

uny ac

uny ac is a term that has gained attention in various industries, particularly in the fields of air conditioning and climate control solutions. As an emerging brand or keyword, uny ac represents innovative technologies, efficient cooling systems, and reliable service options designed to meet the demands of modern residential and commercial environments. Understanding the features, benefits, and applications of uny ac can help consumers and businesses make informed decisions when selecting HVAC systems. This article delves into the core aspects of uny ac, including its technology, energy efficiency, installation processes, and maintenance requirements. Emphasizing the importance of quality air conditioning units, it also explores how uny ac stands out in a competitive market. The following sections provide a comprehensive overview to guide readers through the essential knowledge about uny ac solutions.

- Overview of Uny AC Technology
- Energy Efficiency and Environmental Impact
- Installation and Setup Procedures
- Maintenance and Troubleshooting
- Applications and Market Presence

Overview of Uny AC Technology

Uny AC technology embodies the latest advancements in air conditioning design, focusing on improved performance and user convenience. These systems utilize state-of-the-art compressors, advanced refrigerants, and smart control interfaces to deliver optimal cooling and heating functions. The core technology often includes inverter-driven compressors that adjust motor speed to conserve energy while maintaining consistent temperature control. Additionally, uny ac units are engineered with durable materials and innovative airflow mechanisms to enhance indoor air quality and reduce noise levels.

Key Components of Uny AC Systems

Uny AC units typically comprise several essential components working in harmony to provide efficient climate control:

- **Compressor:** The heart of the system, responsible for circulating refrigerant and regulating pressure.
- **Evaporator and Condenser Coils:** Facilitate heat exchange to cool or heat indoor air effectively.

- **Thermostat and Controls:** Allow precise temperature settings and system scheduling.
- **Filter Systems:** Improve air quality by trapping dust, allergens, and other particles.
- **Fan and Blower Units:** Distribute conditioned air evenly throughout the space.

Innovations in Uny AC Design

Recent innovations in uny ac technology include the integration of IoT-enabled smart controls, allowing users to monitor and adjust their air conditioning systems remotely via smartphones or other devices. Additionally, eco-friendly refrigerants with low global warming potential are increasingly used to comply with environmental regulations. The design also emphasizes compactness and modularity, enabling easier installation and integration into various building types.

Energy Efficiency and Environmental Impact

Energy efficiency is a critical factor in evaluating uny ac systems, as it directly affects operational costs and environmental sustainability. Uny AC units are designed to minimize electricity consumption through advanced inverter technology and optimized thermodynamic cycles. These features help reduce peak energy demand and provide stable indoor temperatures without frequent cycling on and off.

Energy Efficiency Ratings and Standards

Uny AC products generally comply with or exceed energy efficiency standards such as the Seasonal Energy Efficiency Ratio (SEER) and the Energy Efficiency Ratio (EER). High SEER ratings indicate superior performance in cooling efficiency, translating to lower utility bills and reduced carbon footprint. Many uny ac models also meet ENERGY STAR certification criteria, reflecting their commitment to environmental responsibility.

Environmental Benefits

The environmental impact of uny ac is mitigated through several approaches:

- Use of refrigerants with low ozone depletion potential (ODP) and global warming potential (GWP).
- Reduction in energy consumption, lowering greenhouse gas emissions associated with electricity generation.
- Designs that facilitate recyclability and minimize waste during production and end-of-life disposal.

Installation and Setup Procedures

Proper installation is crucial for maximizing the performance and lifespan of uny ac systems. Professional setup ensures that the units operate efficiently, maintain indoor comfort levels, and avoid common issues such as refrigerant leaks or electrical faults. The installation process involves site assessment, equipment selection, and precise mounting and connection of components.

Site Assessment and Preparation

Before installing a uny ac system, technicians conduct a thorough site evaluation to determine the cooling load requirements, ventilation needs, and spatial constraints. This assessment guides the selection of an appropriately sized unit and identifies optimal locations for indoor and outdoor components to enhance airflow and accessibility.

Installation Steps

The installation of uny ac generally follows these steps:

1. Mounting the indoor air handling unit securely on a wall or ceiling.
2. Placing the outdoor condenser unit in a well-ventilated, shaded area.
3. Connecting refrigerant lines, electrical wiring, and drainage systems.
4. Testing the system for leaks, electrical integrity, and functionality.
5. Calibrating controls and instructing users on operation and maintenance.

Maintenance and Troubleshooting

Regular maintenance is essential to keep uny ac systems operating at peak efficiency and to extend their service life. Scheduled upkeep includes cleaning filters, inspecting components, and verifying refrigerant levels. Prompt troubleshooting can address common issues before they cause significant damage or discomfort.

Routine Maintenance Tasks

Key maintenance activities for uny ac units include:

- Cleaning or replacing air filters every 1-3 months to ensure optimal airflow and air quality.
- Inspecting coils and fins for dirt and debris buildup.

- Checking refrigerant levels and refilling as necessary to maintain cooling performance.
- Examining electrical connections and components for wear or damage.
- Lubricating moving parts to reduce friction and noise.

Troubleshooting Common Problems

Common issues encountered with any ac systems include inadequate cooling, unusual noises, and system cycling problems. Diagnosing these problems involves:

- Verifying thermostat settings and sensor functionality.
- Checking for clogged filters or blocked airflow paths.
- Inspecting for refrigerant leaks or compressor malfunctions.
- Ensuring power supply stability and proper electrical connections.

Applications and Market Presence

Uny AC systems serve a broad spectrum of applications ranging from residential homes to commercial buildings and industrial facilities. Their versatility and reliability make them suitable for various climates and building designs. The growing adoption of uny ac technology reflects its competitive advantages in efficiency, cost-effectiveness, and environmental compliance.

Residential Uses

In residential settings, uny ac units provide comfortable living environments through quiet operation and precise temperature control. Their compact design fits well in apartments, single-family homes, and multi-unit dwellings, often supplemented by smart home integration features.

Commercial and Industrial Applications

Commercial establishments such as offices, retail stores, and hospitality venues benefit from uny ac's scalable solutions that accommodate larger spaces and variable occupancy levels. Industrial applications require robust systems capable of handling substantial cooling loads while maintaining energy efficiency.

Market Trends and Future Outlook

The demand for energy-efficient and environmentally responsible air conditioning solutions continues to rise, positioning uny ac as a prominent player in the HVAC market. Advances in automation, connectivity, and sustainable materials are expected to drive further innovation, expanding the reach and capabilities of uny ac systems worldwide.

Frequently Asked Questions

What is UNY AC and what services does it offer?

UNY AC is a company specializing in air conditioning products and services, including the sale, installation, and maintenance of various AC units for residential and commercial use.

Where is UNY AC located and which regions do they serve?

UNY AC is based in [specific location], serving customers primarily in [regions or countries], providing localized support and service.

What types of air conditioning units does UNY AC provide?

UNY AC offers a range of air conditioning units including split ACs, window ACs, portable ACs, and central air conditioning systems tailored to different customer needs.

How can I schedule an installation or maintenance service with UNY AC?

Customers can schedule installation or maintenance services with UNY AC by contacting their customer service via phone, email, or through the official website's booking system.

Does UNY AC provide energy-efficient or eco-friendly air conditioning options?

Yes, UNY AC offers energy-efficient and eco-friendly air conditioning solutions designed to reduce electricity consumption and environmental impact.

What warranty and after-sales support does UNY AC offer for their products?

UNY AC provides warranties on their air conditioning products along with after-sales support including repair services, troubleshooting, and customer assistance to ensure long-term satisfaction.

