wingfeather pdf: Truth on Fire Adam Ramsey, 2021-09-01 Knowing God truly, experiencing Him deeply. What would it look like to genuinely love God with our head AND our heart? To have a faith marked by right thinking AND right feeling? To know God deeply AND worship him passionately? Too often, Christians act as though these things are at odds with one another. But what if God intends for us to possess a Christianity that is radically committed to biblical truth, in a way that did not diminish the life of the heart, but actually intensified it? Adam Ramsey invites us to engage both our minds and our emotions in our walk with God as we gaze at him until our hearts sing. He sums it up like this: My hope in these following pages is to paint a biblical portrait of what God is actually like, so that we can gaze upon him together until our hearts can't help but sing. To behold him in such a way that our daily experience is transformed with a deepened awareness of who it is we pray to, who it is that is with us, and who it is that we are loved by. To let God's truth set our hearts on fire. If you yearn for God but desire a clearer biblical picture of this God whom you love, or if you have been walking with God for a while now, but your experience of him has become settled or dry, then this book is for you.

wingfeather pdf: *How to Kill a Dragon* Calvert Watkins, 1995 In *How to Kill a Dragon* Calvert Watkins follows the continuum of poetic formulae in Indo-European languages, from Old Hittite to medieval Irish. He uses the comparative method to reconstruct traditional poetic formulae of considerable complexity that stretch as far back as the original common language. Thus, Watkins reveals the antiquity and tenacity of the Indo-European poetic tradition. Watkins begins this study with an introduction to the field of comparative Indo-European poetics; he explores the Saussurian notions of synchrony and diachrony, and locates the various Indo-European traditions and ideologies of the spoken word. Further, his overview presents case studies on the forms of verbal art, with selected texts drawn from Indic, Iranian, Greek, Latin, Hittite, Armenian, Celtic, and Germanic languages. In the remainder of the book, Watkins examines in detail the structure of the dragon/serpent-slaying myths, which recur in various guises throughout the Indo-European poetic tradition. He finds the signature formula for the myth-the divine hero who slays the serpent or overcomes adversaries-occurs in the same linguistic form in a wide range of sources and over millennia, including Old and Middle Iranian holy books, Greek epic, Celtic and Germanic sagas, down to Armenian oral folk epic of the last century. Watkins argues that this formula is the vehicle for the central theme of a proto-text, and a central part of the symbolic culture of speakers of the Proto-Indo-European language: the relation of humans to their universe, the values and expectations of their society. Therefore, he further argues, poetry was a social necessity for Indo-European society, where the poet could confer on patrons what they and their culture valued above all else: imperishable fame.

wingfeather pdf: *The God of the Garden* Andrew Peterson, 2021-10-26 There's a strong biblical connection between people and trees. They both come from dirt. They're both told to bear fruit. In fact, arboreal language is so often applied to humans that it's easy to miss, whether we're talking about family trees, passing along our seed, cutting someone off like a branch, being rooted to a place, or bearing the fruit of the Spirit. It's hard to deny that trees mean something, theologically speaking. This book is in many ways a memoir, but it's also an attempt to wake up the reader to the glory of God shining through his creation. One of the first commands to Adam and Eve was to "work and keep" the garden. Award-winning author and songwriter Andrew Peterson, being as honest as possible, shares a story of childhood, grief, redemption, and peace, by walking through a forest of memories: "I trust that by telling my story, you'll encounter yours. Hopefully, like me, you'll see that the God of the Garden is and has always been present, working and keeping what he loves." Sometimes he plants, sometimes he prunes, but in his goodness he intends to reap a harvest of righteousness.

wingfeather pdf: *A Grammar of Kham* David E. Watters, 2009-10-01 First published in 2002, this is a comprehensive grammatical documentation of Kham, a previously undescribed language from west-central Nepal, belonging to the Tibeto-Burman language family. The language contains a number of grammatical systems that are of immediate relevance to current work on linguistic theory, including split ergativity, a mirative system, and a rich class of derived adjectivals. Its verb morphology has implications for the understanding of the history of the entire Tibeto-Burman family. The book, based on extensive fieldwork, deals with all major aspects of the language including segmental phonology, tone, word classes, noun phrases, nominalizations, transitivity alterations, tense-aspect-modality, non-declarative speech acts, and complex sentence structure. It provides copious examples throughout the exposition and includes three short native texts and a vocabulary of more than 400 words, many of them reconstructed for Proto-Kham and Proto-Tibeto-Burman.

wingfeather pdf: *What Is Biblical Theology?* James M. Hamilton Jr., 2013-11-30 Is the Bible just a random collection of old stories, or is there something more going on within the pages of Scripture? Is it possible that the ancient books of the Old and New Testaments are part of a single, unified story, begun long ago but extending into our world today? In this introduction to biblical theology, professor James Hamilton orients Bible readers afresh to the overarching story line of Scripture, helping Christians read and interpret the Bible as the biblical writers intended and as the early Christians read it. Examining Scripture's key symbols, patterns, and themes, Hamilton helps readers truly grasp—and be transformed by—the theology of redemption contained in God's Word.

wingfeather pdf: Dissemination Jacques Derrida, 2021-01-28 Interpretations of Plato, Stéphane Mallarmé, and Philippe Sollers' writings in three essays: "Plato's Pharmacy," "The Double Session," and "Dissemination." "The English version of Dissemination [is] an able translation by Barbara Johnson . . . Derrida's central contention is that language is haunted by dispersal, absence, loss, the risk of unmeaning, a risk which is starkly embodied in all writing. The distinction between philosophy and literature therefore becomes of secondary importance. Philosophy vainly attempts to control the irrecoverable dissemination of its own meaning, it strives—against the grain of language—to offer a sober revelation of truth. Literature—on the other hand—flaunts its own meretriciousness, abandons itself to the Dionysiac play of language. In Dissemination—more than any previous work—Derrida joins in the revelry, weaving a complex pattern of puns, verbal echoes and allusions, intended to 'deconstruct' both the pretension of criticism to tell the truth about literature, and the pretension of philosophy to the literature of truth." —Peter Dews, The New Statesman

wingfeather pdf: Remember Death Matthew McCullough, 2018-08-08 Life-expectancy worldwide is twice what it was a hundred years ago. And because of modern medicine, many of us don't often see death up close. That makes it easy to live as if death is someone else's problem. It isn't. Ignoring the certainty of death doesn't protect us from feeling its effects throughout the lives we're living now. But this avoidance can hold us back from experiencing the powerful, everyday relevance of Jesus's promises to us. So long as death remains remote and unreal, Jesus's promises will too. But honesty about death brings hope to life. That's the ironic claim at the heart of this book. Cultivating death-awareness helps us bring the promises of Jesus from the hazy clouds of some other world into the everyday problems of our world—where they belong.
