rodgers and hammerstein cinderella script: The Complete Lyrics of Oscar Hammerstein II Oscar Hammerstein II, 2008-11-25 From every "beautiful mornin'" to "some enchanted evening," the songs of Oscar Hammerstein II are part of our daily lives, his words part of our national fabric. Born into a theatrical dynasty headed by his grandfather and namesake, Oscar Hammerstein II breathed new life into the moribund art form of operetta by writing lyrics and libretti for such classics as Rose-Marie (music by Rudolf Friml), The Desert Song (Sigmund Romberg), The New Moon (Romberg) and Song of the Flame (George Gershwin). Hammerstein and Jerome Kern wrote eight musicals together, including Sweet Adeline, Music in the Air, and their masterpiece, Show Boat. The vibrant Carmen Jones was Hammerstein's all-black adaptation of the tragic opera by Georges Bizet. In 1943, Hammerstein, pioneer in the field of operetta, joined forces with Richard Rodgers, who had for the previous twenty-five years taken great strides in the field of musical comedy with his longtime writing partner, Lorenz Hart. The first Rodgers and Hammerstein work, Oklahoma!, merged the two styles into a completely new genre—the musical play—and simultaneously launched the most successful partnership in American musical theater. Over the next seventeen years, Rodgers and Hammerstein wrote eight more Broadway musicals: Carousel, Allegro, South Pacific, The King and I, Me and Juliet, Pipe Dream, Flower Drum Song, and The Sound of Music. They also wrote a movie musical (State Fair) and one for television (Cinderella). Collectively their works have earned dozens of awards, including Pulitzers, Tonys, Oscars, Grammys, and

Emmys. Throughout his career, Hammerstein created works of lyrical beauty and universal feeling, and he continually strove—sometimes against fashion—to seek out the good and beautiful in the world. “I know the world is filled with troubles and many injustices,” he once said. “But reality is as beautiful as it is ugly . . . I just couldn’t write anything without hope in it.” All of his lyrics are here—850, more than a quarter published for the first time—in this sixth book in the indispensable Complete Lyrics series that has also brought us the lyrics of Cole Porter, Lorenz Hart, Ira Gershwin, Irving Berlin, and Frank Loesser. From the young scribe’s earliest attempts to the old master’s final lyric—“Edelweiss”—we can see, read, and, yes, sing the words of a theatrical and lyrical genius.

rodgers and hammerstein cinderella script: Musical Stages Richard Rodgers, 1975

rodgers and hammerstein cinderella script: The Rodgers and Hammerstein Encyclopedia Thomas S. Hischak, 2007-06-30 Still the most influential and popular songwriting team in the history of the American Musical Theatre, Richard Rodgers and Oscar Hammerstein represent Broadway musicals at their finest. The team revolutionized the musical play with Oklahoma! in 1943 and then went on to explore territory never put on the musical stage before in such beloved shows as Carousel, South Pacific, The King and I and The Sound of Music. The team also worked in film, as with State Fair, and in the new medium of television, with Cinderella. For the first time, the lives, careers, works, songs, and themes of Rodgers and Hammerstein have been gathered together in an encyclopedia that covers the many talents of these men. In addition to their plays and films together, every work that each man did with other collaborators is also discussed. Hundreds of their songs are described, and there are entries on the many actors, directors, and other creative artists who they worked with. A complete list of awards, recordings, and books about the team are included, as well as a chronology of everything either man wrote. But The Rodgers and Hammerstein Encyclopedia is not just about facts. It explains their work, explores themes in their musicals, and illustrates why they remain a driving force in the American Theatre. This is the first encyclopaedia to look specifically at the careers and works of Rodgers and Hammerstein, covering all their musicals together for stage, screen and television, but also everything they wrote with others. The purpose is to create a comprehensive guide to the American Musical Theatres foremost collaboration. The encyclopedia is (1) comprehensive, describing the works, the people involved in those works, and many of their famous songs; (2) up-to-date, including the most recent revivals of their works and new recordings of their scores; and (3) easy to use, being alphabetically arranged with cross-reference listings, chronological lists, lists of awards and recordings, and bibliographic information for further reading.