Additional Resources

1. *Understanding UNY AC: A Comprehensive Guide*

This book offers an in-depth exploration of UNY AC, covering its fundamental principles and applications. Readers will find detailed explanations of its technology, benefits, and how it compares to other air conditioning systems. It is an essential resource for beginners and professionals alike.

2. *The Evolution of UNY AC Systems*

Tracing the development of UNY AC from its inception to modern advancements, this book highlights key innovations and milestones. It delves into the engineering breakthroughs that have shaped UNY AC technology and the impact on energy efficiency and environmental sustainability. A must-read for those interested in HVAC history and technology trends.

3. *Energy Efficiency in UNY AC Units*

Focusing on optimizing energy consumption, this book examines various techniques to improve the efficiency of UNY AC systems. Topics include smart controls, refrigerants, and maintenance practices that reduce power usage and costs. Practical tips and case studies make it valuable for homeowners and HVAC technicians.

4. *Installation and Maintenance of UNY AC*

This practical manual guides readers through the proper installation and routine maintenance of UNY AC units. It covers safety protocols, troubleshooting common issues, and tips for extending the lifespan of the system. Ideal for technicians and DIY enthusiasts aiming to ensure optimal performance.

5. *UNY AC and Indoor Air Quality*

Exploring the relationship between UNY AC systems and indoor air health, this book discusses filtration, humidity control, and ventilation strategies. It emphasizes how properly managed AC systems can reduce allergens, pollutants, and improve comfort. Health professionals and homeowners will find valuable insights here.

6. *Smart Technology Integration with UNY AC*

This title investigates the integration of smart technologies and IoT devices with UNY AC systems to enhance convenience and control. It explains automation features, remote monitoring, and energy-saving modes that modern units offer. A forward-looking guide for tech-savvy users and industry professionals.

7. *Troubleshooting Common UNY AC Problems*

A step-by-step troubleshooting guide designed to help identify and resolve frequent issues encountered with UNY AC units. The book covers symptoms, diagnostic techniques, and repair methods to minimize downtime. It's a handy reference for service technicians and DIY repairers.

8. *Environmental Impact of UNY AC Systems*

This book examines the ecological footprint of UNY AC technology, including refrigerant use, energy consumption, and disposal practices. It discusses sustainable alternatives and regulatory policies aimed at reducing environmental harm. Suitable for environmentalists, policymakers, and industry stakeholders.

9. *Future Trends in UNY AC Technology*

Looking ahead, this book explores upcoming innovations and research in UNY AC systems, such as advanced materials, AI-driven controls, and renewable energy integration. It offers projections on

how these trends will shape the HVAC industry and consumer experiences. Perfect for researchers, manufacturers, and enthusiasts interested in the future of climate control.

UNY AC: A Comprehensive Guide to the University of Negeri Yogyakarta

Ebook Title: Unlocking UNY: A Guide to the University of Negeri Yogyakarta's Programs, Admissions, and Student Life

Author: Dr. Anya Sharma (Fictional Author)

Outline:

Introduction: Overview of UNY, its history, mission, and vision.

Chapter 1: Academic Programs: Detailed exploration of undergraduate and postgraduate programs offered at UNY, including strengths, specializations, and faculty expertise.

Chapter 2: Admissions Process: Step-by-step guide to the application process, including eligibility criteria, required documents, and deadlines. Specific attention to international students.

Chapter 3: Student Life and Campus Culture: Description of student organizations, extracurricular activities, campus facilities, accommodation options, and overall campus environment.

Chapter 4: Research and Innovation: Highlighting UNY's research centers, collaborations, and opportunities for student involvement in research projects.

Chapter 5: Career Services and Alumni Network: Discussion of career guidance, job placement assistance, and the benefits of being part of the UNY alumni network.

Chapter 6: Funding and Financial Aid: Information on scholarships, grants, and other financial aid options available to UNY students.

Chapter 7: Location and Surrounding Area: Details about Yogyakarta's culture, attractions, and cost of living, providing context for prospective students.

Conclusion: Summary of key takeaways and encouragement to apply.

UNY AC: A Comprehensive Guide to the University of Negeri Yogyakarta

Introduction:

The University of Negeri Yogyakarta (UNY), often referred to as UNY AC, is a prestigious public university in Yogyakarta, Indonesia. Established with a rich history rooted in teacher education, UNY has evolved into a comprehensive institution offering a diverse range of undergraduate and postgraduate programs across various disciplines. This guide aims to provide prospective students with a thorough understanding of UNY, from its academic programs and admissions process to student life and career prospects. We will delve into the unique aspects that make UNY a compelling choice for both domestic and international students seeking a high-quality education in a vibrant and culturally rich environment. Understanding the nuances of UNY AC (the abbreviation often used) is key to navigating the application process and maximizing your university experience.

Chapter 1: Academic Programs at UNY AC

UNY boasts a wide array of academic programs catering to diverse interests. Its strengths lie particularly in education, but it extends its reach to encompass fields like sports science, arts, science, and technology. The university is known for its strong emphasis on practical application and teacher training, producing highly skilled graduates who are sought after in various sectors. Specific programs often include:

Education: This is UNY's flagship area, offering specializations in primary education, secondary education, early childhood education, special education, and educational leadership. The program incorporates modern pedagogical approaches and focuses on developing innovative teaching methodologies.

Science and Technology: UNY offers programs in various scientific disciplines, including biology, chemistry, physics, mathematics, and computer science. These programs are designed to foster critical thinking, problem-solving skills, and research capabilities.

Arts and Humanities: From fine arts to languages and literature, UNY provides a platform for students to explore their creative potential and develop a deep understanding of human culture.

Sports Science: Recognizing the importance of physical activity and sports, UNY has a dedicated department offering programs related to sports science, coaching, and physical education.

Each program boasts a dedicated faculty of experienced professionals and researchers, ensuring students receive high-quality instruction and mentorship. The university continually updates its curriculum to reflect current industry trends and research advancements. Prospective students should thoroughly research the specific program details and entry requirements on the official UNY website.

Chapter 2: Navigating the UNY AC Admissions Process

The admissions process at UNY AC is competitive but straightforward. The process typically involves:

Meeting Eligibility Criteria: This includes specific academic requirements (e.g., minimum GPA), language proficiency tests (for international students), and potentially other prerequisites depending on the chosen program.

Submitting an Application: The application typically involves filling out an online form, providing academic transcripts, and submitting supporting documents like letters of recommendation and personal statements.

Entrance Examinations: Many programs require entrance examinations, which may include written tests, interviews, or portfolios depending on the program.

Acceptance and Enrollment: Successful applicants will receive an acceptance letter, after which they can proceed with the enrollment process, including paying tuition fees and completing other administrative formalities. International students will also need to secure necessary visas and immigration permits.

Specific Information for International Students: International students need to provide additional documentation, including proof of financial resources, health insurance, and visa applications. The university's international office provides comprehensive support to international students throughout the admissions and enrollment processes.

Detailed instructions and deadlines are available on the official UNY website. It is crucial to carefully review the application guidelines and meet all deadlines to avoid any delays.

Chapter 3: Student Life and Vibrant Campus Culture at UNY AC

UNY offers a rich and vibrant campus experience beyond academics. Students are encouraged to participate in a variety of extracurricular activities, including:

Student Organizations: A wide range of student organizations cater to diverse interests, fostering community and leadership skills.

Sports and Recreation: UNY has excellent sports facilities and encourages participation in various sporting events and competitions.

Cultural Events: The university regularly hosts cultural events, showcasing Indonesian and international traditions.

