**the starseed oracle guidebook pdf: How to Change Your Mind** Michael Pollan, 2019-05-14 Now on Netflix as a 4-part documentary series! "Pollan keeps you turning the pages . . . cleareyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, How to Change Your Mind is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's mental travelogue is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

Light Is the New Black is for those who agreed to be here at this time in history to answer the call of their soul and work their light. soul's callings and dimmed her light in order to fit in. Then, just before her 30th birthday, the life she had so consciously created began to crumble around her. It was as if the Universe had turned off all the lights, so she had no choice but to rediscover her own. In this inspirational book, Rebecca shares her own healing journey, alongside practical tools to help you reconnect with the core of your being, and channelled messages from the Universe. Once you rediscover what you already know at soul level, you can create a life that is in divine alignment, discover your soul gifts, and offer the world something that only you can give. "When I first woke up to the callings of my soul, I lacked the courage, confidence, inner support, and practical tools not just to hear the callings of my soul, but to let them truly lead my life. There were pieces missing, a journey needed to be taken. I called upon the Universe and spiritual teachers to support me. This book is the result of that journey. You can read it in one sitting, one chapter a day, or pick a page at random for an instant hit of guidance. Throughout you will find 'Work Your Light' exercises, mantras, and affirmations. I created these with the intention of guiding you not only to hear the callings of your soul, but to act on them too... I pray that you discover the authentic gift to the world that you already are and choose to serve the world by being You. Follow what lights you up and you will light up the world.
