

the lost world of agharti

the lost world of agharti is a legendary subterranean realm that has fascinated explorers, historians, and conspiracy theorists for centuries. Said to exist beneath the Earth's surface, Agharti is often described as a vast, hidden civilization with advanced technologies and profound spiritual knowledge. This mysterious underworld is linked to various myths, ancient texts, and esoteric traditions, capturing the imagination of those intrigued by lost worlds and hidden histories. The concept of Agharti intersects with ideas of hollow Earth theories, secret societies, and ancient wisdom preserved away from the surface world. Exploring the lost world of Agharti reveals a complex tapestry of folklore, speculative geography, and metaphysical speculation. This article delves into the origins, legends, and significance of Agharti, examining its place in cultural consciousness and modern interpretations. The following sections provide a comprehensive overview of this enigmatic realm and its enduring allure.

- Origins and Mythology of Agharti
- Geographical and Esoteric Descriptions
- Theories and Speculations Surrounding Agharti
- Cultural Impact and Modern Interpretations
- Exploration and Evidence Claims

Origins and Mythology of Agharti

The lost world of Agharti finds its roots in ancient mythologies and esoteric traditions from diverse cultures around the world. The name "Agharti" or "Agartha" is often associated with a subterranean kingdom inhabited by enlightened beings or advanced civilizations. Early references to such underground realms appear in Eastern and Western spiritual texts, where the concept symbolizes hidden knowledge and spiritual awakening. The legend gained prominence in the 19th and 20th centuries through the writings of explorers, occultists, and mystics who claimed to have knowledge of this secret world.

Mythical Origins in Eastern Traditions

In Tibetan and Hindu lore, subterranean kingdoms like Agharti are described as places where enlightened masters reside, guiding humanity from below the Earth's surface. These legends often depict Agharti as a utopian society, free from the corruption and strife found on the surface world. The idea aligns with the Eastern spiritual concept of hidden realms accessible only through advanced meditation or spiritual initiation.

Western Occult and Esoteric Influences

Western interest in Agharti was largely fueled by the works of French occultist Alexandre Saint-Yves d'Alveydre, who popularized the notion of a hidden underground empire in the late 19th century. His writings suggested that Agharti was a center of powerful, secret knowledge influencing the course of human history. This idea was later embraced by Theosophists and other esoteric groups, who linked Agharti to the broader concept of hidden civilizations and lost wisdom.

Geographical and Esoteric Descriptions

The lost world of Agharti is often described as an extensive network of underground cities and tunnels stretching beneath the Earth's crust. These subterranean environments are said to be illuminated by unknown energy sources and inhabited by beings possessing advanced technology and spiritual insight. The geography of Agharti varies in different accounts, but common themes include vast caverns, underground rivers, and lush, hidden landscapes.

Physical Descriptions of Agharti

Descriptions of Agharti's geography often emphasize its vastness and complexity. It is portrayed as a labyrinthine network of passages connecting multiple cities, each with unique architectural styles and cultural traits. Some narratives describe these cities as technologically superior, with mechanisms that defy conventional science, such as perpetual energy generators and advanced transportation systems.

Spiritual and Metaphysical Aspects

Beyond physical descriptions, Agharti is frequently depicted as a spiritual sanctuary where inhabitants have achieved higher states of consciousness. It is considered a place of harmony and enlightenment, where knowledge of cosmic laws and human potential is preserved. This metaphysical interpretation aligns Agharti with other mythical realms such as Shambhala, emphasizing its role as a beacon of spiritual hope and transformation.

Theories and Speculations Surrounding Agharti

The lost world of Agharti has inspired numerous theories and speculations, ranging from the scientific to the fantastical. These theories attempt to explain the origin, existence, and purpose of this hidden realm, often intersecting with broader concepts like hollow Earth hypotheses and secret government cover-ups.

Hollow Earth Theory Connection

Agharti is frequently linked to the hollow Earth theory, which posits that the planet contains large empty spaces or inner worlds beneath its surface. Proponents of this theory suggest that Agharti is the central civilization within these inner Earth realms, accessible through hidden entrances at the poles or remote mountainous regions. This idea, while largely dismissed by mainstream science, remains popular in alternative circles.

Secret Societies and Government Cover-Ups

Some speculations suggest that knowledge of Agharti has been deliberately concealed by powerful secret societies or government agencies to protect its advanced technologies and spiritual teachings. These theories often propose that Agharti influences global events from the shadows, or that contact with its inhabitants could revolutionize humanity's understanding of science and spirituality.

Scientific and Skeptical Perspectives

From a scientific standpoint, there is no empirical evidence supporting the existence of Agharti as a physical place. Geological studies of the Earth's crust and interior contradict the possibility of vast habitable underground cities. Skeptics view Agharti as a myth or allegory, representing humanity's longing for hidden knowledge and utopian ideals rather than a literal location.

Cultural Impact and Modern Interpretations

The lost world of Agharti has left a significant imprint on popular culture, inspiring literature, films, and new age movements. Its themes resonate with universal human fascinations about hidden realms, ancient wisdom, and the mysteries beneath our feet. Modern interpretations often blend Agharti with other mythical places, expanding its narrative into diverse fictional and metaphysical frameworks.

Agharti in Literature and Media

Numerous books and stories have explored the idea of Agharti, often portraying it as a source of advanced knowledge or as a refuge from a troubled surface world. Science fiction and fantasy genres have incorporated Agharti into their world-building, contributing to its mythos and popular appeal. Documentaries and speculative programs on underground civilizations also frequently feature Agharti as a central theme.

New Age and Spiritual Movements

In new age spirituality, Agharti is viewed as a symbol of inner transformation and access to higher consciousness. Workshops, meditation groups, and spiritual teachings sometimes invoke Agharti as a metaphor for the hidden potential within each individual. This interpretation emphasizes personal growth and the quest for enlightenment, linking ancient myths with contemporary spiritual practices.

List of Cultural Influences of Agharti

- Inspiration for underground civilizations in fiction
- Symbolism in spiritual and metaphysical teachings
- Themes in conspiracy theories and alternative histories
- Subject of documentaries and speculative research
- Motif in art and music exploring mysticism

Exploration and Evidence Claims

Efforts to locate or prove the existence of the lost world of Agharti have been part of various exploratory and pseudo-scientific ventures. While no verified evidence has surfaced, these attempts reflect the enduring human curiosity about hidden worlds beneath the surface of the Earth.

