The Importance of Sermons for Nursing Homes

Sermons for nursing homes are essential in addressing the spiritual needs of elderly individuals who may face physical limitations, loneliness, or emotional challenges. Many residents experience a sense of isolation from their previous communities and families, making spiritual care a crucial component of their overall well-being. These sermons provide encouragement, foster a sense of community, and help residents maintain a hopeful perspective on life. Moreover, faith-based messages can offer comfort during times of grief, illness, or uncertainty, reinforcing the belief in divine support and eternal promises.

Spiritual Care as a Vital Component of Elderly Well-being

Spiritual care through sermons plays a significant role in enhancing the mental and emotional health of nursing home residents. Numerous studies have shown that spiritual engagement can reduce feelings of depression and anxiety among the elderly. Sermons tailored for nursing homes often emphasize themes of peace, forgiveness, and God's everlasting love, which resonate strongly with seniors. This spiritual nourishment complements physical and emotional care, creating a holistic approach to health.

Building a Sense of Community and Support

Regular sermons foster a sense of belonging among nursing home residents. Group worship and shared spiritual experiences can alleviate feelings of loneliness and social isolation. These gatherings encourage interpersonal connections, allowing residents to support one another through shared faith and fellowship. Sermons for nursing homes thus serve both spiritual and social functions, promoting overall quality of life.

Preparing Effective Sermons for Elderly Audiences

Creating sermons for nursing homes requires thoughtful preparation that considers the unique characteristics of elderly audiences. Messages should be clear, concise, and relatable, avoiding complex theological jargon or overly lengthy discourse. The tone must be compassionate and respectful, acknowledging the life experiences and challenges faced by senior listeners. Preparation also involves selecting scriptures and stories that provide hope, reassurance, and practical encouragement.

Understanding the Audience's Needs

An essential step in sermon preparation is understanding the physical, cognitive, and emotional needs of nursing home residents. Many may have hearing difficulties, memory impairments, or limited attention spans. Sermons should be designed to accommodate these factors by speaking slowly, using repetition, and incorporating familiar biblical passages. Additionally, acknowledging common concerns such as health struggles, loss, and spiritual doubts helps create relevant and empathetic messages.

Scripture Selection and Message Focus

Choosing appropriate scripture passages is fundamental when crafting sermons for nursing homes. Passages that emphasize God's faithfulness, comfort in suffering, and the promise of eternal life are particularly impactful. Examples include Psalms of comfort, the Beatitudes, and Pauline letters that discuss hope and perseverance. The message focus should align with these themes to inspire confidence and peace among listeners.

Structuring the Sermon

A well-structured sermon enhances comprehension and retention. A simple format includes an introduction that captures attention, a clear explanation of the scripture, practical applications, and a concluding encouragement. Incorporating brief anecdotes or testimonies can also engage the audience by illustrating spiritual truths in real-life contexts.

Recommended Themes and Topics for Sermons

Sermons for nursing homes benefit from themes that address the spiritual and emotional realities of aging. Selecting subjects that speak to hope, faith, and the journey of life encourages reflection and spiritual growth. Below are some commonly effective themes for nursing home sermons.

- God's Presence in Times of Illness and Pain
- Hope and Assurance of Eternal Life
- Forgiveness and Reconciliation
- Gratitude and Counting Blessings
- Faithfulness Through Life's Seasons
- Peace in the Midst of Anxiety
- Legacy and Passing on Spiritual Wisdom

God's Presence in Times of Illness and Pain

Many residents face chronic health issues or physical limitations. Sermons focusing on God's presence during suffering provide comfort and reassurance that they are not alone. Scriptures such as Isaiah 41:10 and Psalm 23 can reinforce the message that God is a constant source of strength and refuge.

Hope and Assurance of Eternal Life

Addressing the hope of eternal life helps residents find peace with their mortality. Emphasizing the promises found in John 14:1-3 and 1 Thessalonians 4:13-18 offers encouragement and diminishes fear of death.

Delivery Techniques for Engaging Nursing Home Residents

The effectiveness of sermons for nursing homes depends heavily on the delivery method. Ministers and caregivers must employ techniques that maintain attention and foster interaction. This involves clear articulation, appropriate pacing, and incorporating elements that make the message memorable.