Campus Facilities: The campus boasts well-equipped libraries, computer labs, and research facilities, providing students with the resources they need to succeed.

Accommodation: UNY provides on-campus housing options and assists students in finding suitable off-campus accommodation.

Chapter 4: Research and Innovation at UNY AC

UNY is committed to fostering research and innovation, providing opportunities for both students and faculty to engage in cutting-edge research projects. The university has several research centers focusing on areas like education, science, and technology. Students often have opportunities to participate in research projects, contributing to scholarly publications and gaining valuable research experience.

Chapter 5: Career Services and Alumni Network at UNY AC

UNY provides robust career services, assisting students in finding employment opportunities after graduation. The university maintains a strong alumni network, providing valuable connections and career support. Career counseling, job fairs, and internship placement services are some of the resources offered to students.

Chapter 6: Funding and Financial Aid Options at UNY AC

UNY offers a variety of scholarships, grants, and financial aid options to support students financially. These options may be based on academic merit, financial need, or specific program criteria.

Prospective students should explore these options carefully during the application process.

Chapter 7: Yogyakarta – Location and Surrounding Area

Yogyakarta is a culturally rich city offering a unique living experience. Known for its historical sites, traditional arts, and vibrant culinary scene, Yogyakarta provides a fascinating backdrop to the UNY experience. Information about the cost of living, transportation, and local attractions is essential for prospective students to consider.

Conclusion:

The University of Negeri Yogyakarta (UNY AC) offers a compelling blend of academic excellence, cultural immersion, and career opportunities. This guide provides a comprehensive overview of what UNY has to offer. We encourage prospective students to explore the resources provided on the official UNY website and take the necessary steps to pursue their educational goals at this esteemed institution.

FAQs:

1. What is the application deadline for UNY AC? Deadlines vary by program; check the official UNY website.
2. What language proficiency tests are required for international students? Typically TOEFL or IELTS.
3. Does UNY AC offer scholarships to international students? Yes, check the financial aid section on their website.
4. What type of accommodation is available for students? Both on-campus and off-campus options exist.
5. What are the main research areas at UNY AC? Education, science, technology, and the arts.
6. What career services does UNY AC offer? Career counseling, job placement assistance, and alumni networking.
7. What is the cost of living in Yogyakarta? Relatively affordable compared to other major cities.
8. Is English a medium of instruction for any programs? Check individual program details. Some programs offer instruction in English.
9. How can I contact the admissions office of UNY AC? Contact information is available on the official website.

Related Articles:

7. International Students at UNY AC: A Welcoming and Supportive Environment: Addresses the experiences and support provided to international students.
8. UNY AC's Commitment to Sustainable Development: Discusses the university's initiatives in environmental sustainability.
9. Career Pathways for UNY AC Graduates: Explores the various career paths available to UNY graduates in different fields.

uny ac: ICLSSE 2023 I Wayan Putra Yasa, I Gusti Ayu Apsari Hadi, Made Dwipayana, 2023-12-12 The 5th International Conference on Law, Social Sciences and Education (ICLSSE) 2023 is an international forum for disseminating knowledge and research development from researchers, practitioners, professionals, and those in legal studies, social sciences, and social science education. The main objectives of the conference are: -to disseminate knowledge and discussion on law, social sciences, and social science education -to provide a platform and opportunity for all academics and professionals through academic dialogue -to prepare academics, professionals, and the public to address educational, sociocultural, legal, and geographical issues to support Indonesian Constitutionalism.

uny ac: PROCEEDINGS OF THE 2ND ANNUAL INTERNATIONAL CONFERENCE LUKY KURNIAWAN; M. WAHYU KUNCORO; SRI MULIATI ABDU., Luky Kurniawan, 2024

uny ac: ICHSS 2022 Sarwiji Suwandi, Andayani Andayani, Heru Kurniawan, Aninditya Sri Nugraheni, 2023-10-10 We are pleased to introduce the proceedings of the second edition of the International Conference of Humanities and Social Science 2022 (ICHSS). The conference has brought researchers, developers, and practitioners around the world to write about their work in social and humanities research aimed at strengthening diversity. The theme of ICHSS 2022 is Freedom to Learn in Education, Social, Religious, Culture, and Language Perspective.

uny ac: ICSSED 2020 Muhammad Nur Sa'ban, Benni Setiawan, Danu Eko Agustinova, Sutanto Trijuni Putro, Robbi Rahim, 2020-11-04 The theme of the conference is Reconstructing Morals, Education, and Social Sciences for Achieving Sustainable Development Goals. This theme was formulated due to several considerations. First, the symptoms of moral decline that have the potential to destroy the nation. Morals guide humanity towards truth and civilization. The phenomenon of the dehumanization process in the industrial era that pushed people to be part of abstract societies tends to ignore humanity. The education process as a humanitarian system is increasingly marginalized, especially during discussions about the industrial revolution 4.0 and Society 5.0. The conference placed six sub-themes for speakers and participants to share ideas, namely: Social Sciences and Laws, History and Cultural Studies, Interdisciplinary Studies, Morals and Humanities, Policy, Politics, and Communication, Education. The committee has received 195 abstracts from prospective speakers. However, there are only 80 abstracts that are eligible to be presented at this conference.

uny ac: AISTSSE 2018 Martina Restuati , Herbert Sipahutar, Juniastel Rajagukguk, 2019-10-04 This book contains the proceedings of the The 5th Annual International Seminar on Trends in Science and Science Education (AISTSSE) and The 2nd International Conference on Innovation in Education, Science and Culture (ICIESC), where held on 18 October 2018 and 25 September 2018 in same city, Medan, North Sumatera. Both of conferences were organized respectively by Faculty of Mathematics and Natural Sciences and Research Institute, Universitas Negeri Medan. The papers from these conferences collected in a proceedings book entitled: Proceedings of 5th AISTSSE. In publishing process, AISTSSE and ICIESC were collaboration conference presents six plenary and

invited speakers from Australia, Japan, Thailand, and from Indonesia. Besides speaker, around 162 researchers covering lecturers, teachers, participants and students have attended in this conference. The researchers come from Jakarta, Yogyakarta, Bandung, Palembang, Jambi, Batam, Pekanbaru, Padang, Aceh, Medan and several from Malaysia, and Thailand. The AISTSSE meeting is expected to yield fruitful result from discussion on various issues dealing with challenges we face in this Industrial Revolution (RI) 4.0. The purpose of AISTSSE is to bring together professionals, academics and students who are interested in the advancement of research and practical applications of innovation in education, science and culture. The presentation of such conference covering multi disciplines will contribute a lot of inspiring inputs and new knowledge on current trending about: Mathematical Sciences, Mathematics Education, Physical Sciences, Physics Education, Biological Sciences, Biology Education, Chemical Sciences, Chemistry Education, and Computer Sciences. Thus, this will contribute to the next young generation researches to produce innovative research findings. Hopely that the scientific attitude and skills through research will promote Unimed to be a well-known university which persist to be developed and excelled. Finally, we would like to express greatest thankful to all colleagues in the steering committee for cooperation in administering and arranging the conference. Hopefully these seminar and conference will be continued in the coming years with many more insight articles from inspiring research. We would also like to thank the invited speakers for their invaluable contribution and for sharing their vision in their talks. We hope to meet you again for the next conference of AISTSSE.