Historical Expeditions and Reports

Throughout history, explorers and adventurers have claimed to discover entrances to Agharti or to encounter its inhabitants. Many of these reports are anecdotal, lacking verifiable proof, yet they contribute to the lore surrounding the lost world. Some expeditions targeted remote caves, underground rivers, or polar regions reputed to hold access points to subterranean realms.

Modern Technological Investigations

With advancements in geology, geophysics, and satellite imaging, modern science has mapped the Earth's interior with increasing precision. These studies have not supported the existence of vast underground civilizations but have instead revealed complex geological structures and tectonic activity. Despite this, some continue to interpret unexplained phenomena as potential evidence of

Agharti's existence.

Summary of Common Evidence Claims

- Alleged eyewitness testimonies of underground cities
- Ancient maps and texts referencing hidden kingdoms
- Unexplained technological artifacts found in caves
- Reports of unusual geological formations and entrances
- Claims of contact with advanced subterranean beings

Frequently Asked Questions

What is 'The Lost World of Agharti' about?

'The Lost World of Agharti' explores the mythical underground kingdom called Agharti, believed to be a hidden civilization beneath the Earth's surface with advanced technology and spiritual wisdom.

Is Agharti a real place or just a legend?

Agharti is considered a legend or myth, with no scientific evidence proving its existence, but it remains a popular subject in esoteric and conspiracy theories.

Where does the legend of Agharti originate from?

The legend of Agharti is rooted in various ancient myths and esoteric traditions, particularly from Central Asia and Tibetan mysticism, often linked to the concept of a subterranean paradise.

What kind of civilization is said to exist in Agharti?

Agharti is described as a highly advanced civilization with superior technology, spiritual enlightenment, and peaceful ways of life, living underground in vast cities.

How does 'The Lost World of Agharti' relate to Hollow Earth theory?

Agharti is often associated with the Hollow Earth theory, which suggests that the Earth has a hollow interior inhabited by advanced beings, with Agharti being one of these subterranean realms.

Are there any books or documentaries about 'The Lost World of Agharti'?

Yes, there are several books and documentaries exploring the myth of Agharti, discussing its origins, alleged sightings, and its role in esoteric lore and conspiracy theories.

What evidence do proponents of Agharti present for its existence?

Proponents often cite ancient texts, folklore, unexplained phenomena, and anecdotal accounts from explorers or mystics as evidence, though none have been scientifically verified.

Why does the legend of Agharti continue to fascinate people today?

The legend of Agharti fascinates people due to its mystery, the allure of hidden knowledge, advanced ancient civilizations, and the possibility of undiscovered worlds beneath our feet.

Additional Resources

1. *The Lost World of Agharti: Secrets Beneath the Earth*

This book delves into the mysterious underground realm of Agharti, exploring ancient myths and legends that describe a hidden civilization beneath the Earth's surface. It combines historical accounts, folklore, and speculative theories to paint a vivid picture of this enigmatic world. Readers are taken on a journey through subterranean tunnels, lost cities, and forgotten technologies.

2. *Agharti: The Hidden Kingdom of the Hollow Earth*

Exploring the concept of the Hollow Earth theory, this book presents compelling evidence and stories about Agharti as a thriving kingdom beneath our feet. It examines historical texts, eyewitness testimonies, and esoteric knowledge to support the existence of this subterranean society. The narrative challenges conventional scientific views and invites readers to consider alternative histories.

3. *Journey to Agharti: Adventures in the Lost World*

This adventurous tale follows explorers who venture into the depths of the Earth in search of Agharti. Blending fiction with elements of real-world mysteries, the book captures the excitement and danger of discovering a civilization untouched by time. It highlights the wonders and perils that await beneath the surface.

4. *The Guardians of Agharti: Protectors of the Ancient World*

Focusing on the mythical guardians said to protect the entrance to Agharti, this book explores their origins, roles, and symbolism. It delves into ancient warrior lore and spiritual beliefs tied to the underground world. The narrative reveals how these protectors maintain the secrecy and sanctity of Agharti.

5. *Legends of Agharti: Myths and Mysteries from the Lost World*

A comprehensive collection of legends and myths surrounding Agharti, this book compiles stories from various cultures that reference the lost underground kingdom. It analyzes the similarities and differences in these tales, offering insights into the universal human fascination with hidden worlds.

Readers gain a deeper understanding of Agharti's place in global mythology.

6. *Agharti Awakens: The Return of the Lost Civilization*

In this speculative work, the author imagines the resurgence of the Agharti civilization in the modern world. The book explores themes of ancient wisdom, advanced technology, and the potential impact on contemporary society. It weaves together prophecy, science fiction, and historical mystery.

7. *The Map to Agharti: Decoding the Ancient Symbols*

This investigative book focuses on ancient maps, symbols, and texts that purportedly point to the location of Agharti. Through detailed analysis and interpretation, the author attempts to unlock the secrets hidden in cryptic carvings and manuscripts. The book serves as a guide for those intrigued by the possibility of discovering the lost world.

8. *Echoes from Agharti: Voices of the Underground*

Featuring interviews, personal accounts, and historical records, this book collects various narratives from individuals who claim to have encountered or heard stories about Agharti. It explores the psychological and cultural impact of these encounters and the enduring mystery that surrounds the lost world. The book offers a human perspective on an elusive legend.

9. *The Crystal Cities of Agharti: Technology and Spirituality Below*

This book investigates the reputed advanced technologies and spiritual practices of Agharti's inhabitants, particularly focusing on the legendary crystal cities. It examines how these elements are intertwined and what they signify about the civilization's knowledge and beliefs. The narrative bridges science, metaphysics, and ancient wisdom to explore the depths of Agharti's mysteries.

The Lost World of Agharti: Unveiling the Mysteries of the Underground Kingdom

Delve into the captivating enigma of Agharti, a legendary subterranean civilization that has captivated explorers, mythologists, and researchers for centuries. Its purported existence, nestled deep within the Earth, sparks questions about ancient civilizations, hidden technologies, and the potential for undiscovered worlds beneath our feet. This exploration delves into historical accounts, modern research, and the enduring allure of this mythical kingdom, providing a comprehensive overview of its significance and relevance in the realms of mythology, archaeology, and the ever-expanding understanding of our planet.

Ebook Title: Unveiling Agharti: Exploring the Legend of the Subterranean Kingdom

Outline:

Introduction: A brief overview of Agharti and its significance in mythology and popular culture.

