"Gripping . . . **boothu kathalu: Confinement (Book #1 in the Love and Madness series)** Gabriella Murray, 2010 Set in an experimental hospital for the criminally insane in the 1950s, CONFINEMENT is loosely based on the author's one year residency in a psychiatric center, when lobotomies and other equally cruel treatments were rampant, and when the highly-experimental "Insulin Therapy" was in vogue. The focus of the story is Duffino, an attractive girl in her early 20s, sent to the mental hospital when she refuses to defend herself at trial for the highly publicized, gang-related murder of her boyfriend's rival. Refusing to speak, Duffino is ordered locked-up until she's willing to talk. The richness of the story unfolds with Duffino's relationship to the other inmates, all in for violent crimes, including her obese roommate, Charlotte, who was sentenced for murdering a nun. Charlotte becomes obsessed with Duffino, and will not let up until she speaks. Throughout the course of the story, we see flashbacks of Duffino's romantic life on the gang-infested streets, juxtaposed with flashbacks of Charlotte's severe life in the convent; after much tribulation, the inmates slowly come to learn why they did the crimes they did, as they make us question the true nature of guilt. Between the horrifying treatments, the group therapy sessions, the flashbacks to violent crimes, the question of whether Duffino will talk, and the constant hope of escape, CONFINEMENT is a page-turning psychological thriller, in the vein of *One Flew Over the Cuckoo's Nest*.

**boothu kathalu: The Tiger** John Vaillant, 2010-08-24 It's December 1997 and a man-eating tiger is on the prowl outside a remote village in Russia's Far East. The tiger isn't just killing people, it's annihilating them, and a team of men and their dogs must hunt it on foot through the forest in the brutal cold. To their horrified astonishment it emerges that the attacks are not random: the tiger is engaged in a vendetta. Injured and starving, it must be found before it strikes again, and the story becomes a battle for survival between the two main characters: Yuri Trush, the lead tracker, and the tiger itself. As John Vaillant vividly recreates the extraordinary events of that winter, he also gives us an unforgettable portrait of a spectacularly beautiful region where plants and animals exist that are found nowhere else on earth, and where the once great Siberian Tiger - the largest of its species, which can weigh over 600 lbs at more than 10 feet long - ranges daily over vast territories of forest and mountain, its numbers diminished to a fraction of what they once were. We meet the native tribes who for centuries have worshipped and lived alongside tigers - even sharing their kills with them - in a natural balance. We witness the first arrival of settlers, soldiers and hunters in the tiger's territory in the 19th century and 20th century, many fleeing Stalinism. And we come to know the Russians of today - such as the poacher Vladimir Markov - who, crushed by poverty, have turned to poaching for the corrupt, high-paying Chinese markets. Throughout we encounter surprising theories of how humans and tigers may have evolved to coexist, how we may have developed as scavengers rather than hunters and how early *Homo sapiens* may have once fit seamlessly into the tiger's ecosystem. Above all, we come to understand the endangered Siberian tiger, a highly intelligent super-predator, and the grave threat it faces as logging and poaching reduce its habitat and numbers - and force it to turn at bay. Beautifully written and deeply informative, *The Tiger* is a gripping tale of man and nature in collision, that leads inexorably to a final showdown in a clearing deep in the Siberian forest.

**boothu kathalu: Flex** Annie Auerbach, 2021-02-23 Seasoned trends forecaster and consultant Annie Auerbach takes a fresh look at women's professional lives today by rethinking the 9 to 5 in this "no-nonsense guide to thinking and behaving more flexibly in order to have a happier, better, less frenetic life" (Marie Claire)—now widely available for American readers and updated with an author note addressing work in the post-Covid age. The recent coronavirus outbreak has proven what Annie Auerbach has long championed: working 9-5 in an office doesn't work for most us. It's time to change the rules. We can be efficient and productive when we're allowed the freedom of flexibility—to meet deadlines working during the hours and in the places we choose. But before the coronavirus pandemic, only 47 percent of American workers had access to flexible working options. Annie Auerbach advises major corporations, including Nike, Google, Unilever, and Pepsico. She understands work culture and the needs of employees. The world is changing for working women, but until the recent pandemic, companies turned a blind eye. Now, it's time to make this change routine. Auerbach reiterates the importance of leaving the office cubicle behind and explores the realities many women experience working from home and the changes to their daily lives, including the trickle-down effects, from emotional labor to balancing childcare and education with work, to even biohacking the female body's unique rhythms. What happens when women embrace the concept of flex? We become more creative, more strategic with our time and energy, and more

engaged with our personal lives. As Auerbach makes clear, we reject "our toxic culture of presenteeism, time-pressure, and ultimately burnout. It helps us escape the army of octopus lady jugglers, crazed with the exhaustion of "having it all." It allows us to live longer lives more sustainably. It gives us self-worth."

**boothu kathalu:** *Finding Radha* Gokhale Namita, 2018-11-14 Who was Radha, and why has she captured the imagination of so many writers across centuries? No other goddess combines the elements of bhakti and shringara quite as exquisitely as the divine milkmaid. She spans a vivid rainbow of imagery-from the playfulness of the Ras Lila to the soulfulness of her undying love, from the mystic allure of her depictions in poetry, art and sculpture to her enduring legacy in Vrindavan. In a way that sets her apart from other female consorts, Radha is idealized and dreamed of in a way that is almost more elemental than mythical. Namita Gokhale and Malashri Lal, who brought us *In Search of Sita: Revisiting Mythology*, now present an anthology on the mysterious Radha, the epitome of love, who defies all conventional codes yet transcends social prohibitions through the power of the spiritual and the sensual, the sacred and the erotic. *Finding Radha* is the first of its kind: a collection of poetry, prose and translation that enter the historical as well as the artistic dimensions of the eternal romance of Radha and Krishna.