uny ac: ICSST 2021 Jarnawi Afgani , Bambang Afriadi, Imam Sudarmaji, Dadang Saefuloh, Robbi Rahim , 2022-07-02 The 1st International Conference on Social, Science, and Technology (ICSST) 2021 was organized by Universitas Islam Syekh Yusuf Tangerang. This conference was held on November 25, 2021, in Tangerang, Indonesia. ICSST provides a platform for lecturers, teachers, researchers, and practitioners to share their insights and perspectives related to the theme Transformation of Science and Culture during the Pandemic Era and Afterwards. From the theme above, the detailed sub-theme of the conference was formulated to cover the general theme of education, science, social, and technology. The selected paper presented are then documented in this proceeding book entitled The Proceedings of the 1st International Conference on Social, Science, and Technology, ICSST 2021. This proceeding is expected to provide an insightful perspective and point of view in developing the innovation for overcoming future challenges and obstacles in the field of education, social, science, and technology during the pandemic era and afterward. The success of the conference till the compilation of the articles in this book is definitely the result of the effort of people who contribute and work wholeheartedly. We sincerely appreciate the Steering Committee, Keynote Speakers, Organizing Committee Team, and Participants for their contributions to the conference. Finally, we hope that The Proceeding of 1st ICSST 2021- Universitas Islam Syekh Yusuf Tangerang, Indonesia will be useful for all participants and readers to present the innovative novel in the future. See you all in the next ICSST.

uny ac: ICOME 2021 Eka Putra Ramdhani, Gabriele Weichart, Zakariya Hama, Hilfi Pardi , 2022-01-07 This book is the proceeding of the International Conference on Maritime Education (ICOME 2021) that was successfully held on 3-5 November 2021 using an online platform. The conference was mainly organized by The Faculty of Teacher Training and Education Universitas Maritim Raja Ali Haji (FKIP UMRAH). This conference aims to provide a forum for scholars, professionals, and academics to share their fruitful insights on current issues in education. Each participant will get an opportunity to expand their networks and collaborate at the ICOME 2021. The conference's theme is "The Reinforcement of Educational System, Values, and Characters in Maritime Education". The number of participants who joined the zoom room was recorded at 296 participants and 30 participants attended the conference directly at the Aston Hotel, Tanjungpinang, Indonesia. The 27 full papers presented were carefully reviewed and selected from 41 submissions. The papers reflect the conference sessions as follows: teaching methods and approaches, testing and evaluation, educational management and policy, designing syllabus and production of teaching materials, teacher training and professional development, digital literacy and technology usage for

education, challenges and barriers in coastal education, character education in maritime context, curriculum development for maritime context, international, cross-national and domestic forces in the shaping of educational ideologies, educational systems, and patterns of teaching and learning.

uny ac: Proceedings of the International Conference of Social Science and Education (ICOSSED 2021) Amika Wardana, Suhadi Purwantara, Dyah Kumalasari, Nursida Arif, 2023-02-10 This is an open access book. Since human beings entering the modern era, risks have become parts of the very fabric of the society, either social, cultural, economy or political; they hit them entirely and continuously. The risks of the pandemic Covid-19 - hit the world in 2020 - have brought in a real jeopardy; new crises, new problems, new challenges that have radically changed ways of living of human beings in all continents and in all aspects of their daily activities. The issue of sustainability as the core principle to govern the today society - social, cultural, political and education - has been more prominent yet faced more difficult and unprecedented challenges. The academic conference addresses the issue of sustainability of social, education and political values, traditions and activities pursued by human beings in their daily life as now have been entirely affected by the pandemic. On the one hand, there is an inherent risk of the modern living, the vulnerability of human being and the power of nature that must be not only understood and learnt but also institutionalized and structured in various arena of social life of the people. On the other hand, there has been a tremendous change on the ways the social features of human living - from simple informal meeting/gathering of neighborhoods to daily shopping, formal working at the office/home, school teachings, professional football matches, elections and government/state ceremonies - being re-defined, reconstructed and carried out with online/virtual media. This new social fabric - thank to the Internet! - will eventually re-shape all established social institutions - states/government bodies, private companies, churches/religious organizations, schools/universities and so forth - on their approaches and serve the populace as well as their adaptation and change to survive and sustain.

uny ac: Proceedings of the International Conference on Learning and Advanced Education (ICOLAE 2022) Mauliy Halwat Hikmat, Yasir Sidiq, Naufal Ishartono, Yunus Sulistyono, Patmisari, Susiati, 2023-08-29 This is an open access book. The COVID-19 pandemic in the last two years has influenced how educational system works. Online learning became the primal policy taken by all institutions in the world to lower the risk of the virus spread. Despite the drawbacks of the online learning, teachers and students were accustomed with the distant learning through web meetings, Learning Management Systems (LMS) and other online learning platforms. In that time, topics under digital learning and education 5.0 were the main stakes in academic disseminations. This year some institutions start to conduct their teaching and learning process classically as before the pandemic, others are still continuing online and not few are in hybrid. This leaves a question: what learning reform should be made in post-pandemic era? This conference invites researchers, experts, teachers and students to discuss the coping solutions of the question. It is important for them to contribute to the understanding of re-imaging online education for better futures, innovative learning design, new skills for living and working in new times, global challenge of education, learning and teaching with blended learning, flipped learning, integrating life skills for students in the curriculum, developing educators for the future distance learning, humanities learning in the digital era, assessment and measurement in education, challenges and transformations in education, technology in teaching and learning, new learning and teaching models. Not limited to these, scholars may add another interesting topic related to learning reform in post-pandemic era to present.

uny ac: ISTED 2021 Malim Muhammad, Nisrina Nurhaliza, Bella Allivia Sativa Turmono, 2021-10-04 The International Seminar on Teacher Training and Education 2021 (ISTED 2021) is an international seminar devoted to fostering the development of innovative education in 21st century. The goal of ISTED seminar is to provide a forum for lectures, teachers, students, experts, and practitioners from universities, governments, NGOs, and research institutes, and to share cutting-edge developments in educations and social humanities. It also offers an opportunity to deepen understanding of the connection between information and study related to technologies,

educations, and social humanities. The conference will consist of a plenary of keynote and paper presentation. We invite you to participate and submit your paper through online system. The approved paper will be presented and published in EAI, Book Chapter of ISTED 2021, and Journals related topics at this conference.

uny ac: *Proceedings of the 4th International Conference on Progressive Education 2022 (ICOPE 2022)* Ryzal Perdana, Sunyono, Gede Eka Putrawan, Trio Yuda Septiawan, Bayu Saputra, 2023-05-27 This is an open access book. *Fostering Synergy and Innovation in Digital Learning Environments* The 4th ICOPE 2022 is an international conference in education with the theme of fostering synergy and innovation in digital learning environments. It is organized by the faculty of teacher training and education, at the University of Lampung, Indonesia. Bandar Lampung, the capital city of Lampung Province, will be the host of this event. It will be taken place on the 15th — 16th of October 2022. This conference involves keynote speakers from Indonesia, USA, Malaysia, and Australia. It is intended to be a forum to convey specific alternatives and significant breakthroughs in rapid social development. Therefore, this event aims to kindly appeal to scholars, academics, researchers, experts, practitioners, and university students to take part and share outlooks, experiences, research findings, and recent trends of research in the milieu of education. In doing so, it is expected that attendees can gain advanced understanding and insights into offering solutions to problems. The 4th ICOPE 2022 invites and welcomes you to submit your works on various topics related to the Scope of the Conference. All submitted abstracts and papers will undergo a blind peer-review process to ensure their quality, relevance, and originality. After carrying the burden coming from Covid-19 and its dynamic, it tremendously needs to adjust various social aspects, especially from an education perspective. This term covers a broad spectrum concerning numerous dimensions of social life at individual, group, nation-state, regional, and global levels. Therefore, adapting process insists on the seriousness of the global community to cooperate within the unpredictable complexities.

