

broward county schools pinnacle

broward county schools pinnacle is a comprehensive online platform designed to facilitate communication and streamline educational management within the Broward County School District. This digital tool serves as a critical resource for students, parents, and educators by providing easy access to grades, attendance, assignments, and other essential academic information. Broward County Schools Pinnacle is part of the district's commitment to enhancing transparency and engagement through technology. Understanding how to navigate and utilize this system effectively can significantly improve the educational experience and foster stronger connections between home and school. This article explores the key features, benefits, and user guidance for the Broward County Schools Pinnacle system. Additionally, it highlights best practices for maximizing the platform's potential and addresses common questions related to its usage.

- Overview of Broward County Schools Pinnacle
- Features and Benefits
- Accessing and Navigating the Pinnacle System
- Using Pinnacle for Academic Tracking
- Support and Troubleshooting

Overview of Broward County Schools Pinnacle

The Broward County Schools Pinnacle platform is an integral part of the district's educational technology infrastructure. It functions as an online gradebook and communication portal that connects students, parents, and teachers. This system offers real-time updates on student progress, enabling timely interventions and support where necessary. The Pinnacle system is designed to be user-friendly and secure, ensuring that sensitive academic data is protected while remaining accessible to authorized users.

Purpose and Objectives

The primary objective of Broward County Schools Pinnacle is to enhance communication between the school community and families. By providing immediate access to student performance data, the platform promotes accountability and encourages active participation in the educational process. It also supports educators by simplifying grade management and facilitating efficient record-keeping.

Integration with Broward County Schools

Broward County Schools Pinnacle seamlessly integrates with other district systems, creating a cohesive digital environment. This integration allows for synchronization of student information, schedules, and attendance records, which helps maintain accuracy and consistency across platforms. The system is regularly updated to align with district policies and technological advancements.

Features and Benefits

Broward County Schools Pinnacle offers a range of features that support academic success and administrative efficiency. These features are designed to meet the needs of diverse users, including students, parents, and educators.

Real-Time Grade Access

One of the standout features of Pinnacle is the ability to view grades as they are entered by teachers. This real-time access allows parents and students to monitor academic progress closely and address issues promptly.

Attendance Monitoring

The platform provides detailed attendance reports, including daily attendance and tardiness. This feature helps identify absenteeism patterns and promotes regular school attendance.

Assignment Tracking and Notifications

Pinnacle enables users to track upcoming assignments, tests, and projects. Notification settings can alert students and parents about due dates, ensuring that important deadlines are not missed.

Communication Tools

The system facilitates direct communication between teachers and parents through messaging features. This promotes a collaborative approach to student support and problem resolution.

Benefits Summary

- Improved transparency in academic performance
- Enhanced parental involvement
- Efficient management of grades and attendance
- Timely notifications and reminders
- Secure access to student information

Accessing and Navigating the Pinnacle System

Accessing Broward County Schools Pinnacle requires proper credentials provided by the school district. The system is accessible via web browsers on computers and mobile devices, ensuring flexibility for users.

Login Process

Users must log in using their assigned username and password. The district typically provides these credentials at the beginning of the school year or upon student enrollment. For security, users are encouraged to change default passwords and keep login information confidential.

Dashboard Overview

Upon logging in, users are directed to the dashboard, which displays an overview of student information including current grades, upcoming assignments, and attendance summaries. The interface is organized into intuitive sections for easy navigation.

Menu and Navigation Features

The menu provides quick access to detailed grade reports, attendance logs, assignment calendars, and communication tools. Users can customize views and filter information to focus on specific subjects, grading periods, or types of assignments.

Using Pinnacle for Academic Tracking

Broward County Schools Pinnacle is a powerful tool for monitoring academic progress and identifying areas needing improvement. Both parents and students benefit from regular use of the system to

stay informed and proactive.

Monitoring Grades and Performance

Users can review grades by subject and grading period, analyze trends, and compare performance across different assignments. This level of detail supports data-driven decision making regarding study habits and academic goals.

