asmaul husna pdf: The Power of Prayer (Channeling Brain Waves Through Dhikr) Ahmed Hulusi, 2014-06-20 Prayer is the weapon of a believer. - Muhammad (saw) Prayer is the act of actualizing one's wants through the divine powers present within. There is of course a scientific explanation to this act. Essentially prayer is 'guided brain waves.' Just as the dimension of knowledge transforms into energy and the quantum field to form the universe, the wants and desires of consciousness emanate from the dimension of knowledge to reveal themselves as the wants and desires of man and become actualized through the densification of guided brain waves. Due to this, the stronger the concentration level, the faster the response will be to the prayer. And he who turns away from My dhikr (the absolute reality of which I have reminded him), indeed, he will have a restricted life (limited by the conditions of his body and mind), and We will resurrect him as blind in the period of Doomsday. Quran 20:124 Since only a very small percentage of the brain is employed while a large part of brain capacity remains unused, dhikr allows the activation of this larger percentage. The bio-electrical energy produced in specific regions in the brain via dhikr spreads to other regions and activates the dormant cells thereby increasing brain activity. Whatever the dhikr is about, the frequency corresponding to that meaning is emanated to the cells and thus brain capacity relevant to that particular meaning is increased.

asmaul husna pdf: The History of al-Ṭabarī Vol. 16 , 2015-06-16 This volume of al-Ṭabarī's history deals with the traumatic breakup of the Muslim community following the assassination of the Caliph 'Uthman. It begins with the first seriously contested succession to the caliphate, that of 'Alī, and proceeds inexorably through the rebellion of 'A'ishah, T'alah, and al-Zubayr, to the Battle of the Camel, the first time Muslim army faced Muslim army. It thus deals with the very first violent response to the two central problems of Muslim history: who is the rightful leader, and which is the true community? It is a section with the weightiest implications for the Muslim interpretation of history, wide open to special pleading. There are the Shi'a who depict 'Alī as a spiritual leader fighting against false accusations and the worldly ambitious. Conversely, there are those who would depict him or his followers in a negative light. There are also the 'Abbasid historians, who, though anti-Umayyad, must balance a reverence for the Prophet's household (ahl al-bayt) with a denunciation of 'Alid antiestablishmentarianism. All these points of view, and more, are represented in al-Ṭabarī's compilation, illustrating the difficulty the Muslim community as a whole has faced in coming to terms with these disastrous events.

asmaul husna pdf: Divine Names Rosina-Fawzia al-Rawi, 2022-11-22 The path to self-discovery and inner and outer peace... Divine Names is a unique contribution to understanding life and oneself on a deeper level: by learning to open to the Divine. It draws on original Arabic literature—often not available in European languages—and on the author's many years of personal practice, teaching, and guiding others on their spiritual paths to healing, to becoming whole. It focuses on the use of the Divine Names in dhikr, individual meditations and healing practices. Whether we admit it or not, human beings are searchers: we want to understand; we want to know; we want to be known. Our quest may take many forms, yet ultimately it ends in nothing but pure praising of the Divine, even if this comes after our last breath. The outside always furthers the inside because the task and the meaning of life is always about reuniting—about connecting everything on the outside to its inner truth. It is the knowledge of the heart which is always capable of uniting. Such is the path of the Sufis. The Sufi tradition centers on the opening of the heart and nothing touches the heart as much as beauty. In this book, the author's unique style of writing, which combines clarity and poetic inspiration, is coupled with distinctive and ornamental Arabic calligraphy of each of the 99 Divine Names to make it a visually stunning tribute to this tradition. It will be enjoyed regardless of a person's religious beliefs.

asmaul husna pdf: Sufism in Punjab Surinder Singh, Ishwar Dayal Gaur, 2023-12-01 This anthology is a collective endeavor of scholars from India and Pakistan devoted to Sufi mystics, literature and shrines with a detailed introduction. The essays explore the methods adopted by the Punjab Sufis to popularize the mystic ideology and praxis in the medieval socio-cultural milieu. These writings also delve into the different genres of Sufi literature, both in the elite and vernacular languages, intending to appreciate the nuances of Punjab Sufism. Apart from the architectural features of the Sufi shrines, the anthology attempts to illumine the organic linkages between these institutions and the Punjabis and, thus, underscore the Sufi non-communitarian devotion as a primary ingredient of the Punjabi cultural fusion. This title is co-published with Aakar Books. Print editions not for sale in South Asia (India, Sri Lanka, Nepal, Bangladesh, Pakistan and Bhutan)
