the boys who danced with the moon: And Then We Danced Henry Alford, 2019-06-18 "Captivating...equal parts memoir and cultural history, Henry Alford seamlessly interweaves heartwarming and hilarious anecdotes about his deep dive into all things dance" (Misty Copeland, The New York Times Book Review). When Henry Alford wrote about his experience with a Zumba class for The New York Times, little did he realize that it was the start of something much bigger. Dance would grow and take on many roles for Henry: exercise, stress reliever, confidence builder, an excuse to travel, a source of ongoing wonder, and—when he dances with Alzheimer's patients—even a kind of community service. Tackling a wide range of forms (including ballet, hip-hop, jazz, ballroom, tap, contact improvisation, Zumba, swing), Alford's grand tour takes us through the works and careers of luminaries ranging from Bob Fosse to George Balanchine, Twyla Tharp to Arthur Murray. Rich in insight and humor, Alford mines both personal experience and fascinating cultural history to offer a witty and ultimately moving portrait of how dance can express all things human. And Then We Danced "is in one sense a celebration of hooper in all its wonder and

variety, from abandon to refinement. But it is also history, investigation, memoir, and even, in its smart, sly way, self-help...very funny, but more, it is joyful—a dance all its own” (Vanity Fair).

the boys who danced with the moon: Last Dance in Havana Eugene Robinson, 2012-11-20 In power for forty-four years and counting, Fidel Castro has done everything possible to define Cuba to the world and to itself -- yet not even he has been able to control the thoughts and dreams of his people. Those thoughts and dreams are the basis for what may become a post-Castro Cuba. To more fully understand the future of America's near neighbor, veteran reporter Eugene Robinson knew exactly where to look -- or rather, to listen. In this provocative work, Robinson takes us on a sweaty, pulsating, and lyrical tour of a country on the verge of revolution, using its musicians as a window into its present and future. Music is the mother's milk of Cuban culture. Cubans express their fondest hopes, their frustrations, even their political dissent, through music. Most Americans think only of salsa and the Buena Vista Social Club when they think of the music of Cuba, yet those styles are but a piece of a broad musical spectrum. Just as the West learned more about China after the Cultural Revolution by watching From Mao to Mozart, so will readers discover the real Cuba -- the living, breathing, dying, yet striving Cuba. Cuban music is both wildly exuberant and achingly melancholy. A thick stew of African and European elements, it is astoundingly rich and influential to have come from such a tiny island. From rap stars who defy the government in their lyrics to violinists and pianists who attend the world's last Soviet-style conservatory to international pop stars who could make millions abroad yet choose to stay and work for peanuts, Robinson introduces us to unforgettable characters who happily bring him into their homes and backstage discussions. Despite Castro's attempts to shut down nightclubs, obstruct artists, and subsidize only what he wants, the musicians and dancers of Cuba cannot stop, much less behave. Cubans move through their complicated lives the way they move on the dance floor, dashing and darting and spinning on a dime, seducing joy and fulfillment and next week's supply of food out of a broken system. Then at night they take to the real dance floors and invent fantastic new steps. Last Dance in Havana is heartwrenching, yet ultimately as joyous and hopeful as a rocking club late on a Saturday night.

the boys who danced with the moon: *Cemetery Boys* Aiden Thomas, 2020-09-01 A trans boy determined to prove his gender to his traditional Latinx family summons a ghost who refuses to leave in Aiden Thomas's New York Times-bestselling paranormal YA debut Cemetery Boys, described by Entertainment Weekly as groundbreaking. Yadriel has summoned a ghost, and now he can't get rid of him. When his traditional Latinx family has problems accepting his true gender, Yadriel becomes determined to prove himself a real brujo. With the help of his cousin and best friend Maritza, he performs the ritual himself, and then sets out to find the ghost of his murdered cousin and set it free. However, the ghost he summons is actually Julian Diaz, the school's resident bad boy, and Julian is not about to go quietly into death. He's determined to find out what happened and tie off some loose ends before he leaves. Left with no choice, Yadriel agrees to help Julian, so that they can both get what they want. But the longer Yadriel spends with Julian, the less he wants to let him leave. Praise for Cemetery Boys: Longlisted for the National Book Award The novel perfectly balances the vibrant, energetic Latinx culture while delving into heavy topics like LGBTQ+ acceptance, deportation, colonization, and racism within authoritative establishments.

