valley of vision pdf: Books of Daily Thoughts and Prayers by Swami Paramanda Swami

Paramananda, 2020-09-17 There are moments when the spirit is mute and powerless to give utterance to its interior yearning. It feels the need of a vibrant word to rouse it from its numbness and voice its voiceless aspiration. Hence attempts to provide, in one form or another, daily thoughts for the day's round are coincident with the rising of the religious consciousness. The ancient Forest-Books or Upanishads of the Vedlc period were but the accumulated effort of great sages to help those who surrounded them in their woodland hermitage, to meet the daily problem with triumphant heart. The mediaeval breviaries and manuals of devotion were written or compiled to the same end. The present volume is another contribution to this daily sacrament of prayer and holy thought. The idea of preparing it is not of recent conception. As far back as 1812 Swami Parama-nanda wrote me from Switzerland Other day I was thinking a little of the next book (from your letters). Can't we call it 'A Book of Daily Thoughts and Prayers'? What do you think of it? I had written to him that the idea had come to me to gather from his later letters and certain notes of his teaching material for a companion volume to the Path of Devotion, made up from earlier letters. The prayers were caught with the same stealthy silent pencil at the moment of their utterance. They sound in consequence the more living note of spoken supplication. The quotations from the Scriptures are from the Swami's translations. Coming from such intimate sources, the words which follow possess special helpfulness in the intimate inward strivings of each day. They have been classified and arranged in consecutive and cumulative sequence. The thought is carried forward from day to day, so that at the end of a month a new and defined impression will be made on the character. Each day brings its salient thought to be held through the waking hours in continuous mindfulness a brief lesson amplifies this and imbeds it more deeply in the consciousness a prayer feeds and strengthens the natural upward-reaching devotional aspirations of the heart. A few lines from the Swami's sacred and illumined poems are given as a daily exercise in memorizing. Memorizing is one of the most productive of spiritual practices. It provides a rich inner library to which one can turn in the moment of emptiness or distress. A single line called up in memory will sometimes turn the thought into an entirely fresh and wholesome channel. Thus on each page will be found food for all the faculties of the aspiring spirit. The Swami's words lend themselves with peculiar aptitude to a work of this nature. His sentences have the focused, shining quality of a finely-cut gem which requires no embellishment of ornate setting. They stir the higher, holier impulses of the soul and impel to consecrated living. They carry forward by their inherent vitality and strength. The book calls for no other introduction than itself. With its tender counsel and ringing appeal it will find its way, by the force of its spiritual power, into the heart and sanctuary of every seeker whose hand it reaches. DEVAMATA. ANANDA-ASHRAMA, APRIL, 1926. JANUARY : LIVING CONSECRATION.. FEBRUARY : STEADFAST RESOLUTION MARCH : POWER OF HOLINESS- APRIL : BLISS OF HIGHER VISION.. MAY : HUMILITY, SIMPLICITY AND PURITY OF HEART. JUNE : FAITH AND COURAGE. JULY : ' BLESSING OF SERVICE- AUGUST : TRANQUILLITY AND CHEERFULNESS-SEPTEMBER : SELFLESS LOVE AND DEVOTION.. valley of vision pdf: Beyond the Valley Ramesh Srinivasan, 2020-09-01 How to repair the disconnect between designers and users, producers and consumers, and tech elites and the rest of us: toward a more democratic internet. In this provocative book, Ramesh Srinivasan describes the internet as both an enabler of frictionless efficiency and a dirty tangle of politics, economics, and other inefficient, inharmonious human activities. We may love the immediacy of Google search results, the convenience of buying from Amazon, and the elegance and power of our Apple devices, but it's a one-way, top-down process. We're not asked for our input, or our opinions—only for our data. The internet is brought to us by wealthy technologists in Silicon Valley and China. It's time, Srinivasan argues, that we think in terms beyond the Valley. Srinivasan focuses on the disconnection he sees between designers and users, producers and consumers, and tech elites and the rest of us. The recent Cambridge Analytica and Russian misinformation scandals exemplify the imbalance of a digital world that puts profits before inclusivity and democracy. In search of a more democratic internet, Srinivasan takes us to the mountains of Oaxaca, East and West Africa, China, Scandinavia, North America, and elsewhere, visiting the "design labs" of rural, low-income, and indigenous people around the world. He talks to a range of high-profile public figures—including Elizabeth Warren, David Axelrod, Eric Holder, Noam Chomsky, Lawrence Lessig, and the founders of Reddit, as well as community organizers, labor leaders, and human rights activists.. To make a better internet, Srinivasan says, we need a new ethic of diversity, openness, and inclusivity, empowering those now excluded from decisions about how technologies are designed, who profits from them, and who are surveilled and exploited by them.