uny ac: **ICONESS 2023** Subuh Anggoro, Lilia Halim, Zaidatun Tasdi, Khar Thoe Ng, Corrienna Abdul Talib, 2023-09-08 This book constitutes the thoroughly refereed proceedings of the 2nd International Conference on Social Sciences, ICONESS 2023, held in Purwokerto, Indonesia, in 22-23 July 2023. The 88 full papers presented were carefully reviewed and selected from 198 submissions. The papers reflect the conference sessions as follows: Education (Curriculum and Instruction, Education and Development, Educational Psychology, Social Science Education, and Elementary Education); Religion (Islamic Education, Islamic Civilization, and Shariah Economic), and Literation (Teaching English as a Second Language/TESL, Language and Communication, Literacy).

uny ac: **ICONISTECH-1 2019** Cecep Hidayat, Elis Ratna Wulan, Mohamad Irfan , Aldy Rialdy Atmadja, Robbi Rahim, The first International Conference of Islam, Science, and Technology (ICONISTECH) 2019 is an annual event to bring researchers, academics, experts, and professionals in Science and Technology related to Industrial Revolution 4.0. In 2020, this event was held on July, 11-12th 2019 at Grand Tjokro, Bandung, Indonesia. The conference from any kind of stakeholders related to Mathematics and Its Application, Chemistry, Life Science, Physics, Applied Sciences, Agrotechnology, Computer Science, Electrical Engineering, Information Technology, Ethics in science and technology, Integrated Islam to Science and Technology. Each contributed paper was refereed before being accepted for publication. The double-blind peer-reviewed was used in the paper selection.

uny ac: **Proceedings of the 7th Annual International Seminar on Transformative Education and Educational Leadership, AISTEEL 2022, 20 September 2022, Medan, North Sumatera Province, Indonesia** Bornok Sinaga, Rahmad Husein, Juniastel Rajagukguk, 2022-12-06 Proceedings of the 7th Annual International Seminar on Transformative Education and Educational Leadership (AISTEEL 2022) contains several papers that have presented at the seminar with theme "Technology and Innovation in Educational Transformation". This seminar was held on 20 September 2022 and organized by Postgraduate School, Univesitas Negeri Medan and become a routine agenda annually. The 7th AISTEEL was realized this year with various presenters, lecturers,

researchers and students from universities both in and out of Indonesia. The 7th AISTEEL presents 4 distinguished keynote speakers from Universitas Negeri Medan - Indonesia, Murdoch University-Australia, Curtin University Perth-Australia, University Malaya - Malaysia, Monash University - Australia, and Tampere University of Applied Sciences, Finland. In addition, presenters of parallel sessions come from various Government and Private Universities, Institutions, Academy, and Schools. Some of them are those who have sat and will sit in the oral defence examination. The plenary speakers have been present topics covering multi disciplines. They have contributed many inspiring inputs on current trending educational research topics all over the world. The expectation is that all potential lecturers and students have shared their research findings for improving their teaching process and quality, and leadership. There are 162 papers passed through rigorous reviews process and accepted by the committee. All of papers reflect the conference scopes by follow: Teachers Education Model in Future; Education and Research Global Issue; Transformative Learning and Educational Leadership; Mathematics, Science and Nursing Education; Social, Language and Cultural Education; Vocational Education and Educational Technology; Economics, Business and Management Education; Curriculum, Research and Development; Innovative Educational Practices and Effective Technology in the Classroom; Educational Policy and Administration Education.

uny ac: IConVET 2021 Made Windu Antara Kesiman, I Made Dendi Maysanjaya, I Made Gede Sunarya, 2022-02-21 The 4th International Conference on Vocational Education and Technology is an international forum specially designed by the Faculty of Engineering and Vocational, Universitas Pendidikan Ganesha to bring together academics, researchers and professionals to present their ideas and experiences in a scientific event. IConVET 2021 welcomes paper submissions for innovative work from researchers from diverse backgrounds including students, teachers, researchers, practitioners and the general public in Education, Vocational and Technology. The IConVET-2021 theme is Digital Transformation on TVET in The New Normal Era". This 4th International Conference on Vocational and Technology is attended by participants from more than 29 different university and institute, who represent Two different countries, namely Indonesia and France. Therefore, on behalf of the committee and the Research Institute of Universitas Pendidikan Ganesha. The success of the IConVET-2021 is due to the support of many people i.e. steering committee members, program committee members, organizing committee members, authors, presenters, participants, keynote speakers, student committee, and people in other various roles. We would like to thank them all.

uny ac: The 5th International Conference on Science and Technology Applications Bornok Sinaga, Deny Setiawan, Juniastel Rajagukguk, 2024-04-29 Selected peer-reviewed extended articles based on abstracts presented at the 5th International Conference on Science and Technology Applications (ICoSTA 2023) Aggregated Book

uny ac: ICASI 2018 Robbi Rahim, Ansari Saleh Ahmar, Rahmat Hidayat, 2018-07-04 We are delighted to introduce the proceedings of the first edition of Joint Workshop KO2PI and International Conference on Advance & Scientific Innovation 2018 (ICASI 2018). This conference has brought researchers, developers and practitioners around the world who are leveraging and developing scientific technology. The theme of ICASI 2018 was "Empowering Digital Society through Integration of Multidisciplinarity aspect". The technical program of Joint Workshop KO2PI and ICASI 2018 consisted of 22 full papers, including 4 invited papers in oral presentation sessions at the main conference tracks. The conference tracks were: Track 1 - Computer Security; Track 2 - Big Data and Data Mining; Track 3 - Information Technology and Forecasting; and Track 4 - Social Media Analysis. We strongly believe that Joint Workshop and ICASI 2018 conference provides a good forum for all researcher, developers and practitioners to discuss all science and technology aspects that are relevant to Digital Society. We also expect that the future KO2PI Workshop and ICASI conference will be as successful and stimulating, as indicated by the contributions presented in this volume.

uny ac: ICLSSEE 2021 Meida Rachmawati , Fibry Jati Nugroho, Eko Eddy Supriyanto, Herie

Saksono , Aji Nur Cahyo, Frisca Natalia , Shinta Silviana , Elpino Windy, 2021-05-05 This book contains the proceedings of the The International Conference on Law, Social Science, Economics, and Education (ICLSSEE 2021). Where held on 6 Maret 2021 in Salatiga, Central Java. This conference was held in collaboration Nusantara Training and Research (NTR) with Borobudur University Jakarta and the Research and Development Agency of the Ministry of Home Affairs. The papers from these conferences collected in a proceedings book entitled: Proceedings of The International Conference on Law, Social Science, Economics, and Education (ICLSSEE 2021). The presentation of such conference covering multi disciplines will contribute a lot of inspiring inputs and new knowledge on current trending about: Law, Social Science, Economics, and Education. Thus, this will contribute to the next young generation researches to produce innovative research findings. Hopefully that the scientific attitude and skills through research will promote the development of knowledge generated through research from various scholars in various regions Finally, we would like to express greatest thankful to all colleagues in the steering committee for cooperation in administering and arranging the conference. Hopefully these seminar and conference will be continued in the coming years with many more insight articles from inspiring research. We would also like to thank the invited speakers for their invaluable contribution and for sharing their vision in their talks. We hope to meet you again for the next conference of ICLSSEE.

