He has made an empirical attempt to analyse Bengali words and other lexical items from the perspective of their surface orthographic representation to understand the internal structure of their composition with a focus on their functional roles in various contexts of their usage within texts. In order to achieve this goal, he has established a link between the internal composition and external representation of words within an interface of usage and function of words in texts. The issues addressed in the book include decomposition of words, interpretation of function of word-formative elements and analysis of lexico-semantic identities of the word-formative elements in relation to their function in words.

bengali panu golpo: *Gitanjali* Rabindranath Tagore, 2017-06-25T16:22:32Z Widely regarded as one of the most important figures in Indian (and more specifically Bengali) literary history, Rabindranath Tagore was the first Indian—indeed, the first person outside Europe—to win the Nobel Prize in Literature, largely in recognition of his “spiritual offering of songs,” *Gitanjali*. Tagore himself translated the poems from the original Bengali, taking many liberties in the process. His English translation is rightly recognized as a work distinct from the Bengali original, consisting of major revisions, many elisions, and many poems originally published in other collections. Tagore’s lyrical simplicity, vivid imagery, and themes of nature, spirituality, death, and transcendence combine to produce a truly unique, powerfully moving work of thoughtful beauty. For many who read it, Tagore’s words in Song XCVI ring true: “What I have seen is unsurpassable. bengali panu golpo: *The Story of Sex* Philippe Brenot, 2017-10-31 The first graphic history of sex chronicles sexuality and human intimacy through the ages, from our primate pasts to our robotic futures. Humans have had sex on the brain since pre-civilization either for pleasure, power, revenge, a desire for children, or simply because it isn't allowed. Today, sex is all around us but it's rarely explained and almost never taught. In *The Story of Sex*, sexologist Philippe Brenot combines anthropology, sociology, psychology and history with witty comics by Latetita Coryn for an in-depth

explanation of this essential aspect of humanity. Organized chronologically into sections like Babylon: Free Love, The Middle Ages: Heaven and Hell, and The 20th Century: Sexual Liberation, Brenot explores what eroticism really is, how our ancestors behaved sexually, when the first couple was established, how superstition and morality laws shaped sexuality, the use of pornography in the digital age, and how some ancient civilizations were far ahead of their time when it came to gender equality. Full of fascinating details like Cleopatra's invention of the vibrator and a Dutch shopkeeper's accidental discovery of the existence of sperm--all accompanied by hilarious comics and dialogue -- The Story of Sex is informative, unique, and entertaining book.

bengali panu golpo: *Illness and Culture in the Postmodern Age* David B. Morris, 2023-11-10 We become ill in ways our parents and grandparents did not, with diseases unheard of and treatments undreamed of by them. Illness has changed in the postmodern era—roughly the period since World War II—as dramatically as technology, transportation, and the texture of everyday life. Exploring these changes, David B. Morris tells the fascinating story, or stories, of what goes into making the postmodern experience of illness different, perhaps unique. Even as he decries the overuse and misuse of the term postmodern, Morris shows how brightly ideas of illness, health, and postmodernism illuminate one another in late-twentieth-century culture. Modern medicine traditionally separates disease—an objectively verified disorder—from illness—a patient's subjective experience. Postmodern medicine, Morris says, can make no such clean distinction; instead, it demands a biocultural model, situating illness at the crossroads of biology and culture. Maladies such as chronic fatigue syndrome and post-traumatic stress disorder signal our awareness that there are biocultural ways of being sick. The biocultural vision of illness not only blurs old boundaries but also offers a new and infinitely promising arena for investigating both biology and culture. In many ways *Illness and Culture in the Postmodern Age* leads us to understand our experience of the world differently.

bengali panu golpo: *Those Days* Sunil Gangopadhyay, 2000-10-14 Winner of the Sahitya Akademi Award An award-winning novel that uses both vast panoramic views and lovingly reconstructed detail to provide an unforgettable picture of nineteenth-century Bengal. The Bengal Renaissance and the 1857 uprising form the backdrop to *Those Days*, a saga of human frailties and strength. The story revolves around the immensely wealthy Singha and Mukherjee families, and the

intimacy that grows between them. Ganganarayan Singha's love for Bindubasini, the widowed daughter of the Mukherjees, flounders on the rocks of orthodoxy even as his zamindar father, Ramkamal, finds happiness in the arms of the courtesan, Kamala Sundari. Bimbabati, Ramkamal's wife, is left to cope with her loneliness. A central theme of the novel is the manner in which the feudal aristocracy, sunk in ritual and pleasure, slowly awakens to its social obligations. Historical personae interact with fictional protagonists to enrich the narrative. Ishwar Chandra Vidyasagar, the reformer; Michael Madhusudan Dutt, the poet; the father and son duo of Dwarkanath and Debendranath Tagore; Harish Mukherjee, the journalist; Keshab Chandra Sen, the Brahmo Samaj radical; David Hare and John Bethune, the English educationists—these and a host of others walk the streets of Calcutta again, to bring alive a momentous time.

bengali panu golpo: *The First Promise* Āśāpūrṇā Debī, 2004 *The First Promise* is a translation of Ashapurna Debi's novel, *Pratham Pratishruti*, originally published in Bengali in 1964. Celebrated as one of the most popular and path-breaking novels of its time, it has received continual critical acclaim: the Rabindra Puraskar (the Tagore Prize) in 1966 and the Bharatiya Jnanpith, India's highest literary award, in 1977. Spanning the late eighteenth and early twentieth centuries, Ashapurna tells the story of the struggles and efforts of women in nineteenth-century, colonial Bengal in a deceptively easy and conversational style. The charming eight-year old heroine, Satyabati is a child bride who leaves her husband's village for Calcutta, the capital of British India where she is caught in the social dynamics of women's education, social reform agendas, modern medicine and urban entertainment. As she makes her way through this complex maze, making sense of the rapidly changing world around her, Satyabati nurtures hopes and aspirations for her daughter. But the promises held out by modernity turn out to be empty, instigating Satyabati to break away from her inherited world and initiate a quest that takes her to the very heart of tradition.

bengali panu golpo: Durgeshnandini Bankim Chandra Chattopadhyay, 2014-02-25

'Durgeshnandini' is the first novel of Bankim Chandra. It refers to the beloved daughter of the master of Fort Mandaran, Birendra Singh. Fort Mandaran was an estate near Bishnupur of United Bengal, constructed by Pathan Sultan Hussain Shah's commander-in-chief Ismail Ghazi. After the Pathans were driven away by Mughal Emperor Akbar, by turn of historical events, the estate came under the control of Hindu commander Jaidhar Singh. Birendra was his natural heir, who before taking it over, had served in Akbar's army as a commander himself. The novel unfolds a saga of Pathan Sultan Katlu Khan's repeat attempts to enter and conquer the Banga province. To crush him and his ambition, Emperor Akbar had sent his most trusted and valiant courtier Raja Man Singh to take charge of Banga and rescue people from Pathans' tyrannious atrocities. Raja Man Singh sent his valorous son Jagat Singh to crush the Pathans. While growingly successful at the job in many small guerrilla-type battles, by turns of events, Jagat Singh encounters Tillottama and both fall in love at first sight. How, due to an inadvertent move, both of them came under captivity of the marauding Pathan Sultan and later earned their freedom, have been described in a captivating style of desanskritised idioms.