Chapter 1: Agharti in Mythology and Legend: Exploring various cultural narratives and historical texts referencing subterranean civilizations.

Chapter 2: Geographical Locations and Associated Myths: Examining potential geographical locations linked to Agharti and associated myths and legends.

Chapter 3: Theories and Speculations on Agharti's Existence: Analyzing scientific hypotheses, geological possibilities, and alternative explanations for Agharti narratives.

Chapter 4: Agharti in Popular Culture and Fiction: Tracing Agharti's appearance in literature, film, and other forms of popular media.

Chapter 5: Modern Research and Explorations: Examining recent expeditions, investigations, and scientific studies related to potential underground cave systems and civilizations.

Chapter 6: The Symbolism and Significance of Agharti: Interpreting the symbolic meaning of Agharti and its potential representation of hidden knowledge, spiritual awakening, or a utopian society.

Chapter 7: Connecting Agharti to Other Underground Legends: Comparing Agharti with other similar myths and legends from around the world, such as Shambhala.

Conclusion: Summarizing the enduring mystery of Agharti and the ongoing search for its truth.

Detailed Explanation of Outline Points:

Introduction: This section sets the stage, introducing the concept of Agharti, briefly discussing its cultural impact, and outlining the scope of the ebook. Keywords: Agharti, subterranean civilization, underground kingdom, mythology, legend.

Chapter 1: Agharti in Mythology and Legend: This chapter delves into the historical and mythological origins of the Agharti legend, citing ancient texts, folklore, and religious beliefs from various cultures that mention underground worlds. Keywords: Agharti mythology, ancient texts, folklore, Shambhala, subterranean world, hidden civilization.

Chapter 2: Geographical Locations and Associated Myths: This chapter examines specific geographical locations—the Himalayas, Tibet, and other regions—that are frequently associated with Agharti in various legends. It explores the geological features of these areas and analyzes their relevance to the Agharti myth. Keywords: Agharti location, Himalayas, Tibet, geographical features, geological formations, cave systems.

Chapter 3: Theories and Speculations on Agharti's Existence: This chapter explores various scientific and pseudoscientific theories related to the potential existence of Agharti. It discusses possibilities like advanced subterranean civilizations, geological formations misinterpreted as structures, and the role of advanced technology in constructing underground cities. Keywords: Agharti theories, scientific hypotheses, geological possibilities, underground structures, advanced technology, subterranean civilizations.

Chapter 4: Agharti in Popular Culture and Fiction: This chapter analyzes Agharti's representation in literature, movies, video games, and other forms of popular culture. It examines how the myth has been interpreted and adapted in different contexts and its enduring appeal to storytellers and audiences. Keywords: Agharti in popular culture, fiction, literature, film, video games, cultural impact.

Chapter 5: Modern Research and Explorations: This chapter investigates current research, including explorations of vast cave systems, archaeological discoveries that could be linked to the myth, and technological advancements that might assist in uncovering evidence of a subterranean civilization. **Keywords:** modern Agharti research, cave exploration, archaeological discoveries, scientific expeditions, technological advancements, underground exploration.

Chapter 6: The Symbolism and Significance of Agharti: This chapter explores the symbolic meaning of Agharti. It considers interpretations that associate it with hidden knowledge, spiritual enlightenment, a utopian ideal, or a cautionary tale. **Keywords:** Agharti symbolism, spiritual significance, utopian society, hidden knowledge, esoteric interpretations.

Chapter 7: Connecting Agharti to Other Underground Legends: This chapter compares the Agharti myth to other similar legends and myths from various cultures around the globe—including Shambhala, Agartha, and others—highlighting common themes and variations in the narratives. **Keywords:** Agharti comparisons, Shambhala, Agartha, underground legends, cross-cultural mythology.

Conclusion: This section summarizes the key arguments, reiterates the enduring mystery of Agharti, and offers concluding thoughts on the significance of the legend and the ongoing search for answers. **Keywords:** Agharti conclusion, mystery, legend, future research, unsolved mysteries.

FAQs:

1. Is there any scientific evidence to support the existence of Agharti? Currently, there is no conclusive scientific evidence to prove or disprove the existence of Agharti. However, ongoing research in unexplored cave systems and advancements in geological surveying could potentially shed light on this mystery.
2. What are the main geographical locations associated with Agharti? The Himalayas and Tibet are most commonly associated with Agharti in various legends and myths.
3. How does the Agharti myth compare to other legends of subterranean civilizations? The Agharti myth shares similarities with other legends such as Shambhala and Agartha, all suggesting the existence of hidden, advanced civilizations beneath the Earth's surface.
4. What role does Agharti play in popular culture? Agharti has appeared in various novels, films, and video games, often depicted as a technologically advanced or spiritually enlightened civilization.
5. What are some of the modern explorations related to Agharti? While direct explorations specifically for Agharti are rare, research into large cave systems and unexplored regions could provide indirect evidence.
6. What is the symbolic significance of Agharti? Agharti symbolizes hidden knowledge, spiritual awakening, and often a utopian or ideal society.
7. What are some of the theories proposed to explain the Agharti legend? Theories range from the existence of a lost civilization to misinterpretations of geological formations.
8. How old are the earliest written references to Agharti? Tracing the precise origins is difficult, but elements of the myth appear in various ancient texts and oral traditions.

9. What are the next steps in researching the Agharti legend? Further exploration of cave systems, advanced geological surveys, and interdisciplinary research combining mythology and science are crucial steps.

the lost world of agharti: *The Lost World of Agharti* Alec Maclellan, 2011-02-01 One of the world's oldest legends tells of a vast network of underground tunnels and passageways linking the continents to a subterranean kingdom. This utopia is said to be inhabited by an ancient race of people who have lived in seclusion for centuries, hidden from the sight of mankind but aware of everything happening on the surface of the earth. The underground country is called Agharti. Tales of this 'lost world' survive throughout the world and explorers have searched for it for centuries. It has fascinated figures from the English occultist Lord Bulwer Lytton, the Russian theosophist Madame Helena Blavatsky and, most surprisingly of all, Adolf Hitler who based part of his philosophy of world domination on the legend of the subterranean 'super race'. Hitler was attracted to the stories of Vril Power, an amazing force that can control man and nature. He believed that possession of this power would allow his dream of a Thousand Year Reich and he sent scientists and soldiers in search of this lost world. Alec MacLellan has pieced together the history of the Agharti, and tries to discover the tunnels that lead to Agharti. Based on evidence collected all over the world,

and embracing subjects from the origins of the peoples of America, the occult secrets of Asia and the lost continent of Atlantis, MacLellan provides the first assessment of what Vril Power actually was.