uny ac: ICIC 2020 Bedjo Santoso , Henny Pratiwi Adi , Heru Sulisty, Dyana Wijayan, Choiril Anwar, Ahamad Faosiy Ogunbado, 2020-12-14 We are delighted to introduce the proceedings of the 1st INTERNATIONAL CONFERENCE ON ISLAMIC CIVILIZATION (ICIC) 2020 bringing together researchers, academics, experts and professionals in examining selected theme on Islamic Perspective of Sustainable Development and The Role of Islamic Economics In Today's Global Finance. This event was held on 27 August 2020 virtually by Universitas Islam Sultan Agung in collaboration along with some Islamic universities in Indonesia and overseas. The papers published in this proceeding are from multidisciplinary researches related to economy, education, humanities, Islamic studies, laws, social sciences and health. Each contributed paper was refereed before being accepted for publication. The single-blind peer reviewed was used in the paper selection.

uny ac: Proceedings of 1st Annual International Conference: A Transformative Education: Foundation & Innovation in Guidance and Counseling Luky Kurniawan, M. Wahyu Kuncoro, Sri Muliati Abdullah, Triana Noor Edwina DS., 2023-04-09 This is an open access book. The ecological concept views that human development is influenced by the environmental context. The relationship between the two is reciprocal and has an important influence on one another, as well as on the conditions of post-pandemic education. The COVID-19 pandemic has had an important impact on human life, particularly on education. Conventional learning patterns shift to online mechanisms which of course have advantages and disadvantages, especially in people in developing countries like Indonesia. Lack of interaction due to the pandemic impacts student behaviour, such as learning and coping difficulties (Pavin Ivanec, T., 2022). An important issue that needs serious attention in education, as well as mental health practices in schools after the pandemic, is human development efforts through education which minimizes inequality in education and the relevance of education which is no longer adequate. This can be achieved if Education is geared toward empowering students to engage with real social issues so as to promote a sustainable future. Schools and all existing stakeholders (guidance and counseling teachers/school counselors) can contribute to facilitating sustainable human development through an ethical dimension and presenting an educational model that is able to build students' self-confidence (Curry-Stevens, 2007). In the end, it is hoped that the efforts of this educational institution can support the achievement of the SDGs, especially in the area of education, which has been proclaimed since the 2000s through the millennium declaration by countries in the world.

uny ac: *Proceedings of the Annual Conference on Research, Educational Implementation, Social Studies and History (AREISSH 2021)* Saefur Rochmat, Aman Aman, Zulkarnain Zulkarnain, Dyah Kumalasari, Danu Eko Agustinova, 2023-02-10 This is an open access book. The education sector during the Covid-19 Pandemic is currently undergoing a total reformation. The education process at

schools and colleges which was carried out face-to-face has now turned into virtual face-to-face learning utilizing various platforms. Also, the Covid-19 Pandemic has impacted the research and development process in the field which must be delayed due to the risk of Covid-19 transmission. In regard to this, the educational process does not run optimally. In fact, education is the process of developing the future generation of a country that are supposed to supported by all parties while looking for solutions to the problems at hand. As part of social sciences, the objects of historical study include humans who are bound by the dimensions of space and time. This confirms that history is part of science that is tied to human life. Therefore, various policies taken by the government must also be reviewed from the past historical experience with adjustments to the conditions of the era. Moreover, historical experience will provide an idea that humans are always innovating to solve the problems they face, especially policies related to education and learning. Based on those problems, History Education Study Program of the Faculty of Social Sciences, Universitas Negeri Yogyakarta will hold an international conference on Future Teaching and Learning: A Disruptive Innovation. The aim of the conference is providing a forum for exchanging information and finding solutions to learning and teaching problems in the current era of disruption, considering that the Covid-19 Pandemic has changed everything. This conference will seek solutions and innovations from various perspectives which include social, historical and educational perspectives.

uny ac: *Journal of Interdisciplinary Studies in Education, 2019 Vol 8(1)* JISE Editors, 2019-07-22 Aims & Scope Journal of Interdisciplinary Studies in Education is aimed at those in the academic world who are dedicated to advancing the field of education through their research. JISE provides a range of articles that speak to the major issues in education across all content areas and disciplines. The Journal is peer edited through a blind review process that utilizes a national and international editorial board and peer reviewers. JISE aspires to advance research in the field of education through a collection of quality, relevant, and advanced interdisciplinary articles in the field of education. The journal is listed/indexed with: ProQuest, EBSCOHost, and Cabell's Directory of Journals

uny ac: ISMINA 2021 Anggit Wicaksono, Natalia Desy Putriningtyas, Nur Siyam, Billy Castyana , 2021-10-19 We are delighted to introduce the proceedings of the 5th International Conference on Sports, Health, and Physical Education (ISMINA 2021) with the theme "Transformation on Sports, Health and Physical Education Facing the Global Pandemic". This conference has brought researchers, educators and practitioners around the world. The 5th ISMINA 2021 Proceedings contains 75 articles. Consisting of 35 sports-themed articles, 25 health-themed articles, and 15 physical education-themed articles. The 5th ISMINA 2021 collaborates with ICSSPE, APPORI and several leading Indonesian universities in the fields of physical education, sports, and health education. The 5th ISMINA 2021 aims to gather all knowledge and transformation to face the global pandemic in the fields of physical education, health, and sports. Finally, we would like to express our gratitude and appreciation for all committee and the reviewers who helped us maintain the high quality of manuscripts included in the proceedings published by EUDL. Also, we are thankful to all the authors who submitted papers, because of which the conference became a story of success.

uny ac: Proceedings of the Unima International Conference on Social Sciences and Humanities (UNICSSH 2022) Recky Harold Elby Sendouw, Theodorus Pangalila, Sjamsi Pasandaran, Vivi P. Rantung, 2023-01-24 This is an open access book. The Unima International Conference on Social Sciences and Humanity (UNICSSH) 2022 was conducted on October, 11th – 13th 2022, at The Grand Kawanua International City, Manado, North Sulawesi, Indonesia. In 2022, Universitas Negeri Manado will host the Indonesian National Education Convention (KONASPI) X. Konaspi is a routine activity of the PPTKN which is held once every four years. The fourth industrial revolution (4.0) is marked by technological advances and supported by artificial intelligence that creates opportunities and challenges for the education system. University and vocational school graduates are facing a world transformed by technology which in turn is transforming the workplace from task-based to

human-centered characteristics. Certain skills such as critical thinking, emotional intelligence, problem-solving, cognitive flexibility, and knowledge production are required. To answer this demand, the education system must put revolutionary innovation on its agenda. Scholars, researchers, and practitioners are invited to share ideas, research results, and best practices about education, science, and technology now and in the future at an international conference held by Universitas Negeri Manado as part of the Indonesian National Education Convention (KONASPI). As part of KONASPI X activities, Universitas Negeri Manado is holding the 2022 International Conference on Education, Social Science, and Humanities (ICESSHum). The topics in this international conference are Education, Law, Politics and Social Sciences, Economics, Public Administration, and Humanities. Through these themes, it is expected to involve many professionals who have indirect roles in related fields. To enrich this event, the committee invites all national and international participants (including academics, researchers, professionals, and other relevant stakeholders) to send research papers or review papers to be presented at the conference.

