest of the Anunnaki in the Earthlings they created.

lost book of enki pdf: Slave Species of the Gods Michael Tellinger, 2012-09-10 Our origins as a slave species and the Anunnaki legacy in our DNA • Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species, first proposed by Zecharia Sitchin in *The 12th Planet* • Shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA • Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki Scholars have long believed that the first civilization on Earth emerged in Sumer some 6,000 years ago. However, as Michael Tellinger reveals, the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200,000 years ago. Sent to Earth in search of life-saving gold, these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold--thus beginning our global traditions of gold obsession, slavery, and god as dominating master. Revealing new archaeological and genetic evidence in support of Zecharia Sitchin's revolutionary work with pre-biblical clay tablets, Tellinger shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA--which explains why less than 3 percent of our DNA is active. He identifies a recently discovered complex of sophisticated ruins in South Africa, complete with thousands of mines, as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy. Matching key mythologies of the world's religions to the Sumerian clay tablet stories on which they are based, he details the actual events behind these tales of direct physical interactions with "god," concluding with the epic flood--a perennial theme of ancient myth--that wiped out the Anunnaki mining operations. Tellinger shows that, as humanity awakens to the truth about our origins, we can overcome our programmed animalistic and slave-like nature, tap in to our dormant Anunnaki DNA, and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe.

lost book of enki pdf: The King Who Refused to Die Zecharia Sitchin, 2013-09-20 Zecharia Sitchin's secret allegorical novel that brings to life the key concepts of his bestselling book *The 12th Planet* • Reimagines the Epic of Gilgamesh in the context of Sitchin's discoveries • Details ancient Sumerian sex rituals, the Anunnaki lineage of the gods who lived in Sumer, Anunnaki spacecraft technology, the workings of the Oracle of Anu, and Gilgamesh's relationship with the goddess Ishtar Written in secret so as not to incite criticism about his controversial discoveries, this novel from the late Zecharia Sitchin brings to life the key themes of his bestseller *The 12th Planet*. The story begins in London as Astra arrives at the British Museum's opening for their new Gilgamesh exhibit. There she meets a handsome stranger who knows secrets about her that no stranger should know, including the source of the unusual scar on her hand. Taking her to his apartment, he reveals that she is descended from the goddess Ishtar and that he is the modern-day avatar of Gilgamesh seeking to claim the eternal life Ishtar denied him so long ago. Reenacting their sacred sex ritual from eons ago, they find themselves transported to ancient Sumer as Gilgamesh and Ishtar, where he is at last able to continue his quest for immortality. But as Gilgamesh fulfills his sacred duties with Ishtar, something goes awry and the Oracle of Anu will not renew its blessing upon his kingship. Following the direction of his mother, the Anunnaki goddess Ninsun--the source of his partial divinity--Gilgamesh flees the city for the Anunnaki forbidden zone in search of a way to the planet Nibiru and eternal life. Travel alongside Gilgamesh and his immortal companion Enkidu as they escape the fate pronounced by the oracle, discover a Tablet of Destiny meant for Ishtar, fight off

Marduk's raiders, and foil the plot of the high priest, Gilgamesh's half-brother who is seeking Gilgamesh's crown for himself. Retelling the Epic of Gilgamesh in the context of his discoveries about the Anunnaki, Zecharia Sitchin weaves a tale of ancient ceremony, accidental betrayal, gods among men, interplanetary travel, and a quest for immortality spanning millennia.

lost book of enki pdf: The 12th Planet (Book I) Zecharia Sitchin, 1991-05-01 Over the years, startling evidence has been unearthed, challenging established notions of the origins of Earth and life on it and suggesting the existence of a superior race of beings who once inhabited our world. The product of thirty years of intensive research, *The 12th Planet* is the first book in Zecharia Sitchin's prophetic Earth Chronicles series--a revolutionary body of work that offers indisputable documentary proof of humanity's extraterrestrial forefathers. Travelers from the stars, they arrived eons ago, and planted the genetic seed that would ultimately blossom into a remarkable species...called Man. *The 12th Planet* brings to life the Sumerian civilization, presenting millennia-old evidence of the existence of Nibiru, the home planet of the Anunnaki and of the landings of the Anunnaki on Earth every 3,600 years, and reveals a complete history of the solar system as told by these early visitors from another planet. Zecharia Sitchin's Earth Chronicles series, with millions of copies sold worldwide, deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. The series is offered here, for the first time, in highly readable, hardbound collector's editions with enhanced maps and diagrams.