the lost world of agharti: A Guide to the Inner Earth Bruce A. Walton, 1983-02 1983 Highly illustrated. Gives much valuable information on the hollow earth, hollow earth societies, early hollow earth pioneers or In-Earthologists.

the lost world of agharti: The Hollow Earth Enigma Alec Maclellan, 1999 One of the world's great mysteries is: do we live on a hollow earth? In the first detailed investigation of a legendary belief that can be traced back to the dawn of time, the bestselling author of *The Lost World of Agharti* examines the possibility of an inner world, a hollow Earth which could explain some of the greatest mysteries of our time. Was this hollow Earth inhabited before mankind set foot on the planet's surface? Did the people of Atlantis and Mu take refuge there when catastrophe overtook them? Do UFOs come, not from outer space, from inside our own Earth? Bringing together years of painstaking research, Alec Maclellan looks not only at the persistent historical tradition but at the work of great scientists such as Edmond Halley and Leonhard Euler, infamous figures such as Cotton Mather and Adolf Hitler, and extraordinary researchers, each of who has devised an explanation for the legend. There have been men who claimed to have visited the Hollow Earth and provided eye-witness accounts of their journeys. Most thought-provoking of all is the vast amount of scientific evidence in support of the Hollow Earth concept, including explorers' reports of polar entranceways backed up by remarkable satellite photographs and evidence from unmanned spacecraft that other planets in our solar system may be hollow too. With many rare photographs *The Hollow Earth Enigma* explains how this extraordinary legend has captivated our imagination and how, despite its dismissal by science, it is scientifically possible.

the lost world of agharti: *The Three Ages of Atlantis* Diego Marin, Ivan Minella, Erik Schievenin, 2013-11-28 Scientific and anthropological evidence for multiple Atlantean empires and the global catastrophes that destroyed them • Reveals that there was not one but three Atlantises--the first in Antarctica, the second in South America, and the third in the Mediterranean • Examines geological evidence of super-floods 15,000, 11,600, and 8,700 years ago • Shows how these flood dates directly parallel the freezing of Antarctica, the migrations of Cro-Magnon men, and the destruction of Atlantis according to Plato 15,000 years ago the Earth's axis tilted, shifting the geographic poles. Volcanoes erupted, the icecaps melted, and the seas rose dramatically. Antarctica was enveloped in ice, destroying the high civilization of prehistory: Atlantis. But before the survivors could reestablish what they had lost, catastrophe struck again--twice. Uniting scientific findings with theories on the location of Atlantis, the authors reveal that there was not one but three Atlantises--the first in Antarctica, the second in South America, and the third in the Mediterranean. Examining paleoclimatology data, they show that Antarctica was temperate 15,000 years ago and home to the original Atlantis. They explore geological evidence of three worldwide super-floods 15,000, 11,600, and 8,700 years ago and show how these dates directly parallel the freezing of Antarctica, the arrival of Cro-Magnon man in Europe, and the destruction of Atlantis according to Plato. Uncovering the influence of the Atlanteans in Proto-Indo-European languages and in massive ancient monuments aligned with the stars, they show how the civilization founders in all early myths--the Pelasgians, Danaans, Viracocha, Aryans, and others--were part of the Atlantean diaspora and how this migration split into two major movements, one to Latin America and the other to Europe and Asia. Following the Atlanteans from a warm Antarctica up to Peru, Mexico, and the Mediterranean, they reveal that Cro-Magnon men are the people of Atlantis and that we are just now returning to their advanced levels of science, technology, and spirituality.

the lost world of agharti: *The Lost Civilization Enigma* Philip Coppens, 2012-10-22 An examination of archaeological controversies, with arguments showing evidence of prehistoric civilizations not recorded as part of human history. Are history books giving us the whole story? Or is civilization far more complex and older than we have been taught? Our school textbooks barely mention the 6,000-year-old Sumerian civilization, yet the latest archaeological findings at sites such as Jericho and, most recently, Gobekli Tepe in Turkey have been dated to 10,000 BC. Civilization

goes back at least another 10,000 years, if we are willing to believe what our ancestors themselves claimed. The Lost Civilization Enigma reveals the truth about: Lost magnitudes to known cultures, such as the Bosnian Pyramids and the civilization of "Old Europe." The fabled lost "golden" cities of South America and the Amazon, which are slowly being rediscovered. Fascinating examples of lost technology, such as the Antikythera Device. Atlantis and the fact that it was a real civilization. Analyzing the historical and archaeological record, best-selling author Philip Coppens demonstrates that there is substantial evidence that civilization is far older, far more advanced, and far more special than is currently accepted. Clearly, our history books have left out a great deal!

the lost world of agharti: Lost Continents & the Hollow Earth David Hatcher Childress, Richard S. Shaver, 1999 This book is Childress' thorough examination of the early hollow earth stories of Richard Shaver, and the fascination that fringe fantasy subjects such as lost continents, UFOs, and the hollow earth have had on people. Shaver's rare 1948 book, *I Remember Lemuria* is reprinted in its entirety, and the book is packed with illustrations from Ray Palmer's *Amazing Stories* issues of the 1940s. Childress discusses famous hollow earth books and delves deep into whatever reality may be behind the stories of tunnels underground.

the lost world of agharti: The Secret of the Spear Alec Maclellan, 2011-03-01 The spear used by Longinus, the Roman centurion, to pierce the side of Christ as he hung on the cross has long been believed to be an object of great supernatural and occult power, with the capacity for good or evil. It has been sought by the most powerful figures in history, who have believed that its power, as the Spear of Destiny, can change history. The spear's history from the Dark Ages to the Twentieth century is a dark one, of mystery and death. Alec Maclellan tracks the spear from mention in the Bible through sagas of the Middle Ages to its last known resting place, as a prized possession of Adolf Hitler

the lost world of agharti: A Culture of Conspiracy Michael Barkun, 2003-11-07 Unravelling the genealogies and permutations of conspiracist worldviews, this work shows how this web of urban legends has spread among sub-cultures on the Internet and through mass media, and how this phenomenon relates to larger changes in American culture.