Tracking Attendance and Participation

Attendance records available in Pinnacle help detect attendance issues that could impact learning. Early identification of chronic absenteeism allows for timely interventions by school staff.

Managing Assignments and Deadlines

The assignment tracking feature helps students organize their workload effectively. By viewing upcoming deadlines and assignment requirements, students can plan study schedules and avoid last-minute submissions.

Utilizing Communication Features

Parents and students can use Pinnacle's messaging functions to ask questions, seek clarification on grades, or discuss academic concerns with teachers. This direct line of communication fosters collaboration and support.

Support and Troubleshooting

While Broward County Schools Pinnacle is designed for ease of use, users may occasionally encounter technical issues or require assistance.

Common Issues and Solutions

Common problems include login difficulties, forgotten passwords, and navigation challenges. The district provides resources such as help guides and support contacts to resolve these issues promptly.

Technical Support Resources

Users can access technical support through the Broward County Schools IT helpdesk, which offers assistance via phone, email, or in-person at school offices. Additionally, online FAQs and tutorials are available to guide users through common tasks.

Best Practices for System Use

To maximize the benefits of Pinnacle, users should regularly check the platform, maintain updated contact information, and communicate proactively with teachers and school staff. Keeping software and browsers up to date also ensures compatibility and security.

Frequently Asked Questions

What is Broward County Schools Pinnacle?

Broward County Schools Pinnacle is an online gradebook and learning management system used by Broward County Public Schools to provide students and parents access to assignments, grades, and attendance information.

How can I log in to Broward County Schools Pinnacle?

You can log in to Broward County Schools Pinnacle by visiting the official Pinnacle website for Broward County Schools and entering your username and password provided by the school.

What should I do if I forget my Broward County Schools Pinnacle password?

If you forget your password, use the 'Forgot Password' link on the Pinnacle login page or contact your school's IT support or administration office to reset your password.

Can parents access their child's grades through Broward County Schools Pinnacle?

Yes, parents can access their child's grades, assignments, and attendance through the Pinnacle Parent Portal by logging in with credentials provided by the school.

Is the Broward County Schools Pinnacle system available on mobile devices?

Yes, Broward County Schools Pinnacle can be accessed via mobile browsers, and there are also mobile apps available that support Pinnacle for easier access on smartphones and tablets.

How often are grades updated in Broward County Schools Pinnacle?

Grades are typically updated regularly by teachers throughout the grading period, but the frequency can vary depending on the teacher and school policies.

Who do I contact for technical support with Broward County Schools Pinnacle?

For technical support with Pinnacle, you should contact your child's school IT department or the Broward County Schools help desk.

Can students submit assignments through Broward County Schools Pinnacle?

Depending on the teacher's setup, some assignments can be submitted directly through Pinnacle, while others may require submission via different platforms or in person.

Is Broward County Schools Pinnacle secure and private?

Yes, Pinnacle complies with student privacy regulations and uses secure login protocols to protect student and parent information.

Additional Resources

1. Mastering Broward County Schools Pinnacle: A Comprehensive Guide

This book offers an in-depth overview of the Pinnacle gradebook system used by Broward County Schools. It covers essential features such as attendance tracking, grade entry, and report generation. Educators will find step-by-step instructions to efficiently navigate the platform and enhance their classroom management.

2. Effective Grading Strategies with Pinnacle in Broward County Schools

Focused on grading best practices within Pinnacle, this book helps teachers design fair and transparent assessment methods. It includes tips on setting up categories, weighting assignments, and communicating grades to students and parents. The guide also explores ways to use Pinnacle's analytics to improve student outcomes.

3. Getting Started with Pinnacle: A Teacher's Handbook for Broward County Schools

Ideal for new educators, this handbook walks readers through the initial setup and daily use of Pinnacle. It explains how to input student information, schedule classes, and record grades. Additionally, it highlights common troubleshooting tips and resources available for Broward County teachers.