lost book of enki pdf: The Lost Realms (Book IV) Zecharia Sitchin, 1990-09-01 The Earth Chronicles series is based on the premise that mythology is not fanciful but the repository of ancient memories; that the Bible ought to be read literally as a historic/scientific document; and that ancient civilizations--older and greater than assumed--were the product of knowledge brought to Earth by the Anunnaki, Those Who from Heaven to Earth Came. *The 12th Planet*, the first book of the series, presents ancient evidence for the existence of an additional planet in the Solar System: the home planet of the Anunnaki. In confirmation of this evidence, recent data from unmanned spacecraft has led astronomers to actively search for what is being called Planet X. The subsequent volume, *The Stairway to Heaven*, traces man's unending search for immortality to a spaceport in the Sinai Peninsula and to the Giza pyramids, which had served as landing beacons for it--refuting the notion that these pyramids were built by human pharaohs. Recently, records by an eye witness to a forgery of an inscription by the pharaoh Khufu inside the Great Pyramid corroborated the book's conclusions. *The Wars of Gods and Men*, recounting events closer to our times, concludes that the Sinai spaceport was destroyed 4,000 years ago with nuclear weapons. Photographs of Earth from space clearly show evidence of such an explosion. Such gratifying corroboration of audacious conclusions has been even swifter for *The Lost Realms*. In the relatively short interval between the completion of the manuscript and its publication, archaeologists, linguists, and other scientists have offered a coastal theory in lieu of the frozen trekking one to account for man's arrival in the Americas--in ships, as this volume has concluded. These experts have suddenly discovered 2,000 years of missing civilization in the words of a Yale University scholar--confirming this book's conclusion--and are now linking the beginnings of such civilizations to those of the Old World, as Sumerian texts and biblical verses. For the first time, the entire Earth Chronicles series is now available in a hardcover collector's edition.

lost book of enki pdf: The Sumerians Samuel Noah Kramer, 2010-09-17 "A readable and up-to-date introduction to a most fascinating culture" from a world-renowned Sumerian scholar (*American Journal of Archaeology*). The Sumerians, the pragmatic and gifted people who preceded the Semites in the land first known as Sumer and later as Babylonia, created what was probably the first high civilization in the history of man, spanning the fifth to the second millenniums B.C. This book is an unparalleled compendium of what is known about them. Professor Kramer communicates his enthusiasm for his subject as he outlines the history of the Sumerian civilization and describes their cities, religion, literature, education, scientific achievements, social structure, and psychology. Finally, he considers the legacy of Sumer to the ancient and modern world. "An uncontested

authority on the civilization of Sumer, Professor Kramer writes with grace and urbanity.” —Library Journal

lost book of enki pdf: The End of Days Zecharia Sitchin, 2009-10-13 The groundbreaking, bestselling series—millions of copies sold worldwide! A classic of ancient human history—and one of the inspirations behind the History Channel’s Ancient Aliens—Zecharia Sitchin’s Earth Chronicles series is the revelatory and deeply provocative masterwork that forever altered humankind’s view of our history and our destiny. The fantastic conclusion to the groundbreaking Earth Chronicles series brings together past and present to offer a radical vision of the future Thirty years ago, Zecharia Sitchin challenged established notions of the origins of Earth and man. In a series of provocative books, he offered a radical new theory, based on indisputable documentary evidence, of extraterrestrial beings—the Anunnaki—who arrived eons ago to plant mankind’s genetic seed. In this triumphant final volume, he closes the circle, exploring the profound question that has troubled us throughout time—from the Bible’s Daniel to Sir Isaac Newton to modern Americans—When will the end come? In *The End of Days*, Sitchin solves ancient enigmas, deciphers the original meaning of religious symbols, analyzes scientific calculations, explores Messianic expectation, and bridges the links between history and prophecy—between the 21st century, A.D. and the 21st century B.C.—to present a startling vision of what is to come for us all.