Using Simple and Clear Language

Clear communication is critical when addressing elderly audiences. Avoiding complex vocabulary and theological terms helps ensure understanding. Speaking slowly and enunciating words carefully aids those with hearing difficulties. Pausing briefly after key points allows listeners to absorb the message.

Incorporating Interactive Elements

Engagement can be increased by including interactive elements such as asking rhetorical questions, inviting responses to familiar prayers or hymns, and encouraging sharing of personal experiences related to the sermon topic. This helps maintain attention and fosters a participatory atmosphere.

Utilizing Visual and Auditory Aids

When possible, using large print materials, visual aids, or audio recordings can support comprehension. Singing familiar hymns or playing gentle background music before or after the sermon can create a warm and inviting environment.

Challenges and Opportunities in Nursing Home Ministry

Ministering in nursing homes presents distinct challenges but also unique opportunities for spiritual growth and community building. Understanding these dynamics aids in delivering impactful sermons for nursing homes.

Overcoming Physical and Cognitive Barriers

Health issues such as hearing loss, dementia, and limited mobility can hinder effective communication. Adapting sermons to shorter lengths, using repetition, and providing one-on-one follow-ups can help overcome these barriers.

Building Trust and Consistency

Regular visits and consistent sermon delivery build trust with residents. This continuity fosters deeper relationships and allows for tailored spiritual care that meets evolving needs.

Encouraging Family and Staff Involvement

Including family members and nursing home staff in worship activities and sermon sessions can amplify the impact of spiritual care. It creates a supportive network that reinforces the

messages shared during sermons.

Frequently Asked Questions

What are effective themes for sermons in nursing homes?

Effective themes for sermons in nursing homes include hope, faith, comfort in trials, God's presence in old age, forgiveness, gratitude, and the promise of eternal life. These themes resonate with the experiences and spiritual needs of elderly listeners.

How can sermons be adapted for nursing home residents with hearing or cognitive impairments?

Sermons can be adapted by speaking slowly and clearly, using simple language, incorporating visual aids, repeating key points, and keeping messages concise. Engaging with familiar scriptures and stories also helps maintain attention and comprehension.

What Bible verses are particularly comforting for nursing home residents?

Bible verses such as Psalm 23, Isaiah 41:10, Psalm 46:1, John 14:1-3, and Romans 8:38-39 offer comfort and reassurance to nursing home residents facing health challenges, loneliness, or fear of death.

sermons for nursing homes: Graying Gracefully William J. Carl, 1997-01-01 When pastors look out over their congregations, there's a good chance that they see a lot of gray hair. This book gives practical instruction and examples of biblical and theological sermons to this growing population, enabling the preacher to proclaim the gospel more clearly for older adults. Covering topics from biblical and historical views of age to older adults' need for social justice, each chapter concentrates on the practical issues for preaching to this group and contains a sermon to illustrate the application of the principles discussed.

sermons for nursing homes: Finding Grace in the Face of Dementia John Dunlop, MD, 2017-07-14 There Is Hope . . . When a patient is diagnosed with dementia, it impacts not only the patient but also those who care for them. It can be devastating to watch loved ones lose the independence, personality, and abilities that once defined them, knowing there is no cure. How should Christians respond to a diagnosis of dementia? Experienced geriatrician Dr. John Dunlop wants to transform the way we view dementia—showing us how God can be honored through such a tragedy as we respect the inherent dignity of all humans made in the image of God. Sharing stories from decades of experience with dementia patients, Dunlop provides readers, particularly caregivers, with a biblical lens through which to understand the experience and challenge of this life-altering disease. *Finding Grace in the Face of Dementia* will help you see God's purposes as you love and care for those with dementia.

sermons for nursing homes: Nine Marks of a Healthy Church (3rd Edition) Mark Dever, 2013-08-31 Now in its third edition and featuring a new foreword by New York Times best-selling author David Platt, pastor Mark Dever's classic book is not an instruction manual for church growth.