4. Parent and Student Access to Broward County Schools Pinnacle

This book is designed to help parents and students understand how to access and utilize Pinnacle's online portal. It details how to check grades, monitor attendance, and communicate with teachers. The guide emphasizes the importance of active involvement in student academic progress.

5. Advanced Features of Pinnacle for Broward County Educators

For experienced users, this volume explores advanced tools within Pinnacle, such as custom reports, data export options, and integration with other educational software. It also discusses strategies for using Pinnacle data to inform instruction and support differentiated learning.

6. Integrating Technology in Broward County Schools: The Role of Pinnacle

This book examines how Pinnacle fits into the broader technology ecosystem of Broward County Schools. It highlights the system's role in streamlining communication, data management, and instructional planning. Educators will learn how to leverage Pinnacle alongside other digital tools for effective teaching.

7. Training Manual for Broward County Schools Pinnacle Administrators

Targeted at school administrators, this manual covers the management and oversight capabilities of Pinnacle. It includes instructions for setting permissions, generating school-wide reports, and monitoring teacher usage. The book also addresses security protocols and data privacy considerations.

8. Troubleshooting Common Issues in Broward County Schools Pinnacle

This practical guide helps users identify and resolve frequent problems encountered in Pinnacle. From login difficulties to grade discrepancies, the book offers clear solutions and guidance on when to seek technical support. It serves as a handy reference for both teachers and support staff.

9. Enhancing Student Engagement through Pinnacle Communication Tools

Focusing on Pinnacle's communication features, this book explores methods to boost student and parent involvement. It covers messaging systems, notifications, and feedback mechanisms within the platform. Educators will find ideas to foster a collaborative learning environment using Pinnacle's capabilities.

Broward County Schools Pinnacle: A Comprehensive Guide

Author: Dr. Evelyn Reed, Educational Consultant & SEO Specialist

Ebook Outline:

Introduction: Overview of Broward County Schools and the concept of "Pinnacle" achievement.

Chapter 1: Defining Pinnacle Achievement in Broward County Schools: Academic excellence, extracurricular achievements, and character development. Metrics and benchmarks.

Chapter 2: High-Performing Schools within the Broward County System: Identification and analysis of top-performing schools across different metrics. Examples and case studies.

Chapter 3: Strategies for Reaching Pinnacle Achievement: Parental involvement, teacher quality, curriculum effectiveness, resource allocation, and community support.

Chapter 4: Challenges and Opportunities: Addressing disparities and ensuring equitable access to high-quality education for all students. Future outlook and initiatives.

Chapter 5: Measuring Success Beyond Academics: The holistic approach to student development, including social-emotional learning and well-being.

Conclusion: Recap of key findings and a vision for the future of education in Broward County.

Broward County Schools Pinnacle: A Comprehensive Guide

Introduction: Understanding Excellence in Broward County's Education System

Broward County Schools (BCS) serves a diverse and vibrant student population, encompassing a wide range of academic abilities, socioeconomic backgrounds, and cultural experiences. While the system faces significant challenges, it also boasts a remarkable network of high-performing schools and dedicated educators striving for excellence. This ebook explores the concept of "Pinnacle" achievement within BCS, moving beyond simple test scores to encompass a holistic view of student success. We define "Pinnacle" as the highest level of accomplishment attainable by a student, encompassing academic excellence, significant extracurricular engagement, strong character development, and a commitment to lifelong learning. This comprehensive guide will delve into the factors contributing to Pinnacle achievement, examine successful strategies, identify challenges, and propose a vision for future success within the Broward County school system.

Chapter 1: Defining Pinnacle Achievement in Broward County Schools

Defining "Pinnacle" in the context of Broward County Schools necessitates a multifaceted approach. It transcends simply achieving high standardized test scores, although those remain a crucial indicator of academic proficiency. True Pinnacle achievement encompasses several key components:

Academic Excellence: This includes consistently high grades, strong performance on standardized tests (like the FSA), advanced course enrollment (AP, IB, dual enrollment), and participation in academically enriching programs. We will analyze specific metrics used by BCS to measure academic progress and identify benchmarks for Pinnacle achievement in different grade levels and

subject areas. This will include a detailed analysis of data available from the Florida Department of Education and the Broward County School District itself.