lost book of enki pdf: Ancient Knowledge Networks Eleanor Robson, 2019-11-14 *Ancient Knowledge Networks* is a book about how knowledge travels, in minds and bodies as well as in writings. It explores the forms knowledge takes and the meanings it accrues, and how these meanings are shaped by the peoples who use it. Addressing the relationships between political power, family ties, religious commitments and literate scholarship in the ancient Middle East of the first millennium BC, Eleanor Robson focuses on two regions where cuneiform script was the predominant writing medium: Assyria in the north of modern-day Syria and Iraq, and Babylonia to the south of modern-day Baghdad. She investigates how networks of knowledge enabled cuneiform intellectual culture to endure and adapt over the course of five world empires until its eventual demise in the mid-first century BC. In doing so, she also studies Assyriological and historical method, both now and over the past two centuries, asking how the field has shaped and been shaped by the academic concerns and fashions of the day. Above all, *Ancient Knowledge Networks* is an experiment in writing about ‘Mesopotamian science’, as it has often been known, using geographical

and social approaches to bring new insights into the intellectual history of the world's first empires.

lost book of enki pdf: *The Ark Before Noah* Irving Finkel, 2014-03-25 The recent translation of a Babylonian tablet launches a groundbreaking investigation into one of the most famous stories in the world, challenging the way we look at ancient history. Since the Victorian period, it has been understood that the story of Noah, iconic in the Book of Genesis, and a central motif in Judaism, Christianity and Islam, derives from a much older story that existed centuries before in ancient Babylon. But the relationship between the Babylonian and biblical traditions was shrouded in mystery. Then, in 2009, Irving Finkel, a curator at the British Museum and a world authority on ancient Mesopotamia, found himself playing detective when a member of the public arrived at the museum with an intriguing cuneiform tablet from a family collection. Not only did the tablet reveal a new version of the Babylonian Flood Story; the ancient poet described the size and completely unexpected shape of the ark, and gave detailed boat building specifications. Decoding this ancient message wedge by cuneiform wedge, Dr. Finkel discovered where the Babylonians believed the ark came to rest and developed a new explanation of how the old story ultimately found its way into the Bible. In *The Ark Before Noah*, Dr. Finkel takes us on an adventurous voyage of discovery, opening the door to an enthralling world of ancient voices and new meanings.

lost book of enki pdf: *Gilgamesh Epic and Old Testament Parallels* Alexander Heidel, 1949 Cuneiform records made some three thousand years ago are the basis for this essay on the ideas of death and the afterlife and the story of the flood which were current among the ancient peoples of the Tigris-Euphrates Valley. With the same careful scholarship shown in his previous volume, *The Babylonian Genesis*, Heidel interprets the famous Gilgamesh Epic and other related Babylonian and Assyrian documents. He compares them with corresponding portions of the Old Testament in order to determine the inherent historical relationship of Hebrew and Mesopotamian ideas.