the lost world of agharti: Culture of Conspiracy Michael Barkun, 2003-11-07 What do UFO believers, Christian millennialists, and right-wing conspiracy theorists have in common? According to Michael Barkun in this fascinating yet disturbing book, quite a lot. It is well known that some Americans are obsessed with conspiracies. The Kennedy assassination, the Oklahoma City bombing, and the 2001 terrorist attacks have all generated elaborate stories of hidden plots. What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other fringe notions such as a belief in UFOs, Nostradamus, and the Illuminati. Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas, Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media, how a new style of conspiracy thinking has recently arisen, and how this phenomenon relates to larger changes in American culture. This book, written by a leading expert on the subject, is the most comprehensive and authoritative examination of contemporary American conspiracism to date. Barkun discusses a range of material—involving inner-earth caves, government black helicopters, alien abductions, secret New World Order cabals, and much more—that few realize exists in our culture. Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature, to New Age and UFO publications, to popular culture phenomena such as *The X-Files*, and to websites, radio programs, and more, Barkun finds that America is in the throes of an unrivaled period of millennial activity. His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture.

the lost world of agharti: Dead Men's Secrets Jonathan Gray, 2014-09-08 Archaeologist Jonathan Gray stumbled upon something that shocked him! . . . a whole cache of out of place items that should not exist. And they weren't just in one place. There was a global pattern to them. This pattern showed a lost science and technology. That's when he knew someone had to speak up. This

content was of tremendous value. **MACHINERY:** Did you know that the Egyptians bored into granite rock with drills that turned 500 times faster than modern power drills? **ANCIENT AMERICA:** Did you know that a Chinese mapping survey of North America in 2200 BC described a sunrise over the Grand Canyon, black opals and gold nuggets in Nevada, and seals frolicking in San Francisco Bay? This is the most amazing archaeology book you'll ever see! **Dead Men's Secrets** is an assemblage of astonishing discoveries. A lost super science emerges from the sea floor, jungle, and desert sands of our planet with more than 1,000 forgotten secrets. It will **SHOCK** you. **SEE** this world as you've never seen it before. **DISCOVER** answers you never had. **GAIN** a new enjoyment. **HAVE FACTS** at your fingertips to amaze your friends.

the lost world of agharti: The Hollow Earth Enigma Alec Maclellan, 2013-02-01 In the first detailed investigation of a legendary belief that can be traced back to the dawn of time, the bestselling author of *The Lost World of Agharti* examines the possibility of an inner world, a hollow Earth which could explain some of the greatest mysteries of our time. Was this hollow Earth inhabited before mankind set foot on the planet's surface? Did the people of Atlantis and Mu take refuge there when catastrophe overtook them? Do UFOs come, not from outer space, from inside our own Earth? Bringing together years of painstaking research, Alec Maclellan looks not only at the persistent historical tradition but at the work of great scientists such as Edmond Halley and Leonhard Euler, infamous figures such as Cotton Mather and Adolf Hitler, and extraordinary researchers, each of who has devised an explanation for the legend. There have been men who claimed to have visited the Hollow Earth and provided eye-witness accounts of their journeys. Most thought-provoking of all is the vast amount of scientific evidence in support of the Hollow Earth concept, including explorers' reports of polar entranceways backed up by remarkable satellite photographs and evidence from unmanned spacecraft that other planets in our solar system may be hollow too. With many rare photographs *The Hollow Earth Enigma* explains how this extraordinary legend has captivated our imagination and how, despite its dismissal by science, it is scientifically possible.

the lost world of agharti: Gateways to the Otherworld Philip Gardiner, 2009-01-30 Is there life after death? Is there a world outside our own? **WHAT IF ANCIENT PEOPLE ALREADY KNEW THE ANSWERS TO THESE QUESTIONS?** Acclaimed author Philip Gardiner proves that our ancestors were far more advanced "scientifically and spiritually" than previously believed. Through a special technique, ancient Egyptians and others were able to journey to other realities within themselves - in short, to the Otherworld. The author undergoes his own experiments to prove the point. Gardiner also shows that ancient people knew more about their place in the universe than previously thought. They placed buildings and objects in specific places around the globe because these points had a distinct relation to the universal and human wave resonance of electromagnetism. When the ancients journeyed to these places, they were joining with God and visualizing the effect. The remarkable conclusions and discoveries in this book not only dispel some age - old myths, but also address questions such as:Is there a universal frequency that allows the mind to travel into other realms? Does the Great Pyramid hold a real secret to the quantum realm? What are those mysterious round towers found scattered around our planet? Is ESP real? What *Gateways to the Otherworld* uncovers are not just tales of ancient trips to other realms, nor theories on why stone circles were built in specific locations, but real answers based on thorough research and science.

the lost world of agharti: Gateways to the Otherworld (Volume 2 of 2) (EasyRead Super Large 18pt Edition) ,

the lost world of agharti: Gateways to the Otherworld (Volume 2 of 2) (EasyRead Super Large 20pt Edition) ,

the lost world of agharti: The Kingdom of Agartha Alexandre Saint-Yves d'Alveydre, 2023-12-03 First English translation of the book that introduced the realm of Hollow Earth. Explores the underground world of Agartha, sometimes known as Shambhala, a realm that is spiritually and technologically advanced beyond our modern culture. One of the most influential works of 19th-century occultism. Written by the philosopher who influenced Papus, Rene Gu  non, and Rudolf

Steiner. The underground realm of Agarttha was first introduced to the Western world in 1886 by the French esoteric philosopher Alexandre Saint-Yves d'Alveydre with his book *Mission de l'Inde*, translated here for the first time into English. Saint-Yves's book maintained that deep below the Himalayas were enormous underground cities, which were under the rule of a sovereign pontiff known as the Brahâma. Throughout history, the "unknown superiors" cited by secret societies were believed to be emissaries from this realm who had moved underground at the onset of the Kali-Yuga, the Iron Age. Ruled in accordance with the highest principles, the kingdom of Agarttha, sometimes known as Shambhala, represents a world that is far advanced beyond our modern culture, both technologically and spiritually. The inhabitants possess amazing skills their above ground counterparts have long since forgotten. In addition, Agarttha is home to huge libraries of books engraved in stone, enshrining the collective knowledge of humanity from its remotest origins. Saint-Yves explained that the secret world of Agarttha, and all its wisdom and wealth, would be made available for humanity when Christianity and all other known religions of the world began truly honoring their own sacred teachings.