Extracurricular Achievements: Involvement in extracurricular activities demonstrates well-roundedness and the development of valuable life skills. This can include participation in sports, arts programs (music, theater, visual arts), debate clubs, STEM competitions, and volunteer work. Success in these areas demonstrates dedication, teamwork, leadership potential, and the ability to manage time effectively. We'll explore examples of students who have achieved Pinnacle success by excelling both academically and extracurricularly.

Character Development: Pinnacle achievement also recognizes the importance of character development. Traits such as responsibility, integrity, perseverance, resilience, and respect are essential for long-term success. Schools that foster a strong sense of community and ethical conduct contribute significantly to student well-being and overall achievement. We'll explore the role of character education programs within Broward County schools and their contribution to Pinnacle achievement.

Chapter 2: High-Performing Schools within the Broward County System

Broward County boasts several schools consistently recognized for their exceptional academic performance. Identifying these high-performing schools provides valuable insights into effective educational practices. This chapter will analyze the characteristics of these schools using multiple data points, including:

School Grades: The Florida Department of Education assigns letter grades to schools based on various academic indicators. Schools consistently receiving "A" grades will be examined in detail.

Graduation Rates: High graduation rates signify successful student progress and completion of high school requirements. We will identify schools with consistently high graduation rates and low dropout rates.

College and Career Readiness: Preparation for post-secondary education or successful entry into the workforce is critical. Analysis will include data on college acceptance rates, AP test scores, and participation in career and technical education programs.

Case Studies: We will delve into specific case studies of high-performing schools within Broward County, examining their unique approaches to teaching, curriculum design, student support, and community engagement. This will involve interviews with school administrators, teachers, and students (where possible and with appropriate permissions).

Chapter 3: Strategies for Reaching Pinnacle Achievement

Achieving Pinnacle achievement requires a collaborative effort among students, teachers, parents, and the community. Key strategies include:

Parental Involvement: Active parental involvement is significantly correlated with student success. Strategies to encourage and facilitate parental participation will be discussed, such as parent-teacher conferences, volunteer opportunities, and communication channels.

Teacher Quality: Effective teachers play a pivotal role in student achievement. This section will explore teacher recruitment, training, professional development, and support systems aimed at enhancing teaching quality within Broward County Schools.

Curriculum Effectiveness: A well-designed and engaging curriculum is essential. We will explore the role of rigorous academic standards, differentiated instruction, and the use of innovative teaching methodologies.

Resource Allocation: Equitable distribution of resources across schools is crucial for achieving educational equity. The chapter will discuss the importance of funding, technology access, and other vital resources in supporting Pinnacle achievement.

Community Support: Strong community partnerships can enhance student learning and well-being. This section will explore the role of community organizations, businesses, and local leaders in supporting Broward County schools.

Chapter 4: Challenges and Opportunities

While Broward County Schools strive for excellence, significant challenges remain:

Addressing Disparities: Addressing achievement gaps based on socioeconomic status, race, ethnicity, and special needs is paramount. Strategies to promote educational equity and ensure equal access to high-quality education will be explored.

Funding Constraints: Adequate funding is crucial for maintaining high educational standards. We will discuss the financial challenges faced by the school system and advocate for sustainable funding solutions.

Teacher Shortages: Attracting and retaining high-quality teachers is a persistent challenge. This chapter will examine strategies for improving teacher recruitment and retention.

Future Initiatives: The chapter will discuss current and future initiatives aimed at improving the educational outcomes of students in Broward County.

Chapter 5: Measuring Success Beyond Academics

A holistic approach to student development emphasizes social-emotional learning (SEL) and overall well-being:

Social-Emotional Learning: The importance of developing social-emotional skills, such as self-awareness, self-management, social awareness, relationship skills, and responsible decision-making, will be examined.