Rather, it is a wise pastor's recommendation for how to assess the health of a church using nine crucial qualities often neglected by many of today's congregations. Church leaders and church members alike will resonate with the principles outlined here, breathing new life and health into the church at large. In this newly revised edition, fresh arguments have been added (for example on expository preaching, about the nature of the gospel, on complementarianism), illustrations have been updated, appendices have been changed, and cover has been improved.

sermons for nursing homes: *Interrupted by God* Tracey Lind, 2019-09-18 With camera in hand, Tracey Lind, dean of Trinity Episcopal Cathedral in Cleveland and an open lesbian, looks for and finds God on the edge of exclusion and embrace in *Interrupted by God: Glimpses From the Edge*. This powerful combination of black-and-white photographs and spare storytelling shares not only her spiritual journey but will introduce you to interruptions by God in unexpected people and places: Lisa, the homeless Christmas angel; Siah, the infant hope of her ancestors; Sally, who feasts on communion remnants; the Garbage Tree on Ellison Street; and Bacardi, the drunken Christ, among others.

sermons for nursing homes: *Simplify the Message* Talbot Davis, 2020-02-04 *Simplify the Message: Multiply the Impact* is designed to help preachers break through the noise of culture and the cauldron of church to deliver sermons with clarity, passion, and boldness. This book meets the needs of two cohorts in particular: 1) young preachers developing their skills who need structure, a process, and hope, and 2) more seasoned preachers who may have "settled" needing tools to invigorate their preparation and inspire their delivery. Paul told the Corinthians: "When I came to you, brothers and sisters, I didn't come preaching God's secrets to you like I was an expert in speech or wisdom. I had made up my mind not to think about anything while I was with you except Jesus Christ, and to preach him as crucified." (I Corinthians 2:1-2, CEB) Author Talbot Davis shares the insights and habits that will empower the reader's preaching and teaching to be: Both creative and disciplined; Both carefully prepared and thoroughly spontaneous; and Both rooted in history and connected to modernity. Simple is the opposite of simplistic. Sermons with clear & unmistakable focus are best able to plumb the depths not only of Gospel beauty but of the hearers' lives.

sermons for nursing homes: *An Age of Opportunity* Richard H. Gentzler, 2018-05-01 A companion to the author's earlier book *Designing an Older Adult Ministry* (Discipleship Resources, 1999), this book will provide new information and outline ways to develop and strengthen ministries by, with, and for older adults that can, and will, enhance the spiritual growth and well-being of people of all ages. The church is beginning to recognize that there are vast numbers of older people in its membership. It is becoming aware of its indebtedness to them for the leadership, support, service, and faith that has made the church of today possible. The church is uniquely positioned to help older adults respond to the challenges of aging; to see the tremendous potentialities in the lives of older adults for making the church and community better; and to assist older people as they experience new meaning and purpose in their later lives. Chapters include *Why Older-Adult Ministries?*; *Understanding the Aging Process*; *Aging and the Spiritual Journey*; *The New Seniors: Boomers?*; *Intentional Ministry by, with, and for Older Adults*; *Organizing for Intentional Ministry in the Local Church*; *Organizing for Intentional Ministry in the Conference*; *Congregational Care Ministry*; *Additional Ideas for Intentional Ministry*; and *Trends in Aging*. Appendixes include a *Facts about Aging* quiz, information on creating and using older adult surveys, and suggested resources for further reading and study.

sermons for nursing homes: *Ministry with the Forgotten* Bishop Kenneth L. Carder,

Kenneth H. Carter Jr., 2019-09-17 Dementia diseases represent a crisis of faith for many family members and congregations. Magnifying this crisis is the way people with dementia tend to be objectified by both medical and religious communities. They are recipients of treatment and projects for mission. Ministry is done to and for them rather than with them. While acknowledging the devastation of dementia diseases, Ken Carder draws on his own experience as a caregiver, hospice chaplain, and pastoral practitioner to portray the gifts as well as the challenges accompanying dementia diseases. He confronts the deep personal and theological questions created by loving people with dementia diseases, demonstrating how living with dementia can be a means of growing in faith, wholeness, and ministry for the entire community of faith. He also reveals that authentic faith transcends intellectual beliefs, verbal affirmations, and prescribed practices. Carder asserts that the Judeo-Christian tradition offers a broader lens, defining personhood in relationship to God's story and humanity's participation in God's mighty acts of creation and new creation; thereby contributing to hope, community, and self-worth. Pastors and congregations will be better equipped to minister with people affected by dementia, receiving their gifts and responding to their unique needs. They will learn how people with dementia contribute to the community and the church's life and mission, discovering practical ways those contributions can be identified, nurtured, and incorporated into the church's life and ministry.

