poem for balloon release memorial: 13th Balloon Mark Bibbins, 2020-02-22 O, The Oprah Magazine, 42 Best LGBTQ Books of 2020 NPR's Favorite Books of 2020 In his fourth collection, 13th Balloon, Mark Bibbins turns his candid eye to the American AIDS crisis. With quiet consideration and dark wit, Bibbins addresses the majority of his poems to Mark Crast, his friend and lover who died from AIDS at the early age of 25. Every broken line and startling linguistic turn grapples with the genre of elegy: what does it mean to experience personal loss, Bibbins seems to ask, amidst a greater societal tragedy? The answer is blurred— amongst unforeseen disease, intolerance, and the intimate consequences of mismanaged power. Perhaps the most unanswerable question arrives when Bibbins writes, “For me elegy/ is like a Ouija planchette/ something I can barely touch/ as I try to make it/ say what I want it to say.” And while we are still searching for the words that might begin an answer, Bibbins helps us understand that there is endless value in continuing—through both joy and grief—to wonder.

poem for balloon release memorial: Gabriel Edward Hirsch, 2014-09-02 Longlisted for the 2014 National Book Award Never has there been a book of poems quite like *Gabriel*, in which a short life, a bewildering death, and the unanswerable sorrow of a father come together in such a sustained elegy. This unabashed sequence speaks directly from Hirsch's heart to our own, without sentimentality. From its opening lines—"The funeral director opened the coffin / And there he was alone / From the waist up"—Hirsch's account is poignantly direct and open to the strange vicissitudes and tricks of grief. In propulsive three-line stanzas, he tells the story of how a once unstoppable child, who suffered from various developmental disorders, turned into an irreverent young adult, funny, rebellious, impulsive. Hirsch mixes his tale of *Gabriel* with the stories of other poets through the centuries who have also lost children, and expresses his feelings through theirs. His landmark poem enters the broad stream of human grief and raises in us the strange hope, even consolation, that we find in the writer's act of witnessing and transformation. It will be read and reread.

Many of his poems were published in the regionalist periodicals of the time, including the *Midland*, and by the great regional presses, including Carroll Coleman's *Prairie Press*. Drawing on his experiences as a farmer, Hearst wrote with a distinct voice of rural life and its joys and conflicts, of his own battles with physical and emotional pain (he was partially paralyzed in a farm accident), and of his own place in the world. The bereaved desires to say something meaningful, yet services are often held so quickly that there is little time to find something appropriate at the library or bookstore. This book is a collection of poetry and prose appropriate for reading at a funeral or memorial service. To assist the reader in finding a suitable passage, the book is divided into eleven chapters. There are tributes for mothers; fathers; children; spouses and soulmates; friends; siblings and other close relatives; soldiers and victims of war or violence; pets; and general readings appropriate for men, women, or any loved one. These selections will also prove helpful for clergy, counselors, and hospice, hospital, and funeral professionals. Appendices list resources and support organizations, and each selection is indexed by author, title, and first line. A special additional index references pieces by famous uses, such as in a film, novel, or celebrity's funeral, so readers can locate a passage they remember from its context.

poem for balloon release memorial: Living Through Loss Nancy R. Hooyman, Betty J. Kramer, 2008 Hooyman and Kramer's starting point is that loss comes in many forms and can include not only suffering the death of a person one loves but also giving birth to a child with disabilities, living with chronic illness, or being abused, assaulted, or otherwise traumatized. They approach loss from the perspective of the resilience model, which acknowledges the capacity of people to integrate loss into their lives, and write sensitively about the role of age, race, culture, sexual orientation, gender, and spirituality in a person's response to loss. - from publisher information.

poem for balloon release memorial: *Beyond the Rainbow Promise* Robert M. Ottman, 2016-10-04 The storms of life, they are yours and they are mine. These storms can seemingly take on a life all of their own, controlling the minute to minute that then become our lives. They bring about outcomes we don't want, leaving chaos and pain in their wake. What happens to the human spirit when catastrophe strikes unannounced? This is a story about a mournful soul who loses his footing as he journeys against formidable foes. The kind of foes that threaten life as we know it. It is the story of a giving God who loves us in spite of ourselves. It is a story that defines who we become. This is my story! It is a real life story about the storms of life, the catastrophic kind the kind that threatens life, the kind that creates unprecedented chaos. It is the story about a young woman and her battle against a formidable foe, an enemy so strong that it wreaks havoc on the human form. It is the story about a move to a new land amidst the chaos that ensues, and a young child, who develops suspicious symptoms, foretelling a future no one asked for or wanted. This is not another self-help book from a leading and studied expert. I am not that guy. I did want to write a meaningful story, one that I lived, and partner it up with soulful and heartfelt thoughts and insights that will resonate with you, and help you find your own way forward through some kind of adversity, should it land on your doorstep, unannounced! After all, we are all in this game of life together. *Beyond The Rainbow Promise* is a heartfelt journey through the darkest of days, where lives hung in the balance, and life as I knew it was at risk. Multiple attacks on my spirit beat me so low I think I'll never get back up and face another, painful day. So what happens to my heart, my spirit, as I journeyed through the darkest of days? And where was God when I needed Him most?