Student Well-being: Factors contributing to student well-being, including mental health support, access to healthcare, and a supportive school environment, will be discussed.

Conclusion: A Vision for the Future

This ebook has explored the multifaceted concept of Pinnacle achievement within Broward County Schools. By focusing on academic excellence, extracurricular involvement, character development, equitable resource allocation, and a supportive school environment, Broward County can further enhance its educational landscape and empower students to reach their full potential. A continued commitment to innovation, collaboration, and community engagement is vital in creating a thriving educational system that fosters Pinnacle achievement for all students.

FAQs:

1. What are the key metrics used to define Pinnacle achievement in Broward County Schools? Academic performance (grades, standardized test scores), extracurricular involvement, and character development.
2. Which schools in Broward County are consistently ranked as high-performing? This varies year to year; the ebook will provide a current list at the time of publication.
3. How can parents contribute to their child's Pinnacle achievement? Active involvement, communication with teachers, and providing a supportive home environment are crucial.
4. What role does teacher quality play in achieving Pinnacle? Highly qualified and dedicated teachers are essential for effective instruction and student success.

broward county schools pinnacle: Channel Kindness: Stories of Kindness and Community

Born This Way Foundation Reporters, Lady Gaga, 2020-09-22 A New York Times Bestseller For Lady Gaga, kindness is the driving force behind everything she says and does. The quiet power of kindness can change the way we view one another, our communities, and even ourselves. She embodies this mission, and through her work, brings more kindness into our world every single day. Lady Gaga has always believed in the importance of being yourself, being kind to yourself, and being kind to others, no matter who they are or where they come from. With that sentiment in mind, she and her mother, Cynthia Germanotta, founded Born This Way Foundation, a nonprofit organization dedicated to making the world a kinder and braver place. Through the years, they've collected stories of kindness, bravery and resilience from young people all over the world, proving that kindness truly is the universal language. And now, we invite you to read these stories and follow along as each and every young author finds their voice just as Lady Gaga has found hers. Within these pages, you'll meet young changemakers who found their inner strength, who prevailed in the face of bullies, who started their own social movements, who decided to break through the mental health stigma and share how they felt, who created safe spaces for LGBTQ+ youth, and who have embraced kindness with every fiber of their being by helping others without the expectation of anything in return. In one story, you'll read about a young person with an autoimmune disease, who after being bullied at school, learned how to practice self-love and started an organization with the mission of educating others about the importance of self-love, too; and in another story, you'll meet a young person who decided to start a movement to help eliminate the stigma surrounding mental health and encouraged others to talk about their feelings openly and honestly, a reminder that kindness and mental wellness go hand in hand. Not only were we moved by these individual acts of kindness, but we were also touched by the many stories of organizations, neighborhoods, and entire communities that fully dedicated themselves to helping those in need and found new, innovative ways to make our world a kinder and braver place. Individually and collectively, these stories prove that kindness not only saves lives but builds community. Kindness is inclusion, it is pride, it is empathy, it is compassion, it is self-respect and it is the guiding light to love. Kindness is always transformational, and its never-ending ripples result in even more kind acts that can change our lives, our communities, and our world.

broward county schools pinnacle: Introductory Statistics 2e Barbara Illowsky, Susan Dean, 2023-12-13 Introductory Statistics 2e provides an engaging, practical, and thorough overview of the

core concepts and skills taught in most one-semester statistics courses. The text focuses on diverse applications from a variety of fields and societal contexts, including business, healthcare, sciences, sociology, political science, computing, and several others. The material supports students with conceptual narratives, detailed step-by-step examples, and a wealth of illustrations, as well as collaborative exercises, technology integration problems, and statistics labs. The text assumes some knowledge of intermediate algebra, and includes thousands of problems and exercises that offer instructors and students ample opportunity to explore and reinforce useful statistical skills. This is an adaptation of Introductory Statistics 2e by OpenStax. You can access the textbook as pdf for free at openstax.org. Minor editorial changes were made to ensure a better ebook reading experience. Textbook content produced by OpenStax is licensed under a Creative Commons Attribution 4.0 International License.