sermons for nursing homes: Regulating Aged Care John Braithwaite, Toni Makkai, Valerie A. Braithwaite, 2007-01-01 'Regulating Aged Care is a significant achievement and addresses areas of personal caring which do not usually receive attention. [It] is an important book which draws attention to the central problems of providing care for large numbers of vulnerable people. . . [it] should be required reading on undergraduate and postgraduate courses relating to applied social science, health and medical sociology.' Alison M. Ball, Sociology 'This book provides an impressive evidence base for both theory development and reassessment of policy and practitioner responses in the field.' International Social Security Review 'They have given us a fascinating case study here, rich in detail, and masterfully interpreted against the backdrop of evolving regulatory strategy. It is rare indeed to find this depth of analysis made accessible, laced throughout with humanity, compassion, and humor.' Malcolm Sparrow, Harvard University, US 'This book offers an intelligent and insightful account of the development of nursing home regulation in three countries England, the USA and Australia. But, more than that, it intertwines theory and more than a decade of empirical work to provide a telling and sophisticated explanation of why and how good regulatory intentions often go awry, and what can be done to create systems of regulation which really work to produce improvement.' Kieran Walshe, University of Manchester, UK This book is a major contribution to regulatory theory from three members of the world-class regulatory research group based in Australia. It marks a new development in responsive regulatory theory in which a strengths-based pyramid complements the regulatory pyramid. The authors compare the accomplishments of nursing home regulation in the US, the UK and Australia during the last 20 years and in a longer historical perspective. They find that gaming and ritualism, rather than defiance of regulators, are the greatest challenges for improving safety and quality of life for the elderly in care homes. Regulating Aged Care shows how good regulation and caring professionalism can transcend ritualism. Better regulation is found to be as much about encouragement to expand strengths as incentives to fix problems. The book is underpinned by one of the most ambitious, sustained qualitative and quantitative data collections in both the regulatory literature and the aged

care literature. This study provides an impressive evidence base for both theory development and reassessment of policy and practitioner responses in the field. The book will find its readership amongst regulatory scholars in political science, law, socio-legal studies, sociology, economics and public policy. Gerontology and health care scholars and professionals will also find much to reflect upon in the book.

sermons for nursing homes: Words for Courageous Living Neal Carlson, 2007-12 The book contains 365 daily words for lion-like living. In a world of discouragement, one needs words of encouragement. The author encourages the reader to not let circumstances be bigger than they are. He takes a cue from Peter when Peter wrote as recorded in 1 Peter 5:12: My purpose in writing is to encourage you and assure you that the grace of God is with you no matter what happens. The author uses picture stories that will be remembered and drawn upon in the time of need to aid in courageous living. Neal Carlson lives with his wife of 48 years in a small seacoast town of Cayucos in Central California. He has been in the ministry over 50 years, having been called to his first church at age 19. Dr. Neal has held pastorates in the New Orleans, La. area, Chicago, Ill., Detroit, Mich., San Diego, Calif. and 29 years at the Community Church in King City, California. He holds a B.A., M.Div. and Ph.D and is currently president of Foundation for Living. As an internet pastor for Church in the Son, he and his wife, Nancy, provide words for courageous living world wide. The web address is: www.wordsforcourageousliving.com. In this book William Klempa presents for the first time in English thirteen sermons that offer Barth's unique view and commentary on the Great War. Barth saw the war as a unique time of God, believing it to represent God's judgment on militarism. The sermons reveal a deep strain of theological wrestling with the war's meaning, as Barth comes to see the conflict as the logical outcome of all human attempts to create God in our own image. As it demonstrates a decisive shift in Barth's early theology, this volume is essential for anyone who wishes to understand the twentieth century's greatest theologian.

sermons for nursing homes: *Applying the Sermon* Daniel Overdorf, 2009-08-28 Finally a tool to help Pastors shape applications that so many congregations have long desired. Even the most seasoned homileticians balk at sermon application. Why? Because application requires preachers to toss a grenade-like thus saith the Lord into people's lives, and to do so repeatedly. -From the introduction Despite the concern many pastors feel when it comes to sermon application, most homiletics texts devote little more than a chapter, if that, to this vital topic. Daniel Overdorf has filled this glaring gap with *Applying the Sermon*. This book equips preachers to develop sermon application that grows from the biblical text and addresses the needs of contemporary congregations. Each chapter includes snippets of interviews with five of today's most respected homileticians--Haddon Robinson, Will Willimon, Tom Long, Vic Pentz, and Bob Russell. A great addition to any pastoral library, and a valuable resource for Bible college and seminary courses, Overdorf's *Applying the Sermon* also includes an extensive bibliography and a sermon application worksheet to give pastors a chance to acquire hands-on experience with these techniques.