valley of vision pdf: The Poisonwood Bible Barbara Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." —Los Angeles Times Book Review The Poisonwood Bible, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk

and personal responsibility.

valley of vision pdf: The Varieties of Religious Experience William James, 2009-01-01 Harvard psychologist and philosopher William James' *The Varieties of Religious Experience: A Study in Human Nature* explores the nature of religion and, in James' observation, its divorce from science when studied academically. After publication in 1902 it quickly became a canonical text of philosophy and psychology, remaining in print through the entire century. Scientific theories are organically conditioned just as much as religious emotions are; and if we only knew the facts intimately enough, we should doubtless see 'the liver' determining the dicta of the sturdy atheist as decisively as it does those of the Methodist under conviction anxious about his soul. When it alters in one way the blood that percolates it, we get the Methodist, when in another way, we get the atheist form of mind.

valley of vision pdf: *Command Of The Air* General Giulio Douhet, 2014-08-15 In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Readers will be challenged by the book's direct, personal exhortations to apply the law

From that irresistible beginning, Sophie becomes obsessed with questions that take her far beyond what she knows of her Norwegian village. Through those letters, she enrolls in a kind of correspondence course, covering Socrates to Sartre, with a mysterious philosopher, while receiving letters addressed to another girl. Who is Hilde? And why does her mail keep turning up? To unravel this riddle, Sophie must use the philosophy she is learning—but the truth turns out to be far more complicated than she could have imagined.

valley of vision pdf: *The Image of the City* Kevin Lynch, 1964-06-15 The classic work on the evaluation of city form. What does the city's form actually mean to the people who live there? What can the city planner do to make the city's image more vivid and memorable to the city dweller? To answer these questions, Mr. Lynch, supported by studies of Los Angeles, Boston, and Jersey City, formulates a new criterion—imageability—and shows its potential value as a guide for the building and rebuilding of cities. The wide scope of this study leads to an original and vital method for the evaluation of city form. The architect, the planner, and certainly the city dweller will all want to read this book.

valley of vision pdf: The Movement of the Free Spirit Raoul Vaneigem, 1994 This book by the legendary Situationist activist and author of *The Revolution of Everyday Life* examines the heretical and millenarian movements that challenged social and ecclesiastical authority in Europe from the 1200s into the 1500s. Although Vaneigem discusses a number of different movements such as the Cathars and Joachimite millenarians, his main emphasis is on the various manifestations of the Movement of the Free Spirit in northern Europe. He sees not only resistance to the power of state and church but also the immensely creative invention of new forms of love, sexuality, community, and exchange. Vaneigem is particularly interested in the radical opposition presented by these movements to the imperatives of an emerging market-based economy, and he evokes crucial historical parallels with the antisystemic rebellions of the 1960s. The book includes translations of original texts and source materials.

valley of vision pdf: Mother of Peace Hak Ja Han Moon, 2020-07 Discover the untold story of Hak Ja Han Moon, the North Korean village girl who is now known to millions as the Mother of Peace. Her heart-wrenching story reveals details of a war-torn childhood and trials of faith as she and her late husband, Rev. Sun Myung Moon, built a vast and still-growing international movement capable of fulfilling God's will for peace in the 21st century. A major milestone of her life, described in never-told-before detail, was her marriage in 1960, at age 17, to the charismatic Rev. Dr. Sun Myung Moon. For the next 52 years, she joined him in the daunting task of building a global interfaith movement to fulfill God's will for peace in the 21st century. Mother Moon's journey as a religious woman leader is breathtaking: Born in Japanese-occupied Korea in 1943, she spent her early life in nature so she could commune with God. War forced her to flee south with her mother and grandmother; they crossed the Han River Bridge minutes before it was blown up. Later, she walked and worked side-by-side with Father Moon, one of history's most energetic and visionary men. They visited every corner of the earth and, despite relentless persecution, met with world leaders, including Mikhail Gorbachev and Kim Il Sung, to bring God's message for them. During this time, she bore 14 children and buried four. She stood with Father Moon for hours as they officiated at Marriage Blessing Ceremonies for hundreds of thousands of couples. Together, they launched hundreds of organizations and businesses to serve youth, family and peacemaking. Since Father Moon's passing in 2012, Mother Moon has shouldered the leadership of their still-growing movement. She has led Peace Starts With Me rallies in six continents and plans to bring Blessing Ceremonies to all people.