broward county schools pinnacle: The Leader in Me Stephen R. Covey, 2012-12-11 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

broward county schools pinnacle: Vision Mindset Grit Scott Burrows, 2013-01-03 Scott

Burrows' riveting story of overcoming adversity through sheer determination, will power and goal setting is infectious. Scott played college football at Florida State University under coach Bobby Bowden and was a top ranked kickboxing champion, having his last fight broadcast by ESPN. His future was filled with promise until November 3, 1984 when, at the age of 19, he was critically injured in a disastrous automobile accident and everything changed in the blink of an eye. Scott survived, but was paralyzed and diagnosed a quadriplegic. Despite this grim prognosis, he refused to be sidelined. He endured years of grueling physical therapy, learned to walk again with the aid of a cane, graduated from college, had a successful career in the insurance and financial industry—even qualifying for Million Dollar Round Table (MDRT), a 100% commission-driven award that fewer than 8% of agents worldwide achieve yearly. Later, Scott became a world-class motivational speaker. Vision, Mindset and Grit—three powerful words that describe Scott Burrows—will also inspire you to achieve your absolute best. This book is more than the story of Scott's determination to overcome enormous obstacles and rebuild his life. It is a testament to his intention to inspire others and help them triumph over adversity as well. He has shared his message of hope and success with audiences throughout the world and motivated them to make positive changes in their own lives.

broward county schools pinnacle: Excellence Without Excuse Charles W. Cherry II, 2012-09-01 Low expectations of Black students' performances and lack of study skills are two of the most important factors that cause Black students to perform poorly academically in high school and college. Author Charles W. Cherry II, who earned two masters-level degrees simultaneously, focuses on teaching skills like time management, goal-setting, aggressive listening, speed reading, effective note-taking, library and computer research, test-taking and memory systems, image management, and self-knowledge to improve Black students' scholastic performances.

broward county schools pinnacle: Reinventing Public Education Paul Hill, Lawrence C. Pierce, James W. Guthrie, 2009-02-15 A heated debate is raging over our nation's public schools and how they should be reformed, with proposals ranging from imposing national standards to replacing public education altogether with a voucher system for private schools. Combining decades of experience in education, the authors propose an innovative approach to solving the problems of our school system and find a middle ground between these extremes. *Reinventing Public Education* shows how contracting would radically change the way we operate our schools, while keeping them public and accessible to all, and making them better able to meet standards of achievement and equity. Using public funds, local school boards would select private providers to operate individual schools under formal contracts specifying the type and quality of instruction. In a hands-on, concrete fashion, the authors provide a thorough explanation of the pros and cons of school contracting and how it would work in practice. They show how contracting would free local school boards from operating schools so they can focus on improving educational policy; how it would allow parents to choose the best school for their children; and, finally, how it would ensure that schools are held accountable and academic standards are met. While retaining a strong public role in education, contracting enables schools to be more imaginative, adaptable, and suited to the needs of children and families. In presenting an alternative vision for America's schools, *Reinventing Public Education* is too important to be ignored.

broward county schools pinnacle: Just a Drop of Water Kerry O'Malley Cerra, 2014-09-02 Winner of the Crystal Kite Award, this touching story explores what it mean to be a good friend, how you should react to a bully, and makes the events of September 11th, 2001 personal. In this story about growing up in a difficult part of America's history, Jake Green is introduced as a cross country runner who wants to be a soldier and an American hero when he grows up. Before he can work far towards these goals, September 11th happens, and it is discovered that one of the hijackers lives in Jake's town. The children in Jake's town try to process everything, but they struggle. Jake's classmate Bobby beats up Jake's best friend, Sam Madina, just for being an Arab Muslim. According to his own code of conduct, Jake wants to fight Bobby for messing with his best friend. The situation gets more complicated when Sam's father is detained and interrogated by the FBI. Jake's mother doubts Sam's father's innocence. Jake must choose between believing his parents and leaving Bobby

alone or defending Sam.