lost book of enki pdf: *Reign of the Anunnaki* Jan Erik Sigdell, 2018-09-11 Reveals the ongoing alien manipulation of humanity and how we can break free • Explores how the Anunnaki have maintained invisible surveillance over us and how they control our development through religion, secret societies, and catastrophes • Reveals how they feed off our energies and how this ability has allowed them to remain here on Earth as multidimensional entities, enforcing their control invisibly • Explains how they established religion to control us and how Gnostic Christianity--which came from Christ and not the Anunnaki--offers a way out of their matrix of control Cuneiform texts found on clay plates in Mesopotamia tell us about an extraterrestrial race, called the Anunnaki, who came from space to exploit our planet. Through genetic manipulation, they created modern humans from existing earthly life forms to serve them as slaves. They physically left our planet millennia ago, but as Jan Erik Sigdell reveals, their influence and control over humanity is still pervasive and significant. Sigdell explains how the Anunnaki have maintained invisible surveillance over us as well as control over how humanity develops, setting limits on our evolution and holding back our development by means of manipulation and catastrophes, including the deluge immortalized in the Bible and many other ancient myths. He shows how they still manipulate our politics and affairs via secret societies, such as the Illuminati, and the political elite, such as the Bilderberg Group. Examining ancient descriptions of the Anunnaki as entities that resemble winged reptiles or amphibians, the author also explores their diet and how they feed off blood and the energies given off by lower life forms, such as humans, when they are expressing extreme negative emotions, having sex, or dying. This energy-feeding ability has allowed them to remain here on Earth as multidimensional entities, enforcing their control invisibly. He explains how the Anunnaki established religions as tools for control, setting up the major religions with themselves as "gods" and playing them against each other to keep humanity's attention away from ongoing Anunnaki manipulation. They have also hidden from us the existence of the true highest creator, who created the cosmos as well as the Anunnaki themselves. The author reveals how the highest creator sent a messenger called Jesus to expose the Anunnaki and show us a way out of their matrix of control through a spirituality based on love, empathy, and sacred sexuality. But the "god" of the Anunnaki defeated this messenger and replaced him with a false Christ. This led to the development of

Paulinian Christianity under Anunnaki influence, as well as other parallel religions such as Islam, and the suppression and elimination of the original Christianity, Gnostic Christianity. With the discovery of hidden Gnostic texts and teachings at Nag Hammadi in 1945, the way is now paved for our release from the reign of the Anunnaki.

lost book of enki pdf: DNA of the Gods Chris H. Hardy, 2014-03-21 An in-depth study of humanity's Anunnaki origins and the Anunnaki battle for an intelligent versus enslaved humanity • Explains the genetic engineering of humanity by an Anunnaki scientist Ninmah • Shows how the concepts of sin and the inferiority of women arose from Enlil's will to keep humanity underdeveloped, clashing with Enki's and Ninmah's plan to make us equal in intelligence • Reveals how humanity's long history of conflict was shaped by the battle between Enki and his brother Enlil Further developing the revolutionary work of Zecharia Sitchin, Chris Hardy shows that the "gods" of ancient myth, visitors from the planet Nibiru, created us using their own "divine" DNA--first through DNA extraction from their own ribs' marrow and later by direct relations with early human females. Drawing upon multiple sacred texts, Hardy details the genetic engineering of humanity by Anunnaki scientist Ninmah, with the help of Enki and Hermes. She reveals how Ninmah's first female human creation, Tiamat/Eve, contained more alien DNA than the earlier male one, Adamu, and how the biblical Noah represents the perfection of her work. Examining the war between Anunnaki brothers Enki and Enlil, Hardy reveals how the concepts of sin and the inferiority of women were born out of Enlil's attempts to enslave and then wipe out humanity, repeatedly thwarted by Enki and Ninmah. The author further explains how the sacred sexuality taught to humans--still seen in Tantric practice--became suppressed millennia later by the patriarchal concept of original sin and how innocent Eve took the blame for the expulsion from Eden and fall from Grace. Showing that the god who created us was not the same god who expelled us from Eden, Hardy explains that there will be no apocalypse because the Good/Evil duality has never truly existed--it has been only enemy gods fighting and implicating humanity in the wake of their own competition for power. With a full psychological understanding of how the ancient "gods" have shaped humanity's ongoing history of conflict, we can move beyond the framework of "(my) Good versus (your) Evil" imposed by Enlil and begin to steer our own planetary destiny.

