the action bible pdf: The Poisonwood Bible Barbara Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." —Los Angeles Times Book Review *The Poisonwood Bible*, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleanna Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

the action bible pdf: *Shalom* Perry B. Yoder, 2017-03-24 The biblical challenge of shalom is one which ought to draw all Christians together in a common struggle so that God's will might be done and God's kingdom might come on earth as it is in heaven. People, as well as structures, need to be transformed. People who are caught in oppressive structures need to be liberated from the values and perspectives inculcated by these structures. The shalom maker, as a result, is involved in a mission of conversion--converting people to a new understanding and way of life. This conversion, based on God's love for them in Jesus, frees them from old patterns of thought. If we struggle for shalom, we shall suffer because we are actively confronting and resisting the structures of oppression and working for the liberation of powerless and oppressed people. Shalom love is not love at a distance, not love in the abstract, not love in the rocking chair--it is the love of confrontation, of strike, of protest, and of disobedience to the structures of violence. Shalom love is suffering love because it is militant love struggling for human liberation, justice, and shalom, which is God's will for our world.

the action bible pdf: Dynamics in Action Alicia Juarrero, 2002-01-25 What is the difference between a wink and a blink? The answer is important not only to philosophers of mind, for significant moral and legal consequences rest on the distinction between voluntary and involuntary behavior. However, action theory—the branch of philosophy that has traditionally articulated the boundaries between action and non-action, and between voluntary and involuntary behavior—has been unable to account for the difference. Alicia Juarrero argues that a mistaken, 350-year-old model of cause and explanation—one that takes all causes to be of the push-pull, efficient cause sort, and all explanation to be prooflike—underlies contemporary theories of action. Juarrero then proposes a new framework for conceptualizing causes based on complex adaptive systems. Thinking of causes as dynamical constraints makes bottom-up and top-down causal relations, including those involving intentional causes, suddenly tractable. A different logic for explaining actions—as historical narrative, not inference—follows if one adopts this novel approach to long-standing questions of action and responsibility.

the action bible pdf: A CALL TO ACTION: Practically Reversing the Trends of Mass Incarceration Dr. Herron Keyon Gaston, 2019-02-28 A Call to Action By: Dr. Herron Keyon Gaston A Call to Action: Practically Reversing the Trends of Mass Incarceration explores and establishes a blueprint for United Methodist Churches based on the current Mission Plan for Restorative Justice Ministries (MPRJM). This Mission Plan could be used internally or externally within the United Methodist Church and beyond to begin to deal with the issues associated with the large numbers of persons leaving the prison system and reentering communities where the connectional system of the United Methodist Churches is established, and where other church denominations are in general, to assist retuning prisoners with reentry and restorative justice programs and ministries. A Call to Action is for the United Methodist Church to use its historical work in this area along with its unique reformative connectional system. The United Methodist Church is poised to lead in this area because

of its creed, structure, and connectional emphasis on mission work, outreach, and methodical steadfastness to deliver and foster justice and the restorative process among former prisoners. The Summerfield United Methodist Church Prison Reentry Model in Bridgeport, Connecticut, was identified as one of the unique prison reentry and restorative justice type programs to further explore this initiative. Using the Summerfield model as a starting point for this project, Gaston invited parishioners to participate in focus group sessions in May 2017. A group of twenty-five parishioners of varying socioeconomic backgrounds volunteered to participate. The main discussion centered on the current prison fellowship ministry and whether members believed that they were making a difference in their own community. This book has implications for the ministerial practice for dealing with those who have transgressed — and how the United Methodist Church must use its spiritual and connectional resources to reform, redeem, and restore formerly incarcerated individuals back to God and to humanity.

the action bible pdf: *The Bible in Its Context* Craig Keener, 2013-02-02 The central goal of studying God's Word is to know God better. Since God gave us the Bible as a written book that contains much history, He expects us to use literary and historical principles when we study it. In *The Bible in Its Context*, we look at how to study God's Word for ourselves, by examining the context of Bible verses, whole-book context, cultural background, and some specific principles for understanding different kinds of writings found in the Bible (such as psalms, proverbs, laws, and prophecies). This book teaches essential principles for learning what God was saying to the first readers of the Bible, a necessary step in hearing how to apply God's message today.