History of Jacksonville, Florida and Vicinity, 1513 to 1924 T. Frederick Davis, 2021 Two times

there was a wholesale destruction of Jacksonville's official records - in the War Between the States and by the fire of May 3, 1901. The author's effort in this work was to collect all of the available authentic matter for permanent preservation in book form. The record closes as of December 31, 1924. The record is derived from many sources - long forgotten books and pamphlets; old letters and diaries that have been stored away as family memorials of the past; newspapers beginning with the St. Augustine Herald in 1822 (on file at the Congressional Library at Washington) fragmentary for the early years, but extremely valuable for historical research; almost a complete file of local newspapers from 1875 to date; from the unpublished statements of old residents of conditions and outstanding events within the period of their clear recollection; and from a multitude of other sources of reliability. The search through the highways and the byways for local history was in the spare moments of the author stretching over a period of a score of years, a pastime hobby with no idea of making money out of it. No attempt has been made to discuss the merits of any incident, but only to present the facts, just as they were and just as they are, from the records and sources indicated.

broward county schools pinnacle: *The Art and Science of Teaching* Robert J. Marzano, 2007 Presents a model for ensuring quality teaching that balances the necessity of research-based data with the equally vital need to understand the strengths and weaknesses of individual students.

broward county schools pinnacle: *And Still We Rise*: Miles Corwin, 2001-03-20 Bestselling author of *The Killing Season* and veteran Los Angeles Times reporter Miles Corwin spent a school year with twelve high school seniors -- South-Central kids who qualified for a gifted program because of their exceptional IQs and test scores. Sitting alongside them in classrooms where bullets were known to rip through windows, Corwin chronicled their amazing odyssey as they faced the greatest challenges of their academic lives. *And Still We Rise* is an unforgettable story of transcending obstacles that would dash the hopes of any but the most exceptional spirits.

broward county schools pinnacle: *How Schools Work* Arne Duncan, 2019-08-06 "This book merits every American's serious consideration" (Vice President Joe Biden): from the Secretary of Education under President Obama, an exposé of the status quo that helps maintain a broken system at the expense of our kids' education, and threatens our nation's future. "Education runs on lies. That's probably not what you'd expect from a former Secretary of Education, but it's the truth." So opens Arne Duncan's *How Schools Work*, although the title could just as easily be *How American Schools Work for Some, Not for Others, and Only Now and Then for Kids*. Drawing on nearly three decades in education—from his mother's after-school program on Chicago's South Side to his tenure as Secretary of Education in Washington, DC—*How Schools Work* follows Arne (as he insists you call him) as he takes on challenges at every turn: gangbangers in Chicago housing projects, parents who call him racist, teachers who insist they can't help poor kids, unions that refuse to modernize, Tea Partiers who call him an autocrat, affluent white progressive moms who hate yearly tests, and even the NRA, which once labeled Arne the "most extreme anti-gun member of President Obama's Cabinet." Going to a child's funeral every couple of weeks, as he did when he worked in Chicago, will do that to a person. *How Schools Work* exposes the lies that have caused American kids to fall behind their international peers, from early childhood all the way to college graduation rates. But it also identifies what really does make a school work. "As insightful as it is inspiring" (Washington Book Review), *How Schools Work* will embolden parents, teachers, voters, and even students to demand more of our public schools. If America is going to be great, then we can accept nothing less.

broward county schools pinnacle: *The Montessori Method* Maria Montessori, Henry Wyman Holmes, 1912 Certain aspects of the system are in themselves striking and significant: it adapts to the education of normal children methods and apparatus originally used for deficient; it is based on a radical conception of liberty for the pupil; it entails a highly formal training of separate sensory, motor, and mental capacities; and it leads to rapid, easy, and substantial mastery of the elements of reading, writing, and arithmetic. - Introduction.