—TeenVogue.com This stunning debut novel from Thomas is detailed, heart-rending, and immensely

romantic. I was bawling by the end of it, but not from sadness: I just felt so incredibly happy that this queer Latinx adventure will get to be read by other kids. Cemetery Boys is necessary: for trans kids, for queer kids, for those in the Latinx community who need to see themselves on the page. Don't miss this book. —Mark Oshiro, author of *Anger is a Gift*

the boys who danced with the moon: *Song of the Earth* John R. Dann, 2005 In John R. Dann's thrilling and romantic prehistoric saga, *Song of the Axe*, the tribe's chieftain was called Grae, after a famous ancestor. Now Dann returns to tell the saga of the wanderings of one prehistoric tribal family over several generations, always led by that famous, original Grae, and by his children. The powerful daughters of River Woman saved young Grae from a flooded river after a volcano erupted and destroyed their tribal home. Then they made him chief, but that's almost the last thing they agree on before the tribe splinters. Grae leads the main group out of Africa ever northward, into central and eastern Europe, always searching for safety and a better life. Challenged by truly monstrous evil tribes, but guided by spirits, they survive. It takes three generations, and three chieftains named Grae, before the tribe comes to rest. Their story is an adventure on the grandest scale, full of dangers, romance, and beguiling mystery in an exotic setting. A rich and complex story told with simplicity, authenticity, and vigor, *Song of the Earth* is a worthy companion to *Song of the Axe*.

the boys who danced with the moon: Encore Performance Vicki G. Riordan, Brian Riordan, 2014-06-07 The inspiring true story of a woman who learned that it's never too late to live the life you want As a young girl growing up in the 1950s in central Pennsylvania, Vicki Grubic Riordan idolized stars like Shirley Temple and Gene Kelly. She soon found her calling as a dance instructor, but like many baby boomers, she put her passion on hold to focus on starting a family. Only when her marriage ended and she was left with little means of support for herself and her two young sons did Vicki return to her first true love: teaching dance. In doing so, she found much more than a way to make a living: she found a way to make a difference. With her exuberant personality, infectious enthusiasm, and unwavering belief in the magic of movement to make even the darkest times better, Vicki has inspired thousands of women to do things they never dreamed possible. At the age of sixty-two, when her peers were thinking about retirement, Vicki opened the doors to what has become America's largest adult tap dancing studio. She has gone from teaching fifty students a year to teaching more than five hundred, and thanks to Vicki, Harrisburg, Pennsylvania, has become the unofficial tap capital of the world and the home of her celebrated "Tap Pups." The majority of the women (and a handful of men) in her classes are in their fifties and sixties, but instead of yielding to the expectation that they'd be slowing down at this stage of life, tap has helped them to get in touch with their own natural rhythm. Tap helped Anni, 56, get through a difficult divorce with grace. It gave Betsy a newfound self-confidence, and at 57 she was inspired to wear eye makeup for the first time in thirty years. And when Jeanne, 62, was diagnosed with cancer, the Tap Pups rallied to offer their full support. Vicki's students come from all walks of life: teachers, doctors, nurses, lawyers, insurance agents, therapists, CPAs, retirees—married, divorced, single, and widowed—but through dancing together, no matter their innate talent or years of experience, Vicki's Tap Pups have found a potent source of friendship, vitality, and fulfillment. After years of putting everyone else first, these women know that now it's their time to shine. In *Encore Performance*, Vicki inspires readers of all ages to listen to the beat of their own hearts and dance through life as they were born to do.

the boys who danced with the moon: Dancing Identity Sondra Horton Fraleigh, 2004-10-31 Combining critical analysis with personal history and poetry, *Dancing Identity* presents a series of

interconnected essays composed over a period of fifteen years. Taken as a whole, these meditative reflections on memory and on the ways we perceive and construct our lives represent Sondra Fraleigh's journey toward self-definition as informed by art, ritual, feminism, phenomenology, poetry, autobiography, and-always-dance. Fraleigh's brilliantly inventive fusions of philosophy and movement clarify often complex philosophical issues and apply them to dance history and aesthetics. She illustrates her discussions with photographs, dance descriptions, and stories from her own past in order to bridge dance with everyday movement. Seeking to recombine the fractured and bifurcated conceptions of the body and of the senses that dominate much Western discourse, she reveals how metaphysical concepts are embodied and presented in dance, both on stage and in therapeutic settings. Examining the role of movement in personal and political experiences, Fraleigh reflects on her major influences, including Moshe Feldenkrais, Kazuo Ohno, and Twyla Tharp. She draws on such varied sources as philosophers Simone de Beauvoir and Martin Heidegger, the German expressionist dancer Mary Wigman, Japanese Butoh founder Tatsumi Hijikata, Hitler, the Bomb, Miss America, Balanchine, and the goddess figure of ancient cultures. *Dancing Identity* offers new insights into modern life and its reconfigurations in postmodern dance.