lost book of enki pdf: The Wars of Gods and Men Zecharia Sitchin, 1985 Eons ago, the Earth was a battlefield. Mighty armies clashed, led by giant warriors meticulously skilled in the art of combat. These wars would shape man's destiny and live on for centuries in legend, song and religious lore -- brutal and terrible conflicts that began lifetimes earlier on another planet. In the astonishing third volume of Zecharia Sitchin's *The Earth Chronicles*, the internationally renowned scholar parts the mists of myth and time to return to the violent beginnings of humanity -- employing ancient text, religious documents and archaeological findings to reconstruct epic events that support the existence of extraterrestrial god who once set nation against nation, army against army, and man against man.

lost book of enki pdf: *African Temples of the Anunnaki* Michael Tellinger, 2013-05-24 Archaeological proof of the advanced civilization on the southern tip of Africa that preceded Sumer and Egypt by 200,000 years • Includes more than 250 original full-color photographs of South Africa's circular stone ruins, ancient roads, prehistoric mines, large pyramids, and the first Sphinx • Reveals how these 200,000-year-old sites perfectly match Sumerian descriptions of the gold mining operations of the Anunnaki and the city of Enki • Shows how the extensive stone circle complexes are the remains of Tesla-like technology used to generate energy and carve tunnels straight into the Earth With more than 250 original full-color photographs, Michael Tellinger documents thousands of circular stone ruins, monoliths, ancient roads, agricultural terraces, and prehistoric mines in South Africa. He reveals how these 200,000-year-old sites perfectly match Sumerian descriptions of Abzu, the land of the First People--including the vast gold-mining operations of the Anunnaki from the 12th planet, Nibiru, and the city of Anunnaki leader Enki. With aerial photographs, Tellinger shows how the extensive stone circle and road complexes are laid out according to the principles of sacred geometry and represent the remains of Tesla-like technology used to generate energy and carve

immensely long tunnels straight into the Earth in search of gold--tunnels that still exist and whose origins had been a mystery until now. He reveals, with photographic evidence, that the human civilization spawned by the Anunnaki was the first to create many totems of ancient Egypt, such as the Horus bird, the Sphinx, the Ankh, and large pyramids, as well as construct an accurate stone calendar, at the heart of their civilization, aligned with the Orion constellation. He explores how their petroglyphs, carved into the hardest rock, are nearly identical to the hieroglyphs of Sumerian seals. Mapping thousands of square miles of continuous settlements and three urban centers--each one larger than modern-day Los Angeles--Tellingier provides the physical proof of Zecharia Sitchin's theories on the Anunnaki origins of humanity.

lost book of enki pdf: Emotional Healing For Dummies David Beales, Helen Whitten, 2009-12-10 At some point in their lives, most people will have thought: "He should never have said that" "How could she treat me this way?" "I feel guilty when I remember what I said to him" "I'm so angry I can't bear it" Usually, we don't feel that we can discuss these hurtful emotions, such as guilt, anger or jealousy, with our friends and families, let alone go to a GP for advice on dealing with them. We're a nation that bottles things up, dismissing anger, frustration, hatred and guilt as largely insignificant to our minds and bodies. But powerful emotions like these do affect us in a long-term way, not only mentally but also physically, and it's important to know how to get them under control before our health really suffers. This easy-to-follow, plain-English guide shows you why and how emotions can leave a physical scar, and talks about various life factors and influences that can lead to emotional stress. lost book of enki pdf: The Flood: the Akkadian Sources Natan Vaserman, 2020-03-17 The story of the primeval cataclysmic flood which wiped out all life on earth, save for one family, is found in different ancient Mesopotamian texts whence it reached the Biblical and Classical literary traditions. The present book systematically collects the earliest attestations of the myth of the Flood, namely all the cuneiform-written Akkadian sources - from the Old Babylonian to the Neo-Assyrian and Neo-Babylonian periods, including Tablet XI of the Epic of Gilgamesh -, presenting them in a new synoptic edition and English translation which are accompanied by a detailed philological commentary and an extensive literary discussion. The book also includes a complete glossary of the Akkadian sources.

