Income and Wealth Through Stock Investing David Solyomi, 2017-11-27 Beat the Market and Grow Your Cash Flow Without Becoming a Full-time Investor Most investment strategies are just too complicated, too risky, or too subjective. Typical investment strategies completely ignore human emotions, and making emotional investment decisions is the most common cause of losses for investors. Risky trading strategies advertised with get-rich-quick hype may create big wins for a lucky few, but most people just end up with big losses and nothing to show for all their hard work and the emotional rollercoaster they endured. Creating and maintaining real wealth through stock investing requires a long-term investment strategy that properly manages risk and prevents emotional decision-making so that you never suffer major losses. The FALCON Method is completely different than typical stock investing strategies. The reason it beats the market again and again is because it uses an evidence-based stock selection process that anyone can follow. You don't need to get lucky, take big risks, or fly by the seat of your pants in order to retire wealthy from stock investing. Successful investing requires structured decision-making based on a proven process, and that's exactly how The FALCON Method was created.

the passive income playbook pdf: The LinkedIn Lead Gen System Raza Imam, 2020-08-08 This is NOT about endlessly posting updates. This is NOT about creating videos. This is NOT about spamming people. This is NOT about becoming an influencer. This is NOT about advertising. This is NOT about writing articles on LinkedIn. This is about attracting 5 to 10 highly qualified leads on LinkedIn per day - that are actually eager to talk to you. I used to think LinkedIn was a colossal waste of time - until I discovered the simple secrets to success on LinkedIn. If you want to know how to double your leads and sales using LinkedIn beyond what you thought possible...without spending hundreds of dollars on ads...or trying to become a viral hit....Then this will be the most important message you ever read. Here's why. If you've been on LinkedIn for a while, the scenario I'm about to describe may be familiar to you....You've found great companies on LinkedIn, that need what you have. So you take the next step. You invite them to connect with you. After sending a bunch of connection requests, you try to sell them on your product or service. You're excited to see how many people are responding....And...nothing. You even refresh the page, hoping that you'll see something different. Still nothing. This continues for a few days, and after a month you realize you won't ever find clients on LinkedIn. And a sinking feeling of failure washes over you - your LinkedIn strategy bombed, even though you technically did everything the right way Which leads us to the million dollar question....Why aren't people responding to you? Well, the answer to this is surprisingly simple....Prospects on LinkedIn either don't respond to you, or they click on your profile, spend about five seconds reading your profile and summary description - then click away. Which leads us to the core problem...you have no idea how to get prospects to contact you on LinkedIn. And that's where I come in. I wrote this book after studying what works in LinkedIn marketing and have distilled it to a short book that covers the basics of LinkedIn sales. Here's What You'll Discover: **Some straight-talk on LinkedIn (that most people never tell you)**The 6 biggest mistakes keeping you from generating business on LinkedIn**The # 1 secret to success on LinkedIn**The niche down, scale UP strategy you need to use (the secret to attracting your perfect customer)**How to attract your prospects like a magnet**How to instantly find your ideal clients on LinkedIn**The

mind-blowing LinkedIn networking strategy to skyrocket your engagement**Case studies of successful LinkedIn marketing campaignsInterested?Buy this book now to discover these LinkedIn B2B lead generation secrets.

the passive income playbook pdf: *Value-ology* Simon Kelly, Paul Johnston, Stacey Danheiser, 2017-01-19 This book offers both marketing and sales professionals a rare combined insight into both worlds to continuously capture customer intelligence and create value, by blending detailed research with academic rigor and commercial experience of the authors in both Europe and North America. It has never been easier to produce great marketing content and sales collateral. And yet, 90% of the content that marketing produces is NEVER used by sales. Why not? Because it's not relevant to the audience or the prospect doesn't even know the content exists. Furthermore 58% of deals end up in "no decision" because Sales has not presented value effectively. Companies are creating lots of noise but failing to resonate with the customers. So what? The danger, aside from marketing wasting tens of millions of dollars on ineffective content and tools, is that customers will disengage. 94% of prospects say they have completely disengaged with vendors because of irrelevant content. In order to grow fast, the authors argue, Sales and Marketing teams need to slow down. They need to work together to truly understand their customers' needs, wants, motivations and pain points so that they can offer customized "value". The book sets out how to establish a formal program to continuously capture customer intelligence and insights - the shiny gems of understanding that help prospects to connect the dots - so that value can be consistently articulated in marketing and sales conversations. By integrating the best ideas and practice from commercial experience and academic research the authors show how to create value across the entire marketing and sales value chain - not only get a new customer, but to continue to create value for future purchases by creating "post-sales" value.

the passive income playbook pdf: The Millionaire Fastlane MJ DeMarco, 2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as The Slowlane your plan for creating wealth? You know how it goes; it sounds a lil something like this: Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich. The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to settle-for-less and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of do what you love will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.
