soccer poems that rhyme: *The Song Poet* Kao Kalia Yang, 2016-05-10 From the author of *The Latehomecomer*, a powerful memoir of her father, a Hmong song poet who sacrificed his gift for his children's future in America In the Hmong tradition, the song poet recounts the story of his people, their history and tragedies, joys and losses; extemporizing or drawing on folk tales, he keeps the past alive, invokes the spirits and the homeland, and records courtships, births, weddings, and wishes. Following her award-winning book *The Latehomecomer*, Kao Kalia Yang now retells the life of her father Bee Yang, the song poet, a Hmong refugee in Minnesota, driven from the mountains of Laos by American's Secret War. Bee lost his father as a young boy and keenly felt his orphanhood. He would wander from one neighbor to the next, collecting the things they said to each other, whispering the words to himself at night until, one day, a song was born. Bee sings the life of his people through the war-torn jungle and a Thai refugee camp. But the songs fall away in the cold, bitter world of a Minneapolis housing project and on the factory floor until, with the death of Bee's mother, the songs leave him for good. But before they do, Bee, with his poetry, has polished a life of poverty for his children, burnished their grim reality so that they might shine. Written with the exquisite beauty for which Kao Kalia Yang is renowned, *The Song Poet* is a love story -- of a daughter for her father, a father for his children, a people for their land, their traditions, and all that they have lost.

soccer poems that rhyme: *Dragon Talk* Fleur Adcock, 2010 After the appearance of Fleur Adcock's *Poems 1960-2000* she wrote no more poems for several years. This cessation coincided with - but was not entirely caused by - her giving up smoking. When poetry returned to her in 2003 it tended towards a sparer, more concentrated style. This new collection continues to reflect her preoccupations with family matters and with her ambivalent feelings about her native New Zealand. Her initial inspiration was the letters her father wrote home from England to his parents during World War II, which evoked her own memories of that era. The central sequence moves from her first coming to consciousness in New Zealand up to and through the war years in Britain and on to sketches from her teens in puritanical postwar Wellington after her reluctant return - not without her usual sardonic eye for incongruities and absurdities. There are also affectionate poems for her grandchildren and her late mother.

soccer poems that rhyme: *Stardines Swim High Across the Sky* Jack Prelutsky, 2013-02-26 Beloved and bestselling poet Jack Prelutsky and New York Times Best Illustrated artist Carin Berger team up to create a new collection of silly, strange, and sensational animal poems! Told through couplets and visually arresting shadow boxes, dioramas, and cut-paper collage, *Stardines Swim High Across the Sky* evokes both natural history museums and wild and silly fantasy. The zoology may be suspect, but the laughs are guaranteed.—Publishers Weekly Sixteen extraordinary imagined creatures inhabit the pages of this unique, inspired, humorous picture book ideal for sharing together, and for reading again and again. Jack Prelutsky reinvents many familiar and beloved animals by combining inanimate objects with them (so, for example, a pair of pants and an anteater become a panteater). Carin Berger's illustrations are showstoppers. Her shadow boxes and dioramas utilize vintage type, ephemera, and such elements as ribbon, cards, buttons, and wood and bring the

animals to life. Read it aloud, read it together: this is a catalog of effervescent silliness and will undoubtedly inspire young poets and artists alike. The total effect is both whimsical and fascinating, with rich language in the poems and unexpected objects in the pictures to return to over and over again.'—The Horn Book Supports the Common Core State Standards

soccer poems that rhyme: Poems are Teachers Amy Ludwig VanDerwater, 2017-10-06 Children's writer and poet Amy Ludwig VanDerwater leads us on an adventure through poetry, pointing out craft elements along the way that students can use to improve all their writing, from idea finding to language play. Poems wake us up, keep us company, and remind us that our world is big and small, Amy explains. And, too, poems teach us how to write. Anything. This is a practical book designed for every classroom teacher. Each lesson exploration includes three poems, one by a contemporary adult poet and two by students in grades 2 through 8, which serve as models to illustrate how poetry teaches writers to: find ideas, choose perspective and point of view, structure texts, play with language, craft beginnings and endings, choose titles. Students will learn how to replicate the craft techniques found in poetry to strengthen all writing, from fiction to opinion, from personal narrative to information. Poets arrange words and phrases just as prose writers do, simply in tighter spaces, Amy argues. In the tight space of poetry, readers can identify writing techniques after reading one page, not thirty pages.