lost book of enki pdf: The Earth Chronicles Handbook Zecharia Sitchin, 2009-03-27 An encyclopedic compendium of the myths and actual events from humanity's ancient civilizations that reveal the influence of visitors from the 12th planet--the Anunnaki • Offers easy access to the myriad characters and subjects covered by the seven books of The Earth Chronicles series • Provides alphabetical listings to the terminology of ancient civilizations concerning their gods, kings, cultures, and religions • Contains detailed summations, commentaries, and instructions for locating topics within all the author's books The Earth Chronicles series, a historical and archaeological adventure into the origins of mankind and planet Earth, began with the publication of the bestselling The 12th

Planet. The series is based on the premise that the myths from the world's earliest civilizations were in fact recollections of actual events and that the gods of ancient peoples were visitors to Earth from another planet--the Anunnaki, inhabitants of the 12th planet. The series' books include *The 12th Planet*, *The Stairway to Heaven*, *The Wars of Gods and Men*, *The Lost Realms*, *When Time Began*, *The Cosmic Code*, and *The End of Days*, all products of the author's unmatched study of the ancient records of Sumer, Babylonia, Assyria, Israel, and Egypt and the civilizations of pre-Columbian America. Unearthing the hidden history of Earth and mankind, the series uses the past to unveil the meaning of the prophesied future. Zecharia Sitchin has created an encyclopedic compendium of the key figures, sites, concepts, and beliefs to provide a unique navigational tool through this entire opus. Entries are coded to indicate at a glance their cultural origin and contain summations, commentaries, and guidance for locating the topics within all of his books, including *Genesis Revisited*, *Divine Encounters*, *The Lost Book of Enki*, *The Earth Chronicles Expeditions*, and *Journeys to the Mythical Past*.

lost book of enki pdf: *The Lost Civilization of Lemuria* Frank Joseph, 2006-05-17 A compelling new portrait of the lost realm of Lemuria, the original motherland of humanity • Contains the most extensive and up-to-date archaeological research on Lemuria • Reveals a lost, ancient technology in some respects more advanced than modern science • Provides evidence that the perennial philosophies have their origin in Lemurian culture Before the Indonesian tsunami or Hurricane Katrina's destruction of New Orleans, there was the destruction of Lemuria. Oral tradition in Polynesia recounts the story of a splendid kingdom that was carried to the bottom of the sea by a mighty "warrior wave"--a tsunami. This lost realm has been cited in numerous other indigenous traditions, spanning the globe from Australia to Asia to the coasts of both South and North America. It was known as Lemuria or Mu, a vast realm of islands and archipelagoes that once sprawled across the Pacific Ocean. Relying on 10 years of research and extensive travel, Frank Joseph offers a compelling picture of this motherland of humanity, which he suggests was the original Garden of Eden. Using recent deep-sea archaeological finds, enigmatic glyphs and symbols, and ancient records shared by cultures divided by great distances that document the story of this sunken world, Joseph painstakingly re-creates a picture of this civilization in which people lived in rare harmony and possessed a sophisticated technology that allowed them to harness the weather, defy gravity, and conduct genetic investigations far beyond what is possible today. When disaster struck Lemuria, the survivors made their way to other parts of the world, incorporating their scientific and mystical skills into the existing cultures of Asia, Polynesia, and the Americas. Totem poles of the Pacific Northwest, architecture in China, the colossal stone statues on Easter Island, and even the perennial philosophies all reveal their kinship to this now-vanished civilization.