sermons for nursing homes: *Mighty Through God* Rev. Ginny Belasco Flynn, 2017-06-12 "The weapons of our warfare are not carnal but mighty through God to the pulling down of strongholds." —2 Corinthians 10:4 Part One: In *Mighty Through God*, Reverend Ginny Flynn shares about habits, roots, and strongholds. Weaving God's Word together with personal stories of her life, Reverend Ginny brings home the point that a bad habit can take root and if not dealt with, it can

become a stronghold that has more control over you than you have over that stronghold. Strongholds are a destructive grip controlling one's life. Part Two: Using The Weapons of Warfare—the Blood, God's Word, the Name of Jesus, Prayer, Praise, and Love, given by God—Mighty Through God shows how we can be victorious against the battles we face in every area of our lives.

sermons for nursing homes: *Earth's Farthest Bounds* Barry Blackstone, 2019-10-28 Return for a fifth time with Pastor Blackstone to the fabled land of India and discover more biblical precepts and life-changing concepts as he travels again with his good friend Shibu Simon to earth's farthest bounds. This time the Maine pastor will speak at three Indian graduations in three days in two different Indian states, witness a baptism in a cattle trough, get up close and personal with a temple elephant that had just blessed a house, and travel through eight Indian states in ten days while journeying the length and breadth of India in a four-thousand-mile odyssey. That odyssey will include visiting the Taj Mahal by water, the Red Fort of Agra, the Golden Temple of the Sikhs, a hostel in Delhi, and the guru caves of Udayagiri. Experience your first cycle rickshaw ride in Amritsar, your first rural hospital in Uttar Pradesh, your fifth Indian train ride through Haryana, and a surprising side-trip to Orissa. These encounters and experiences will cause you to think what is possible if you step out of your comfort zone and journey to earth's farthest bounds on business for the King of Kings and the Lord of Lords--Jesus Christ!

sermons for nursing homes: *In Search of Wisdom* Joyce Meyer, 2021-01-19 #1 New York Times bestselling author Joyce Meyer takes us on a journey through the wisdom of Proverbs that leaves us transformed and prepared to face daily choices and challenges. The book of Proverbs is a treasure trove of spiritual and practical wisdom that equips us to live our best lives. Knowledge is important, but if it isn't converted into action, it fails to create transformational change in our lives. It is important to gain a thoughtful and practical understanding of the seven foundational principles in the book of Proverbs: Wisdom, Understanding, Prudence, Knowledge, Discretion, Discernment, and Fear of the Lord. If we desire to possess these qualities, we must make a commitment to a deeper understanding and implementation of these values in our daily lives. Featuring inspiring questions to promote thoughtful reflection, *In Search of Wisdom* will enlighten you with God's understanding and teach you the foundational principles and secure God's help in practicing them.

sermons for nursing homes: Surviving Ministry Michael E. Osborne, 2016-05-06 Being a pastor has its rewards and pleasures. But churches can be unsafe places. They are filled with broken, imperfect people. Many ministers of the gospel walk into a church naive about the potential hazards of their vocation. They are vulnerable to difficult people, unresolved conflict, incompatible visions, hidden agendas, mission drift, and sin--their own and that of others. Other pastors feel trapped in a ministry hurricane and don't know what to do. They feel like failures. They're thinking about leaving the ministry. They are looking for help and hope--not from an expert detached from the real world of ministry--but from someone who has suffered through church hurricanes and lived to share the story. Moreover, they need to know they are not alone. *Surviving Ministry: How to Weather the Storms of Church Leadership* includes the author's own story as well as true stories from other pastors who have been in the eye of the hurricane. Discouraged ministers looking for biblical, practical, gospel-centered advice for storm proofing their churches, homes, and hearts have found a friend. *Surviving Ministry* will equip them to stay resilient before, during, and after seasons

of difficulty.