the lost world of agharti: Visitors to the Inner Earth Professor Solomon, 2011-02 True tales (or so it was claimed) of subterranean journeys* King Herla in the cavern of the dwarfs* Enkidu and his descent into Sheol* Orpheus and Aeneas in Hades* Sir Owen in Purgatory* Cuchulain in Tir-nan-Og* Reuben and the mikvah stairway* Reverend Kirk and his abduction* Richard Shaver and the Deros* Saint-Yves d'Alveydre in Agharta* Thomas the Rhymer in Fairyland* Olaf Jansen and the polar opening* Apollonius of Tyana in the Abode of the Wise Men* Lobsang Rampa beneath the Himalayas* Doreal and the mysteries of Mount Shasta* Guy Ballard and the Ascended Masters* Captain Seaborn and his voyage to Symzonia* Walter Siegmeister and the Atlantean tunnels* Dianne Robbins and the Library of Porthologos And other visitors to the hidden depths of the earth.

the lost world of agharti: Reunion on the Rainbow Bridge Sherri Defesche, 2009 Reunion on the rainbow bridge is at once a personal memoir of a loving family and a metaphysical journey through time and space, following author Sherri Defesche through a moving past-life regression process in search of her parents' past lives--Provided by publisher.

the lost world of agharti: Gnosis Philip Gardiner, 2006-09-15 An examination of the alluring mysteries surrounding the ancient temple, revealing answers to questions that have puzzled generations. Solomon's Temple in Jerusalem—reputed to be the source of the most esoteric knowledge in human history—has fascinated scholars, seekers and dreamers for centuries. Generations of scholars and researchers have tried in vain to discover the fabled Temple of Solomon, only to be confronted by one problem after another. All the problems raised by these disparate and often desperate people have now been fully answered and can be revealed to the world. Through his own involvement in secret societies and his tenacious spirit, Philip Gardiner has unearthed the secrets of the Temple. From the Queen of Sheba and the arcane secrets of the Christian Gnostics to the Muslim Sufi and Hindu Avatars, Gnosis weaves a tale that is both profound and precise. Gardiner declares that the truth of Solomon's Temple has been known all along within the realm of esoteric understanding. Only one question remains: Is the world ready for the truth? Find the true secret of the Knights Templar and the mysteries of the ancients. Find the truth for yourself in Gnosis. Praise for Gnosis "Controversial, provocative, even profoundly "irritating" to some. . . . Gardiner eruditely challenges us all with this refreshing study . . . from the Garden of Eden into more modern times." —Dr. Karen Ralls, medieval historian and author of *The Templars and the Grail* "Gnosis is a refreshing creation of true spiritual teaching—as well as being a damn good read. Gardiner possesses that rare ability to weave history, mythology and spiritual tradition into writing that is both understandable and enjoyable. Gnosis will fascinate readers with its complex insights into spirituality." —Gnostic Communications internet magazine "In this remarkable and thought-provoking book, Gardiner has literally undressed the sacred mystical language of our ancestors and reveals one of the most profound Biblical concepts to be exposed in recent times." —Ernest Scott, author of *The People of the Secret*

the lost world of agharti: The Ark, The Shroud, and Mary Philip Gardiner, 2007-02-16 Why do the Ark of the Covenant, Mary's reliquary box, and Jesus' Coffin all have the same imagery? Was the Ark the container of the Covenant, the Ten Commandments, or the Chalice? Does the image of the Shroud of Turin contain a bioelectric field? These questions and others will be explored in *The Ark, The Shroud, and Mary*. Author Philip Gardiner recently won the acclaim of both scholars and the reading public with *The Serpent Grail*, which united three of the most mysterious objects known to man—the Grail, Elixir, and Philosophers Stone. Now, in this unique and thought-provoking work Gardiner proves that the Ark of the Covenant, the Shroud of Turin, and Mary are united in ways never before imagined. Travelling across the world, from Rome to India, Portugal to Egypt, Gardiner uncovers the trail of the Ark and finds that it does not lead to Ethiopia, as many believe, but instead in a direction that nobody could have imagined. The trail of the Ark takes Gardiner on a hunt into the very heart of an ancient secret society with clandestine meetings in far-off lands. Uniting the myth, tradition, and language of the Ark with the Shroud of Turin, Gardiner then goes on to re-date it, reveal how it was made, and identify whose image it actually recreates. Through his new-found contacts in the world of secret societies, Gardiner then shows how this incredible secret was protected by a dual brotherhood throughout time and was the secret source of the enlightenment spoken of by numerous orders from the Sufis to the Knights Templar. *The Ark, The Shroud, and Mary* outshines *The Da Vinci Code* for the simple reason that it is the factual story of one man's fight to uncover the truth.

the lost world of agharti: Secrets of the Serpent Philip Gardiner, 2006 *Secrets of the Serpent: In Search of the Sacred Past* by Philip Gardiner Across time and across the world, an ancient serpent cult once dominated mankind. Then a great battle ensued and Christianity stamped its authority on the face of the planet. Now, after years of research, the real religious history of the world can be told. In *Secrets of the Serpent*, Philip Gardiner for the first time reveals the world's most mysterious places were once sacred to the Serpent Cult. The history and mythology of the so-called reptilian agenda and alien visitation in ancient times now has a solid opponent - giving answers for the many symbols and myths often confused by those who believe in such things. In *Secrets of the Serpent*, the author reveals the real bloodline spoken of by Dan Brown in the *Da Vinci Code*- it was in fact a serpent bloodline. Philip Gardiner is the international best selling author of *The Shining Ones*, *The Serpent Grail*, *Gnosis: The Secret of Solomon's Temple Revealed and Proof - Does God Exist?* He has appeared on hundreds of radio and television programs worldwide speaking on religion and propaganda. He has infiltrated various secret societies and been initiated into Orders many people had thought were long forgotten. Committed to the constant struggle to uncover the real history of mankind and the unraveling of manipulative propaganda, he has come up against many obstacles and yet in his book, *The Serpent Grail* he reveals a truth about the Holy Grail that gained the backing of academia and scholars. The truth shall be found in the *Secrets of the Serpent*