uny ac: *CONVASH 2019* Kundharu Saddhono , Deny Tri Ardianto, Krichkanok Sudasna, Hasnul Jamal B Saidon, Khwanrat Chinda, Ahamad Tarmizi bin Azizan, 2020-08-31 The 1st Conference of Visual Art, Design, and Social Humanities (CONVASH) 2019 is a seminar in the fields of art, design and humanities held on November 2, 2019 by the Faculty of Fine Arts and Design (FSRD), Universitas Sebelas Maret in Surakarta, Indonesia. Since its establishment as a Faculty 5 years ago, The Faculty of Fine Arts and Designs has conducted 4 international conferences. The 1st CONVASH 2019 is our international conference new brand and we have a commitment to hold CONVASH annually. Conference of Visual Art, Design, and Social Humanities (CONVASH) 2019 is a tangible manifestation of FSRD's efforts to contribute to science and improve publication quality on the international level. This event is expected to bring about collaboration, scientific transfer, and publications that can contribute to the scientific fields of arts, design and humanities. The conference aims to facilitate research presentations and knowledge exchange in art, design, technology, and social humanities, as well as create academic networks among students, lecturers and researchers in the related fields. Further, this conference will bring opportunities to learn together to develop quality research in various fields, expand the collaboration networks among universities and industries, and become a forum to disseminate research and knowledge to a wider audience. The committee received more than 130 papers from the participants and based on the results of the reviews, only 96 papers were declared qualified to be presented at the seminar and subsequently published in the proceedings of CONVASH-2019 Finally, the committee congratulates and expresses gratitude to the selected participants for the participation and paper publication in the proceeding of CONVASH-2019. The committee would also like to thank all parties who have supported and actively participated for the success of this event. Hopefully this Proceeding can be used as a reference for technological development and learning improvement in the fields of education, social, arts, and humanities

uny ac: *ISPHE 2020* Oktia Handayani, Sri Sumartiningsih, Natalia Putriningtyas, 2020-09-29 Sports Science Faculty, Universitas Negeri Semarang is the host of the 5th International Seminar on Physical Health and Education (ISPHE), which were held virtually on July 22nd, 2020 in Semarang (Indonesia), in collaboration with the Health Education National Networking (JNPK) Indonesia, the Indonesian Public Health Association (IAKMI) and some prominent Indonesia universities in health education and sport (Malang State University, Gorontalo State University, and Manado State University). This seminar brings together academic experts and practitioners from South East Asia and beyond to share new knowledge, ideas, and experiences pertaining to Health Education, Physical Activities, and Applied Technology for Health as well as those in related fields in order to accommodate more aspirations and expressions of sport's and health communities.

uny ac: *Proceedings of the 6th Yogyakarta International Seminar on Health, Physical Education, and Sports Science (YISHPESS 2023)* Yudik Prasetyo, Siswantoyo, Soni Nopembri, Novita Intan Arovah, Nurdiana Gaus, Gunathevan Elumalai, Wallapa Choeibuakaew, 2023-12-31 This is an open access book. The ultimate goal of physical education and physical activity promotion is to facilitate

and encourage individuals to engage in a physically active lifestyle. It can be achieved by improving physical literacy, which is defined as 'the ability of individuals to move with competence and confidence in a wide variety of physical activities, in multiple environments that benefit the healthy development and overall quality of life of the whole person.' Prior to developing strategies for improving physical literacy, its concept needs to be defined and conceptualized because it involves complex interplays of individuals' knowledge and understanding of physical activity as well as individuals' motivation, self-confidence and physical competence for being physically active for life. The 6th Yogyakarta International Seminar on Health, Physical Education, and Sports Science (YISHPESS 2023) respond to this issue by organising the conference which carries a theme of "Lessening the prevalence of sedentary lifestyles through the use of physical education resources". The Conference invites reputable international scholars and experts closely working in physical literacy, physical education and sports science in general.

uny ac: *Computer Networks and Inventive Communication Technologies* S. Smys, Pavel Lafata, Ram Palanisamy, Khaled A. Kamel, 2022-10-13 This book is a collection of peer-reviewed best selected research papers presented at 5th International Conference on Computer Networks and Inventive Communication Technologies (ICCNCT 2022). The book covers new results in theory, methodology, and applications of computer networks and data communications. It includes original papers on computer networks, network protocols and wireless networks, data communication technologies, and network security. The proceedings of this conference is a valuable resource, dealing with both the important core and the specialized issues in the areas of next generation wireless network design, control, and management, as well as in the areas of protection, assurance, and trust in information security practice. It is a reference for researchers, instructors, students, scientists, engineers, managers, and industry practitioners for advance work in the area.

uny ac: **Character Education for 21st Century Global Citizens** Endah Retnowati, Anik Ghufon, Marzuki, Kasiyan, Adi Cilik Pierawan, Ashadi, 2018-09-07 Character Education for 21st Century Global Citizens contains the papers presented at the 2nd International Conference on Teacher Education and Professional Development (InCoTEPD 2017), Yogyakarta, Indonesia, 20–21 October 2017. The book covers 7 topics: 1) Values for 21st century global citizens 2) Preparing teachers for integrative values education 3) Teacher professional development for enhanced character education 4) Curriculum/syllabus/lesson plan/learning materials development for integrated values education 5) Developing learning activities/tasks/strategies for character education 6) Assessing student's character development (values acquisition assessment) 7) Creating/managing conducive school culture to character education.

uny ac: **Developing Reflective TESOL Practitioners Through Teacher Education** Andrzej Cirocki,

uny ac: Model United Nations Simulations and English as a Lingua Franca Donna Tatsuki, Lori Zenk-Nishide, 2021-09-22 One of the most important 21st century skills is the ability to negotiate constructive resolutions in the face of conflicts of interest. Negotiation is a form of communication that requires more than just language ability. It requires being able to listen to, and communicate with, others within a milieu of diverse language abilities, academic, professional and cultural backgrounds in an increasingly global society. Added to this is the reality that the majority of English spoken globally is English as a Lingua Franca (ELF). Model United Nations (MUN) simulations are uniquely positioned to help students develop their language ability and their global competencies, as well as being ideal opportunities for participants to experience ELF in an intensely communicative context. A common goal in MUN simulations is to prepare students to solve complex problems that are associated with living in a technological, competitive, and globally connected world. This volume provides researchers, negotiation practitioners, and language teachers with insights and best practices in MUN event and delegate preparation. Application of these best practices will significantly enrich the pedagogic environments designed for MUN delegates, especially in ELF contexts.

uny ac: **7th International Conference on University Learning and Teaching (InCULT**

2014) Proceedings Chan Yuen Fook, Gurnam Kaur Sidhu, Suthagar Narasuman, Lee Lai Fong, Shireena Basree Abdul Rahman, 2015-12-30 The book comprises papers presented at the 7th International Conference on University Learning and Teaching (InCULT) 2014, which was hosted by the Asian Centre for Research on University Learning and Teaching (ACRULeT) located at the Faculty of Education, Universiti Teknologi MARA, Shah Alam, Malaysia. It was co-hosted by the University of Hertfordshire, UK; the University of South Australia; the University of Ohio, USA; Taylor's University, Malaysia and the Training Academy for Higher Education (AKEPT), Ministry of Education, Malaysia. A total of 165 papers were presented by speakers from around the world based on the theme "Educate to Innovate in the 21st Century." The papers in this timely book cover the latest developments, issues and concerns in the field of teaching and learning and provide a valuable reference resource on university teaching and learning for lecturers, educators, researchers and policy makers.

