In his commentary on the Bhagavad Gita, however, he set forth a philosophy of life which also recognised other ways of spiritual development -- such as Yoga, devotion to God, and the analytical penetration of Samkhya. Here, Madhusudana gave the highest place to the cultivation of devotion. The present work of Madhusudana, the Gudhartha Dipika (an Annotation Revealing the True Import of the Gita) is probably the greatest of his many literary works. Though there are many classical commentaries on the Gita, this work stands next only to Sri Shankaracharya's commentary as regards clarity, depth, and originality.

rudrabhishekam pdf: *Varshphal (Annual Predication)* S.P. Gour, Parashari Jaimini and Tajik are the three most popular systems of Vedic Astrology. Parashar gives more importance to the planets while Jaimini considers the rashis to be more important. Tajik is mainly used in Prashna Shastra and in Varshaphal. Tajik diverts slightly always from the main stream of the traditional methods and employs newer techniques of Astrology. 'Tajik Neelakanthi', of Acharya Neelakantha, which was composed in the 16th century AD, is the base of Taik Jyotish. This does not mean that Varshaphal and Prashna techniques were not practised in vedic Astrology before this. 'Uttar

Kalamrit' of Kalidas mentions and describes the computation of Varshaphal dasha which is different from the 'Mudda dasha' of Varshaphal. Apart from this, 'Shat Panchashikha' of Prithyushyas is the established classic of Prashna Shastra, which was composed centuries before 'Tajik Neelakanthi'. Ancient Kairaleeya Jyotish is also well known for considering Prashna to be their main technique. The influence of Greek and Arab culture is clearly seen on the word 'Tajik'. Arrival of the invaders from Western Asia initiated the exchange of culture between India and West Asia. This exchange introduced some newer techniques to our Vedic Astrology. One of these techniques was Tajik. This has been marked as the beginning of Tajik jyotish. Tajik word does not belong to Sanskrit. There are different opinions regarding this issue. Some scholars consider it to be a distorted form of the word 'Jatak'. Another view is that meaning of Tajik is a horse in Turkish and Persian language. The speed of this technique has been compared to that of a horse and for this reason it has been named Tajik. In any case the influence of Mohammedans on this knowledge is very clear. This is also confirmed by the other words of Tajik, namely mudda, muntha, saham and the names of the Tajik yogas like Ithasal, Ikkabal, Ishraf, nakta, radda and khallasar etc. Moving at the average speed of 1° per day, Sun completes one round of the Zodiac in one year. For casting the annual horoscope we select the time when Sun reaches the longitude of the natal Sun. The horoscope cast for that date and time becomes the annual horoscope and the Varshaphal is decided on the basis of this horoscope. In a similar manner prediction for any year of the person's life can be given on the basis of the annual horoscope. In other words the annual horoscope is based on the longitude of the natal Sun and not on the date and time of birth. This also means that the date, day and time of the annual horoscope is generally different from that of the birth horoscope.

rudrabhishekam pdf: Reviving Hinduism Prakasarao Velagapudi Ph D, 2017-06-15 Over the years, Hindus have slowly forgotten the amazing treasures that are hidden in the land of Bharath. The resilience of Hindu mind; suppleness of its soul; suppleness of Hindu character; gracefulness of Hindu cultures; equanimity of Hindu moral compass; gracefulness of Hindu traditions; the inner strength of Hindu scriptures; sacredness of rivers, mountains, animals and trees; the genuineness of the simple living and high thinking; the astounding principles of ahimsa - belief in nonviolence, grandeur of the principle of Vasudaika Kutumbam; the potency of spiritual life and glory that was and is Bharath; and all-embracing live and let live principles are the gems that are essential for the survival of Hinduism and human race itself. The richness of Bharath was clouded by ignorance, her glory seared with communalism, enveloped with the fog of secularism. The Hindu pride was tarnished with greed and smeared with Macaulysm. The future of Bharath looks bleak, depressing and miserable. Bharath Mata is attacked from all quarters. She is not even spared by vocal Hindu secularists, liberals and communists. Media has created havoc by denouncing the Hindus, Saints and Hindu organizations and leaders. Beneath every Hindu, there is the presence of divinity, dharma, spirituality and ahimsa. Somehow, he has forsaken the ancient richness and allowed it to be smeared with greed, name, fame, power, position, wealth and recognition that only satiate the present not the future. Divine intervention can only reverse the trend and malaise. Hinduism is being attacked by selected Hindus as well as the two Abrahamic religions. Patience, tolerance and ahimsa made Hinduism a defenseless religion in the world. It has become a soft target with no retaliation or any plan to protect itself from enemies both within and without. Unlike other two major religions, Hinduism does not preach for expansion, does not believe in terrorism and does not practice deceptive techniques to convert people; nor do they believe in the expansion through conversion techniques. Their emphasis is on the development of the individual, self-improvement and enlightenment.