sermons for nursing homes: Second Forgetting Dr. Benjamin T. Mast, 2014-09-23 There is hope in Alzheimer's disease, but it isn't where most people look for it... Any form of dementia is terrifying and lonely for both the one suffering it and for those close to them. How do our relationships with those we love change with loss of memory or clarity of thought? What happens to our relationship with God? For those suffering from early-stage Alzheimer's, for their friends and family, community and church, this book will help you understand the disease itself, how to love and care for those affected by it, and how to see the hope that's greater than it: we may forget, but God always remembers. With pastoral tenderness and gospel confidence, Dr. Benjamin Mast shares his expertise on the subject and displays the power of the gospel that remains intact even when memory fades. *Second Forgetting* provides: Up-to-date answers to common questions about the disease and its effect on personal identity and faith. Personal stories of those affected and the loved ones who care for them and what their experiences were like—where they found hope and how they most needed support. Practical suggestions for how the church can come alongside families and those struggling or hurting. When a person is diagnosed with Alzheimer's, they face great uncertainty, knowing that they can expect to live their remaining years with increasing confusion and progressively greater reliance upon other people to care for them. Dr. Mast will help you see how Alzheimer's disease cannot have the final say on God's unforgotten children.

sermons for nursing homes: Long-Term Care Reforms in OECD Countries Cristiano Gori, Jose-Luis Fernandez, Raphael Wittenberg, 2015-12-18 Since the early 1990s, long-term care policies have undergone significant transformations across OECD countries. In some countries these changes have responded to the introduction of major policy reforms while in others, significant transformations have come about through the accumulation of incremental policy changes. The book brings together evidence from over 15 years of care reform to examine changes in long-term care systems occurring in OECD countries. It discusses and compares key changes in national policies and examines the main successes and failures of recent reforms. Finally, it suggests possible policy strategies for the future in the sector. With contributions from a wide range of experts across OECD countries, this book is essential reading for academics, researchers and policy-makers in the field of long-term care policy.

sermons for nursing homes: Reading, Learning, Teaching Clyde Edgerton Yvonne Mason, 2009 This is an introduction to the literature of contemporary American writer Clyde Edgerton. A North Carolina native, Edgerton has been compared to Mark Twain for his easy, humorous style, which is based in oral tradition. Like Twain and other humorous writers, Edgerton's work often contains both biting satire and exploration of very large questions about the human condition. The book contains an overview of each of his novels and his memoir in addition to offering critical commentary on theme, craft, and structure. Pedagogical support is offered with specific strategies that will encourage authentic engagement and learning. Teachers will find specific companion pieces of literature for introducing Edgerton's vivid and challenging work. This book presents the case for including more of Clyde Edgerton's work in our secondary and college English language arts classrooms as a means of revitalizing curricula and challenging the ways we traditionally think about teaching.

sermons for nursing homes: Not Yet Married Marshall Segal, 2017-06-20 Life Is Never Mainly About Love and Marriage. So Learn to Live and Date for More. Many of you grew up assuming that marriage would meet all of your needs and unlock God's purposes for you. But God has far more planned for you than your future marriage. *Not Yet Married* is not about waiting quietly in the corner of the world for God to bring you the one, but about inspiring you to live and date for more now. If you follow Jesus, the search for a spouse is no longer a pursuit of the perfect person, but a pursuit of more of God. He will likely write a love story for you different than the one you would write for yourself, but that's because he loves you and knows how to write a better story. This book

was written to help you find real hope, happiness, and purpose in your not-yet-married life.

sermons for nursing homes: Romans Alva J. McClain, 1979-12 This soul-searching commentary on the Book of Romans is culled from 40 years of teaching notes and edited by Herman A. Hoyt, who succeeded McClain as the president of Grace College and Seminary in Winona Lake, Indiana. McClain outlines Romans in four main sections, each of which deals with a specific subject, answers a great question, and presents a clear revelation of God.

sermons for nursing homes: Witness of a Fragile Servant Charles B. Bugg, 2003 Many pastors come to ministry with the potentially lethal combination of low self-esteem and high expectations of themselves and others. While the minister is set aside to preach, he or she is not immune to the same struggles that everyone faces. How they deal with themselves as persons is reflected in their proclamations as pastor and preacher. Witness of a Fragile Servant looks at both the preparation of the preacher and the sermon. It tries to call ministers to care for themselves as well as to cultivate effective sermons.