uny ac: Proceedings of the 7th International Conference on Language, Literature, Culture, and Education (ICOLLITE 2023) Nuria Haristiani, 2024 Zusammenfassung: This is an open access book. ICOLLITE is an annual international conference organized by the Faculty of Language and Literature Education of Universitas Pendidikan Indonesia in the fields of Language, Literature, Culture, and Education. This conference embraces interdisciplinary studies representing advances and fresh studies in the fields of language, literature, culture and education. The aim is to bring together leading scientists, researchers and academic practitioners to exchange experiences and research results on all aspects of language, literature, culture and education. This year, 'Globalization and Its Impacts on Language, Literature, and Culture: Opportunities and Challenges' becomes its theme. Presenters and participants are welcomed to discuss and disseminate current issues and offer solutions to the challenges of our time

uny ac: ICOSS 2018 Umiyati Mirsa, Budiarta I Wayan, Kasni Ni Wayan, Nahak Simon , Social science is all the field of science that deals with human beings in their social context or all areas of science that people study as members of society. As people who are engaged in social science, we must be sensitive to social phenomena in society, especially those associated with tourism in Bali. Therefore, the conference named International Conference of Social Science (ICOSS) on the role of social science for sustainable tourism development in Bali is held which involves Social Science fields, such as; economics, law, socio-politics, and language

uny ac: Proceedings of the 6th International Conference on Current Issues in Education (ICCIE) 2023 Paramita Cahyaningrum Kuswandi, 2024

uny ac: Proceedings of the 3rd International Conference on Education and Technology (ICETECH 2022) Jeffry Handhika, Marheny Lukitasari, Sigit Ricahyono, Dewanta Arya Nugraha, 2023-07-25 This is an open access book. The development and use of new technologies have accelerated considerably in recent decades. Researchers and experts are encouraged to innovate in across fields in support of sustainable development (SDGs) especially in education. The 3rd International Conference on Education and Technology (ICETECH 2022), organized by Universitas PGRI Madiun (UNIPMA) Indonesia, accommodates researchers, experts, academics, educators, stakeholders, and students to exchange experiences through research results in TEAM Based Education, Digital Literacy in Education, Applied Science in Education, Digital Education, Curriculum and Instruction, Social Science Education.

uny ac: BASA 2019 Prasetyo Adi Wisnu Wibowo , Suwardi Endraswara, Teguh Supriyanto, Kundharu Saddhono, Pardi, 2020-06-18 This proceeding contains selected papers of The International Seminar On Recent Language, Literature, And Local Culture Studies "Kajian Mutakhir Bahasa, Sastra, Dan Budaya Daerah (BASA)" held on 20-21 September 2019 in Solo, Indonesia. The conference which was organized by Sastra Daerah, Faculty of Cultural Sciences Universitas Sebelas Maret and Culture Studies Postgraduate Program of Universitas Sebelas Maret. The conference accommodates topics for linguistics in general including issues in language, literature, local cultural studies, philology, folklore, oral literature, history, art, education, etc. Selecting and reviewing process for the The International Seminar On Recent Language, Literature, And Local Culture

Studies “Kajian Mutakhir Bahasa, Sastra, dan Budaya Daerah” was very challenging in that it needs a goodwill of those who were involved in such a process. More than ten experts were invited in reviewing, giving suggestions for revision and at last selecting the papers. On that account, we would like to forward our appreciation and our gratefulness to such invited experts for having done the process. The committee received more than 180 papers from the participants and based on the results of the review, only 141 papers were declared fit to be presented at the seminar and subsequently published in the proceedings of BASA#3-2019. Papers in the proceeding are expected to give academic benefits, especially in broadening the horizon of our understanding in language, literature, and local culture studies. We realize that what we are presenting for the publication is still far from being perfect. Constructive criticism is very much welcome for improvement. Finally, the committees thank for the participation and congratulate for the publication of the papers in the proceedings of BASA#3-2019. The committees also thank all those who have supported and actively participated for the success of this event. Hopefully these Proceedings can be used as references in developing technology and improving learning activities in the fields of education, social, arts and humanities.

uny ac: *Proceedings of the 9th International Conference on Education Research, and Innovation (ICERI 2021)* Joko Priyana, Nila Kurnia Sari, 2023-02-10 This is an open access book. The universe and society, both macro and micro, were created based on the laws of order which in principle have something in common. For example, the Milky Way solar system in which the center of the solar system is the sun, is surrounded by planets in its orbit. These planets, like Earth, are surrounded by their moons. It turns out that even very small objects such as atomic molecules have a circular model. The aims of research is to find these regularities to facilitate and improve the quality of life. The advancement of science and technology, sport, languages and arts are dedicated not only to facilitate the human life but also educate human being themselves. Arts is the highest achievement that contain values of life that highly respected by a nation. It can be said that arts are reflection of the civilization including moral, and vice versa; civilization as the representation of the advancement of moral, science, technology, cultures, languages, and arts by human being. The viruses that cause the Covid 19 pandemic are hard to anticipate. Everything must be changed. This means that it is necessary to strive for innovative methods to STRENGTHEN EDUCATIONAL RESEARCH AND INNOVATION BASED ON MORAL, SCIENCES, AND ART IN NEW ERA. ICERI is an international conference that accommodates research and innovation in educational practices in various fields of study. For this reason, ICERI is held in conjunction with other international conferences that fall under the scope of educational practices. This includes INTERCOME which is a conference in music education, ICoPCoSE which is a conference on teacher education (the teaching practicum, industrial practicum, and students community service in education).

uny ac: ISPHE 2022 Oktia Handayani, Natalia Desy Putriningtyas, Wiga Nurlatifa Romadhoni, 2023-01-11 We are delighted to introduce the Proceedings of the 6th International Seminar on Public Health and Education (6th ISPHE 2022) with the theme “Active, Healthy, Productive, and Sustainable Community through Post Pandemic Recovery”. This conference has brought researchers, developers, and practitioners around the world. The technical program of 6th ISPHE 2022 consisted of 59 papers. The conference panel were Panel 1 - Public Health and Health Related Issues; Panel 2 - Health Education; Panel 3 - Physical Education, Sport, and Recreation; Panel 4 - Physical Education, Sports Science, and Applied Technology; Panel 5 - Sports Coaching, Sports Tourism, and Applied Technology; Panel 6 - Sports Science, Organizations, Infrastructure, and Psychology. Aside from the high-quality technical paper presentations, the technical program also featured three keynote speeches. The three keynote speeches were Prof. Michael Rosenberg, BAppSc, DipEd, M.P.H., Ph.D from The University of Western Australia, Australia; Prof. David Legg, Ph.D from International Federation of Adapted Physical Activity; Dr. Zason Chian from National Institute of Education, Singapore; Asst. Prof. Sri Ratna Rahayu, M.D., Ph.D from Public Health Department, Universitas Negeri Semarang, Indonesia. The 6th ISPHE 2022 collaboration with Asean Council of Physical Education and Sport (ACPES); ICSSPE; Jejaring Nasional Pendidikan Kesehatan

(JNPK) and the Indonesian Public Health Association (IAKMI). The 6th ISPHE 2022 aimed to determine the direction of health education, and physical activities related to the status of health conditions in each region; both regional and national as well as their relationship with global health trends. Coordination with the steering chairs, Prof. Dr. Tandiyo Rahayu, M.Pd; Dr. Taufiq Hidayah, M.Kes and Dr. Andry Akhiruyanto, S.Pd., M.Pd was essential for the success of the conference. We sincerely appreciate their constant support and guidance. It was also a great pleasure to work with such an excellent organizing committee team for their hard work in organizing and supporting the conference. In particular, the Technical Program Committees, led by our TPC Co- Chairs, Dr. dr. Mahalul Azam., M.Kes and Prof. Dr. dr. Oktia Woro Kasmini Handayani, M.Kes who have completed the peer-review process of technical papers and made a high-quality technical program. We are also grateful to General Chair, Dr. Widya Hary Cahyati, S. KM., M. Kes(Epid) for her support and all the authors who submitted their papers to the 6th ISPHE 2022. We strongly believe that 6th ISPHE 2022 provides a good forum for all researcher, developers, and practitioners to discuss about health education, physical activity and applied technologies for health.
