The framing story concerns a child and the frightening babysitter with whom her parents leave her. As the babysitter reads from a book, the characters in each of the tales materialize, with each tale breaking off just at its bleakest moment before giving way to the next one. The central tale is told without interruption, after which each previous tale is successively resumed, with each looming disaster averted. As in Zimmerman's other productions, here she uses costumes, props, sets, and lighting to brilliant effect, creating images and feelings that render the fairy tales in all their elemental and enduring power.

bye bye blackbird lead sheet pdf: Lullaby of Birdland George Shearing, 2004-04-27 Pianist George Shearing is that rare thing, a European jazz musician who became a household name in the US, as a result of the Shearing sound—the recordings of his historic late 1940s quintet. Together with his unique locked hands approach to playing the piano, Shearing's quintet with guitar and vibraphone in close harmony to his own playing revolutionized small group jazz, and ensured that after seven years as Melody Maker's top British pianist, he achieved even greater success in America. His compositions have been recorded by everyone from Sarah Vaughan to Miles Davis, and his best known pieces include Lullaby of Birdland, She and Conception. His story is all the more remarkable because Shearing was born blind. His candid reminiscences include a behind the scenes experience of New York's 52nd Street in its heyday, as well as memories of a vast roll-call of professional colleagues that includes all the great names in jazz.