the lost world of agharti: Black Terror White Soldiers David Livingstone, 2013-06-16 Far too ignorant of the histories of the rest of the world, being aware of only the accomplishments of Greece, Rome and Europe, Westerners have been made to believe that their societies represent the most superior examples of civilization. However, the Western value system stems from a misconception that, as in nature, human society too is evolving. The idea derives from the hidden influence of secret societies, who followed the belief in spiritual evolution of the Kabbalah, which taught that history would attain its fulfillment when man would become God, and make his own laws. Therefore, the infamous Illuminati gave its name to the Enlightenment of the eighteenth century, which claimed that human progress must abandon superstition, meaning Christianity, in favor of reason. Thus the Illuminati succeeded in bringing about the French and American revolutions, which instituted the separation of Church and State, and from that point forward, the Western values of Humanism, seen to include secularism, human rights, democracy and capitalism, have been celebrated as the culmination of centuries of human intellectual evolution. This is the basis of the propaganda which has been used to foster a Clash of Civilizations, where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy. Where once the

spread of Christianity and civilizing the world were used as pretexts for colonization, today a new White Man's Burden makes use of human rights and democracy to justify imperial aggression. However, because, after centuries of decline, the Islamic world is incapable of mobilizing a defense, the Western powers, as part of their age-old strategy of Divide and Conquer, have fostered the rise of Islamic fundamentalism, to both serve as agent-provocateurs and to malign the image of Islam. These sects, known to scholars as Revivalists, opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors. Thus were created the Wahhabi and Salafi sects of Islam, from which were derived the Muslim Brotherhood, which has been in the service of the West ever since. But, the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies, being based on a Rosicrucian myth of Egyptian Freemasonry, which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades, thus forming the foundation of the legends of the Holy Grail. These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists, but would fundamentally shape much of twentieth century history.

the lost world of agharti: Secret of the Andes Ann Nolan Clark, 1976-10-28 A Newbery Medal Winner An Incan boy who tends llamas in a hidden valley in Peru learns the traditions and secrets of his ancestors. The story of an Incan boy who lives in a hidden valley high in the mountains of Peru with old Chuto the llama herder. Unknown to Cusi, he is of royal blood and is the 'chosen one.' A compelling story.—Booklist

the lost world of agharti: Beyond Science Fiction! Jim Wilhelmsen, 2009 Jim has had a lifelong interest in UFOs since he was a child in the late 50's. This led to his current position as a Religious Research specialist for the Mutual UFO Network since 1996. He is also a member of the alumni at Central Bible College and was ordained by the Independent Assemblies of God in 1980. An avid reader, Jim is experienced and comfortable with studying the Bible in its original languages and spending hours in research as a hobby. Originally from Detroit Michigan, Jim founded and served in one of the nation's first evangelical Christian Motorcycle clubs in the early 70's which appeared on the 700 club. Jim served as Pastor in the inner city of Detroit working within the counter cultures associated with drugs and gangs. He has had almost 30 years experience working in deliverance ministries engaged in spiritual warfare that have enabled many to be set free from these bondages. Taking this experience with him into the investigation of UFOs and Alien abductions, Jim has become actively involved within the UFO community. With two other colleagues, The Alien Abduction Crises Centers of America was founded. This is a nation-wide network to provide Biblical based support and help for abductees after receiving terminations of their abduction experiences from the Biblical based counseling they provide as a free service. Jim has also traveled across the US providing Biblical based information at UFO conventions which led to setting up a book store/ museum in Roswell NM where he lived for four years. This book is the result of over ten years intensive first hand investigation and study of the subject and the people involved. It promises to be one of the most comprehensive scripturally backed books written so far, that weaves many different topics into one story of Paradise lost and found. Not since the great flood of Noah has there been such an elaborate deception put upon mankind. This book exposes it all for your consideration. Unlike many sensational books that leave you left in fear and hopelessness, this book will leave you with hope and answers for the fearful things described and soon to fall upon an unsuspecting planet.

the lost world of agharti: Arktos Joscelyn Godwin, 1996 Arktos is the first book ever written on the archetype of the Poles: celestial and terrestrial, North and South. It is a hair-raising voyage through cosmology, occultism and conspiracy theory leads to startling revelations about the secrets of the Poles. The author investigates legends of a Golden Age, which some claim ended in a prehistoric catastrophe, a shift in the earth's axis. This is examined in the light of the latest geological theories, as are predictions of a coming pole-shift. The perennial fascination of these ideas is shown to be part of a polar tradition of hidden wisdom. There are many recorded tales of an ancient race said to have lived in the Arctic regions, which later spread through the Northern

Hemisphere. This supposedly Aryan Race entered the pantheon of Nazi Germany, with dreadful consequences. The author examines the origins of modern neo-Nazi ideology, its polar inspiration, and its links with other arcana, including the survival of Hitler, German bases in Antarctica, UFOS, the Hollow Earth, and the hidden kingdoms of Agartha and Shambhala. However, Arktos differs from most writings on these subjects in its responsible and scholarly treatment, and its extensive use of foreign-language sources.--Provided by publisher.

the lost world of agharti: *The Enigmas of History* Alan Baker, 2012-11-02 History is replete with unanswered questions regarding our own past and that of the world in which we live. Some of these questions are mere curiosities; others are of the profoundest importance to our cultural identity and have a serious bearing on our future. Each self-contained chapter in *The Enigmas of History* covers a particular mystery, ranging across the globe and throughout history: from Atlantis to the Amazons; from the Ark of the Covenant to the enigma of the Black Madonnas; and from the weird mystery of Spring-heeled Jack to visions of the Virgin Mary. Among the topics explored are: • The strange history of the Dogon tribe of Mali in West Africa, who believe that they were visited in the distant past by amphibious beings from another star • The legend of the lost Himalayan kingdom of Shambhala • The mystery of the crystal skulls • The enigma of the indecipherable Voynich manuscript *The Enigmas of History* is an entertaining, informative compendium of strange events and weird encounters with the unexplained. It is packed with information on historical mysteries, puzzles and bewildering discoveries, and will intrigue the historian and general reader alike.

the lost world of agharti: Hitler's Terror Weapons Geoffrey Brooks, 2008-10-20 This is the story of the Terror Weapons developed by Hitler and Nazi Germany that were intended to be unleashed with devastating effect on the rest of the World. The book charts the development of the V rockets and their successes against allied targets. It then goes on to look at the even more sinister deadly weapons that Hitler was planning and developing, but fortunately did not succeed in producing. *Hitler's Terror Weapons* tells of the desperate efforts of the Nazis to produce war-winning weapons, and the measures taken by the Allies at the high levels to frustrate them in their aim.