lost book of enki pdf: *Wars of the Anunnaki* Chris H. Hardy, 2016-07-18 Examines the Anunnaki gods' evolving relationships with humanity, their power struggles, and the details of their nuclear war on Earth • Analyzes the crisis and rationale behind the Anunnaki decision to nuke 5 cities in the Jordan plain, resulting in the obliteration of Sumerian civilization • Draws upon the work of Zecharia Sitchin, the Book of Genesis, Sumerian clay tablets, and archaeological evidence such as ancient radioactive skeletons • Examines the Anunnakis' lack of higher consciousness, their reliance on technology, their sacred power objects and sacred geometry, and the possibility of Anunnaki bases on Mars in the distant past The detonation of nuclear weapons in the 20th century was not the first time humanity has seen such terrible destruction. Drawing upon the work of Zecharia Sitchin, the Book of Genesis, Sumerian clay tablets, and archaeological evidence such as ancient radioactive skeletons, Chris Hardy reveals the ancient nuclear event that destroyed the Sumerian civilization and the power struggles of the "gods" that led up to it. The author explains

how the Anunnaki came to Earth from the planet Nibiru seeking gold to repair their ozone layer. Using genetic engineering, they created modern humanity to do their mining work and installed themselves as our kings and our gods. Anunnaki god Enki had a fatherly relationship with the first two humans. Then Enlil, Enki's brother, took over as Commander of Earth, instating a sole-god theocracy and a war against the clan of Enki and humanity for spoiling the Anunnaki bloodlines through interbreeding. This shift imposed a blackout not only of the very human nature of the Anunnaki "gods" but also of humanity's own ancient past on Earth. Two of Enlil's attacks against the Enki clan and humanity are described in the stories of the Deluge and the Tower of Babel. His final attempt, after coercing the Assembly of the Gods into voting yes, was the nuclear bombing of 5 cities of the Jordan plain, including Sodom and Gomorrah, which resulted in the destruction of the Sumerian civilization and the Anunnakis' own civilization on Earth, including their space port in the Sinai. The author reveals how, after each attempt, humanity was saved by Enki, chief scientist Ninmah, and Enki's son Hermes. The author explores how the Anunnakis' reliance on technology and their recurrent wars caused them to lose touch with cosmic consciousness. And she reveals how we will be doomed to repeat this dynamic until humanity awakens to our true origins.

lost book of enki pdf: Children of Enki Prophet N Gaug, 2020-09-05 Throughout eons, mankind has tried to preserve their culture and history. For millennia history was bequeathed from one generation to the next orally. However, in 8,600 B.C. there was a breakthrough, writing! This took form in the Jiahu symbols. Unfortunately, as long as people have been writing with good intentions others employ ancient writings to disguise their own egotistical intents. A perfect example of this in practice is called religion. Some people thousands of years ago surveyed their surroundings and chose to record what they saw and experienced. Little did they know that thousands of years after they had deceased avaricious clergy members would hijack their ancient history books and utilize them to exploit others in their self-interest. They deny the veracity of the ancient's literary works and dismiss them as mythology which would be immensely belittling to their authors. For many years the Abrahamic hierarchy have gradually pushed through their ever tedious and cunning propaganda, that the gods you should believe in are spiritual. This book is written to restore credibility to ancient authors and unveil the true connotation of their works.

lost book of enki pdf: Anunnaki Theory Authenticated with a New Twist Shafak GokTurk, 2018-06-16 What do all books about the Anunnakis have in common? The answer doesn't really matter because in this book Shafak GokTurk brings a different perspective on the subject, one that will take you to another dimension of reality in our world. Ever wonder how humankind was able to make such tremendous progress over the last 2,000 years? Why is leadership of the world shifting from East to West in politics, economics, and technology? GokTurk makes significant claims that will answer some of these questions and may radically change your viewpoint on the world. Unlike some authors who claim the Anunnakis left our world, GokTurk historically and methodically proves that

they remain and have had a significant impact on our lives. The two main groups of Anunnaki—Enlil and Enki—are still active and have always been. A shift of power from one to the other that will reshape our world in the near future is imminent. Will this shift of power bring peace and prosperity, or are we destined to take a turn for the worse? Reading this book will enlighten you about various topics: who Admiral Byrd had a conversation with; Who is Shem to the great Rumi? What are the messages that these people were trying to give us? Do Anunnakis take humans into their society by allowing them to live forever? Purchase the book now to see the world order from a new perspective, as we come closer to meeting our true ancestors in 2060 (?).