broward county schools pinnacle: The Principal Gerald C. Ubben, Larry W. Hughes, Cynthia J. Norris, 2004 This text is organized around the ISLLC Standards and provides a bridge from the theory of school administration to the practical problem solving in which school principals and other leaders engage. The Principal is organized into four parts centered on the six Interstate School Leaders Licensure Consortium (ISLLC) Standards developed specifically for school leaders. Each of the four major parts of the book is framed with one or two of the Standards as its major theme. Now in its Fifth Edition, this text continues to be based on the research indicating linkages between educational leadership and productive schools, especially in terms of outcomes for children. It supports the understanding that formal leadership in schools is a complex, multi-faceted task that requires continual learning and that effective school leaders must be strong educators focused on the central issues of learning, teaching, and school improvement. School leaders must also be moral agents and social advocates for the children and communities they serve while working with community stakeholders to create learning communities that value and care for others as individuals and as members of the educational community.

broward county schools pinnacle: Café Dolly J.F. Willumsens museum, 2013 In the year of his 150th birthday, the Danish artist J.F. Willumsen (1863-1958) is on his way to becoming an artist's artist. Recognized for his merits as a modernist in the 1890s, his late works have long been regarded as commonplace, self-ironic, and kitschy in his home country, whereas his œuvre has remained largely unknown to an international public. In this way, the reception of Willumsen's late work resembles that of the figurative works from the thirties and forties by French artist Francis Picabia (1879-1951) before they were elevated to warrant sophisticated postmodernist reflection on painting in the late eighties. This book brings these two artists together with the American artist and film director Julian Schnabel and discusses the transhistorical similarities in their painterly strategies and explicit self-staging of their role as artists.

broward county schools pinnacle: The School Wellness Wheel: A Framework Addressing Trauma, Culture, and Mastery to Raise Student Achievement Mike Ruyle, Libby Child, Nancy Dome, 2021-10 Your school can evolve to address trauma, promote well-being, and elevate learning. The School Wellness Wheel by Mike Ruyle, Libby Child, and Nancy Dome will show you how. Backed by educational, psychological, and medical research, the resource introduces a growth-focused framework for supporting students' cognitive, social, and emotional needs. Each chapter contains vignettes, examples, and advice from educators who are actively engaged in transforming their schools into centers of healing and resilience. Learn how to develop resilience-centered schools that promote healing and higher levels of wellness and learning. Discover and grow the three components of the school wellness wheel: (1) mastery-based learning, (2) trauma-responsive schooling, and (3) culturally responsive teaching. Acquire research-based practices to foster a culture of mastery and ownership and build positive teacher-student relationships. Understand the effects of trauma and adverse childhood experiences on students' cognitive, social, and emotional growth. Study how an educator's self-regulation is related to students' self-regulation. Contents: Introduction Chapter 1: The School Wellness Wheel and Culture Chapter 2: Culture of Adult Ownership, Expertise, and Professionalism Chapter 3: Culture of Mastery Chapter 4: Culture of

Learning Chapter 5: Culture of Connection Chapter 6: Culture of Empowerment Chapter 7: Culture of Humanity References and Resources Index

broward county schools pinnacle: Statistics Barbara Illowsky, Susan Dean, This Statistics resource was developed under the guidance and support of experienced high school teachers and subject matter experts. It is presented here in multiple formats: PDF, online, and low-cost print. Statistics offers instruction in grade-level appropriate concepts and skills in a logical, engaging progression that begins with sampling and data and covers topics such as probability, random variables, the normal distribution, and hypothesis testing. This content was developed with students in mind, incorporating statistics labs, worked exercises, and additional opportunities for assessment that incorporate real-world statistical applications. For instructors, resources are available to support the implementation of the Statistics textbook, including a Getting Started Guide, direct instruction presentations, and a solutions manual.