the lost world of agharti: *By the Tale of the Dragonfly* Vincent Hancock, 2019-07-12 Based on five diary journals, the accounts in this work is a true-life genre of Rex, an itinerant soldier of fortune during the second millennia of the twentieth century. When the second world war broke out, Rex left his job as a Police Special Constable in Bilston, England to enlist with the Corp of Royal Engineers. On June 4th, 1944, Rex was sent as advance party to the beachhead at Arromanches on the Normandy coastline as part of the greatest naval invasion in history, Operation Overlord or D Day. Rex spent a hard year fighting against the Nazis well entrenched in Northern Europe. He was then relocated to India to help fight against the Japanese Imperial forces. When the war against Japan ended abruptly with the two atomic bomb explosions, our protagonist decided to opt for a life of high adventure after purchasing two former Royal Navy Motor Torpedo Boats. He then became the skipper of his own destiny making a living as a mercenary on the high seas in the South Pacific. This is his story.

the lost world of agharti: Secret Societies Philip Gardiner, 2007-01-01 Yet again, Gardiner finds himself on a journey across the world to uncover the ancient secrets of the worlds most powerful men.

the lost world of agharti: Gateways to the Otherworld (Volume 2 of 2) (EasyRead Super Large 24pt Edition) ,

the lost world of agharti: *GNOSIS (Volume 2 of 2) (Easyread Super Large 20pt Edition) ,*

the lost world of agharti: Alien Arrival Michael Fitzgerald, 2015-02-28 Aliens are among us already and their activities have increased enormously with the arrival of the new millennium. Journey with the author as he examines human/extraterrestrial interaction from ancient times to the present. Sightings, contact, and abduction cases are all considered, as well as a detailed study of the evidence for life on other planets, especially on Mars and the Moon. Become part of the search for extraterrestrial life and attempts to communicate with it. Explore the coverups and conspiracies,

doomsday scenarios, and the possibility that the increase in UFO activity represents an attempt by extraterrestrials to encourage us to change direction and work together for the salvation of our planet. Or...is there a much more sinister plan afoot? Prediction: By the year 2030, we will have definite proof of the existence of intelligent life on other planets. Mysteries beckon.

the lost world of agharti: The Mole People Jennifer Toth, 1995-10-01 This book is about the thousands of people who live in the subway, railroad, and sewage tunnels of New York City.

the lost world of agharti: A Culture of Conspiracy Michael Barkun, 2003 Unravelling the genealogies and permutations of conspiracist worldviews, this work shows how this web of urban legends has spread among sub-cultures on the Internet and through mass media, and how this phenomenon relates to larger changes in American culture.

the lost world of agharti: Quest for Genesis David Gau-Ghan, 2000-03-24 How much power do we have over our own destiny? This question has intrigued humanity throughout history and many believe that they have total free will, while others tend to play the role of victim. The truth lies somewhere in between. Journey with Zakeera, Blue-Star Commander, as he travels to the inner earth in search of the Genesis machine, a device installed by the Founders who originally prepared the Earth for habitation. In legends of old it is said that the one who controls Genesis will possess the power to control the universe. Join Zakeera in his quest as he confronts his darker side and discovers the power inherent within each one of us-plus the choices we have in using this power to change our world.

the lost world of agharti: Mount Shasta Bruce Walton, 1985 1985 Legend proclaims that Mt. Shasta in Northern California was the last refuge of the survivors of the lost continent of Lemuria. Here, the tales relate, the Lumurians established a secret colony preserving their ancient customs. the author shows wit.

the lost world of agharti: Lost Worlds John Howe, 2009-11-10 Cover has a circular, plastic-covered opening.

the lost world of agharti: Secrets of the Lost Races Rene Noorbergen, 2001 An increasing number of historical and archaeological finds made around the world have been classified as out-of-place artifacts (ooparts). They have been called this because they appear unexpectedly among the ruins of the past with no evidence of a preceding period of development; their technological sophistication seems far beyond the capabilities of ancient peoples. Drawing on the literature and art of the Chaldeans, Sumerians, Babylonians and others, Rene Noorbergen's contention is that a superior race of man was responsible for these scientific marvels that bear testimony to a civilization with technology comparable to our own.

the lost world of agharti: A Dark and Stormy Oeuvre David Huckvale, 2015-12-11 Edward Bulwer-Lytton--who coined the terms the great unwashed and the pen is mightier than the sword--is best remembered for persuading Dickens to change the ending of *Great Expectations*; but Lord Lytton was a prolific and influential novelist in his own right, inspiring Edgar Allan Poe, H. Rider Haggard and Madame Blavatsky, among others. His radicalism was applauded by William Godwin, the father of both Mary Shelley and the anarchist movement, and his ideas about power foreshadowed those of Friedrich Nietzsche. Fascinated by crime, Bulwer-Lytton was an outspoken critic of his society, both in his novels and throughout his political career. Equally fascinated by paranormal phenomena, he wrote two of the most important occult fantasies in English literature and set the agenda of the Society for Psychical Research. His historical romance *The Last Days of Pompeii* has inspired several movies and a star-studded television series, while his stately home at Knebworth has provided brooding Gothic backdrops for many other films. This book covers Bulwer-Lytton's novels in detail, exploring their influence on writers and film makers and, via Richard Wagner's operatic adaptation of *Rienzi*, the catastrophe of Adolf Hitler.

the lost world of agharti: Escape from Kathmandu Kim Stanley Robinson, 2014-01-07 Kim Stanley Robinson's *Escape From Kathmandu* is a light-hearted fantasy tribute to the world of extreme mountain climbing follows the adventures of two American expatriates living in Nepal. Living in the city of Kathmandu in the Kingdom of Nepal are dozens of American and British

expatriates who are in love with the Himalayas. George Fergusson is one of them--he works as a trek guide for Take You Higher, Ltd., leading groups of tourists into the back country and occasionally assisting on serious climbs. George Freds Fredericks is another--a tall, easy-going American who converted to Buddhism while in college. He visited Nepal one year and never went home. The adventures started when George and Freds got together over the capture of a Yeti--an abominable snowman--by a scientific expedition. The thought of such a wild and mysterious creature in captivity--in prison--was too much for them to bear. And in freeing the Yeti, a great partnership was born. George and Freds will go on to greater heights as they explore the mysteries of Nepal, from Shangri-La to Kathmandu's governmental bureaucracy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