rudrabhishekam pdf: Vedic Physics Raja Ram Mohan Roy, 2023-02 The ?igveda is the first book of humankind and the most sacred scripture of Hinduism. It also happens to be the most ill-understood book of our times. Despite the extensive study by academic and religious scholars, the

purpose and meaning of the ?igveda and many ancient Hindu scriptures remain unclear. In this pathbreaking book, the discovery of the ?igveda as a book of ancient cosmology is described, and related to the seals of ancient Indus Valley Civilization, thereby challenging our perception of humanity. The Vedas have always been lauded as containing the secrets of cosmogenesis. Raja Roy in his remarkable book shows how this is true not only from the yogic vision but according to the latest insights of modern physics. The book takes the reader on a vast panoramic journey through the universe of matter, mind and human history as well. David Frawley (Vamadeva Shastri), Director, American Institute of Vedic Studies Roy presents a new framework for the understanding of the Vedic hymns from the point of view of physics and then he draws parallels with recent theories on the nature of the universe. We celebrate the new path he has hewn through the bush of old scholarship. Professor Subhash Kak, Oklahoma State University

From our experience we can surmise that the feeling of love is the most pleasing and gives us ecstasy and pleasure. The feeling of love is cherished by all and the exchange of feelings of love is remembered fondly within our hearts. Love nourishes us and really love is our life. Without love life is meaningless. Indeed the meaning of life is love. Our present education system does not teach students the meaning of life. The tragedy of life is that, consequently, a person may go through life without ever knowing the meaning of life or why he came to this world in the first place.

rudrabhishekam pdf: *Loving God* N. Kasturi, 2014-07-30 This is the biography of Professor N. Kasturi, the chosen biographer of Bhagawan Sri Sathya Sai Baba. This book is his autobiography, his story, his journey to the feet of the Lord, Bhagawan Sri Sathya Sai Baba. In his own words, Each of us has to live the volume of biography, which we bring with us, as often as we are born, page after page, chapter after chapter, howsoever punctuated with dots and dashes, interrogations and

exclamations, commas and colons, until the sentence ends ultimately with a Full Stop. But, luckily, I have as my inseparable companion and counsel, Bhagawan Himself; He dots the i's and crosses the t's as I live the lines on every page. He has made the Book of Life, my biography - momentous and meaningful for me. I must, however, confess that I do not deserve this book on me, by me. There are, I know, millions, who are absorbing the Love of the Living Loving God much deeper, who can, therefore, stand forth as messengers of His Love. They can lead the unloved and the unloving with surer and firmer steps, to the Presence of the Redeemer, the Comforter, the Saviour, the Avatar, the Sai. Nevertheless, when Bhagawan manifested a faint, favourable interest, when someone ventured to whisper to me in His Presence, that a bunch of my reminiscences may be welcomed by many, I was promoted by that smile to embark on this audacious adventure. My memory assumed the role of Chief Editor and hence, the chronicle suffers from imperfect chronology. Since the four parts of "Sathyam Sivam Sundaram" relate most of that I have yearned to communicate, this book has become a personal testament, often perhaps too personal to be tolerated, for which act of indiscretion, I ask for pardon. Flattery is the food of fools, say those, who are denied that pabulum. I dare not deny my taste, for I have been fooled by flatterers, who threw appellations like poet, scholar, linguist, humourist, philosopher, and even ant-hill sage! Please dear reader, remember that I am struggling my best to eliminate the poison of the ego and sympathise with me, whenever you find the reptile raising its hood between the lines of this book. A few 'old students' of my classes at the University, my grandson, his wife, and a few brothers at Prasanthi Nilayam demanded that I should not give up the work and insisted on the completion of the book. As a result, this book, 'Loving God' is now placed at the Feet of the Lord and on the palms of those, who live in the Love of the Lord. Jai Sai Ram.

rudrabhishekam pdf: Dhyana Vahini Bhagawan Sri Sathya Sai Baba, 2014-04-04 Bhagawan says that treading the spiritual path is like walking on a razor's edge. One has to be ever vigilant, train the mind to dwell on the Lord constantly. To quote Bhagawan, Control the senses, which run helter-skelter; then, the origins of the disease will be destroyed. Let the mind keep a watch over its gymnastics; dam up the mad flood of thoughts and plans and schemes; then, there will be no room for worries and anxieties in the mind. To diminish the wanderings of your thoughts, repeat the name of the Lord; that will keep out your sorrows and troubles. Without the effacement of the mind, spiritual wisdom cannot dawn. The full person is one, who has succeeded in this. One should practise meditation assiduously, since it is the basis of all spiritual practice (Sadhana). Bhagawan says that one should fasten the mind on the Lord and keep off all other thoughts from the mental plane. That is the full fruition of meditation. For aspirants, who want to lead a God-centric life, careful reading of this Vahini will help them to reach the goal of life.