poem for balloon release memorial: Paul Klee Kathryn Porter Aichele, 2006 Contextual analogies reveal that Klee matched wits with Christian Morgenstern, rose to the provocations of Kurt Schwitters, and gave new form to the Surrealists' exquisite corpses. By the end of his life Klee discovered his own poetic voice in alphabet drawings that read as anagrams and pictorial poems that challenge conventional distinctions between verbal and visual forms of expression. Paul Klee, Poet/Painter is a case study in the reciprocity of poetry and painting in early modernist practice. It introduces readers to a little-known facet of Klee's creative activity and re-evaluates his contributions to a modernist aesthetic.--BOOK JACKET.

poem for balloon release memorial: Prisoner of Conscience Kenneth Kennon, 2002-01-17

This memoir relates one Americans compelling journey of conscience that culminated in a federal prison sentence for a peaceful act of resistance. Kennon was one of twenty-five Americans in a single federal trial to receive the maximum sentence for a petty offense. Six months for a Class B misdemeanor and a \$3,000 fine. The introduction, a fast-forward through this offenders life story, clearly reveals the motivations and consequences of this clergymans purposeful act of resistance, in the spirit of Gandhi and King and in the face of a governmental threat of prison time. Chapters 1 through 7 are taken from his contemporaneous prison journal and letters to family members. They tell how he was dealing with what happened each month during the time he was incarcerated. Over the years I have studied corrections as a sociologist and visited inmates as a clergyman. It is a very different experience being a prisoner, writes Kennon. He paints prison life with a mixture of pain and humor that captures the ironic picture of a correctional institution bent on retribution without rehabilitation. Mingled among these pages are his prison poems, reflections, and articles, as well as selected excerpts from wise writings he encountered during his time there. An epilogue gives a glimpse into what has happened since his release and a brief update on the struggle for peace that caused him, and scores of other Americans, to become prisoners of conscience.

poem for balloon release memorial: The Grief Survival Guide Jeff Brazier, 2017-06-01 Jeff Brazier has experienced bereavement in many forms: In his childhood, helping his two boys through the devastating death of their mother, Jade Goody, witnessing the anguish of his own mum when she lost both of her parents, and hearing the stories of his coaching clients who are coming to terms with loss. No one can be an expert on grief, but within this book Jeff provides support and guidance from someone who has been there. Accessible and hands-on The Grief Survival Guide offers practical advice on everything from preparing for the eventuality of death, managing grief, how best to support family and friends, and moving forward. There is no 'one size fits all' approach so instead Jeff teaches us that the best we can do is understand, cope and survive.

poem for balloon release memorial: The Origins of Criticism Andrew Ford, 2009-01-10 By literary criticism we usually mean a self-conscious act involving the technical and aesthetic appraisal, by individuals, of autonomous works of art. Aristotle and Plato come to mind. The word social does not. Yet, as this book shows, it should--if, that is, we wish to understand where literary criticism as we think of it today came from. Andrew Ford offers a new understanding of the development of criticism, demonstrating that its roots stretch back long before the sophists to public commentary on the performance of songs and poems in the preliterate era of ancient Greece. He

pinpoints when and how, later in the Greek tradition than is usually assumed, poetry was studied as a discipline with its own principles and methods. *The Origins of Criticism* complements the usual, history-of-ideas approach to the topic precisely by treating criticism as a social as well as a theoretical activity. With unprecedented and penetrating detail, Ford considers varying scholarly interpretations of the key texts discussed. Examining Greek discussions of poetry from the late sixth century B.C. through the rise of poetics in the late fourth, he asks when we first can recognize anything like the modern notions of literature as imaginative writing and of literary criticism as a special knowledge of such writing. Serving as a monumental preface to Aristotle's *Poetics*, this book allows readers to discern the emergence, within the manifold activities that might be called criticism, of the historically specific discourse on poetry that has shaped subsequent Western approaches to literature.

poem for balloon release memorial: *Elizabeth Bishop in Brazil and After* George Monteiro, 2012-09-06 The life and career of American poet and writer Elizabeth Bishop falls into two distinct segments: the pre-Brazil years and the Brazil years and beyond. A creature of displacement from childhood, Bishop traveled to Brazil at the age of 40 for a two-week trip and unexpectedly stayed for most of the next two decades, a sojourn that marked her work indelibly. This study explores how Bishop's personal and literary experience in Brazil influenced her work culturally, historically, and linguistically, while she was in Brazil and following her return to the United States. Focusing on the Brazilian characteristics of Bishop's work as well as some of the major poems she composed before settling in Brazil, this volume offers fresh perspective on one of the 20th century's most celebrated writers.
