commanding your morning prayer cindy trimm pdf: *Why Waco?* James D. Tabor, Eugene V. Gallagher, 2023-11-10 The 1993 government assault on the Branch Davidian compound near Waco, Texas, resulted in the deaths of four federal agents and eighty Branch Davidians, including seventeen children. Whether these tragic deaths could have been avoided is still debatable, but what seems clear is that the events in Texas have broad implications for religious freedom in America. James Tabor and Eugene Gallagher's bold examination of the Waco story offers the first balanced

account of the siege. They try to understand what really happened in Waco: What brought the Branch Davidians to Mount Carmel? Why did the government attack? How did the media affect events? The authors address the accusations of illegal weapons possession, strange sexual practices, and child abuse that were made against David Koresh and his followers. Without attempting to excuse such actions, they point out that the public has not heard the complete story and that many media reports were distorted. The authors have carefully studied the Davidian movement, analyzing the theology and biblical interpretation that were so central to the group's functioning. They also consider how two decades of intense activity against so-called cults have influenced public perceptions of unorthodox religions. In exploring our fear of unconventional religious groups and how such fear curtails our ability to tolerate religious differences, *Why Waco?* is an unsettling wake-up call. Using the events at Mount Carmel as a cautionary tale, the authors challenge all Americans, including government officials and media representatives, to closely examine our national commitment to religious freedom.

commanding your morning prayer cindy trimm pdf: Kingdom Authority Kynan Bridges, 2015-05-09 Even as a young boy, Kynan Bridges understood that he was not alone in this world. He sensed the presence of God, but when he rededicated his life to Jesus in 1996, he also encountered the dark side of the spiritual realm firsthand. For several months, he was tormented by nightmares, demonic attacks, and the spirit of fear. Little did he know that such demonic attacks on the mind and body were not unique to him. Many people in the church battle with the realm of darkness, yet they remain silent and therefore stuck in its throes, with no knowledge of how to achieve victory. One night, feeling suffocated in his sleep, Kynan called on the only name he knew to call upon: the name of Jesus. Instantly, he was set free from the tyrannical grip of the devil. In that moment, he realized that he had authority over the enemy because the name of Jesus is more than a word used casually in Sunday school—it is the embodiment of the sovereign power of the kingdom of God. Kingdom Authority provides deep biblical insight into the authority that you possess as a child of God. You will discover how to invoke God's Word and the name of Jesus to gain victory over the enemy and take dominion over the powers of darkness and their torments, finding freedom from fear, depression, lust, sickness, poverty, and bondage of all types.

commanding your morning prayer cindy trimm pdf: True to the Faith David Gooding, The Acts of the Apostles is about more than the spread of the gospel to the ends of the earth. By the time the ascended Christ had sent the Holy Spirit to guide his disciples, they had no doubt what the basics of the gospel message were: that Christ died for our sins, was buried and rose again the third day and would one day come again. But, according to Luke's account, difficult questions and challenges arose for the apostles as they began to spread this message. These questions, when once settled by the apostles, would further define the gospel with answers that are definitive for us today. By carefully tracing Luke's presentation of the historical material, David Gooding shows us that Luke has arranged his historical material into six sections, each containing a set of issues and a dominant question that confronted the church: - Was the gospel to be under the authority of the Jewish Sanhedrin, even when they called into question the deity and messiahship of Jesus? - Would the temple and its entire system of worship become obsolete because of Christ's sacrifice at Calvary, as Stephen claimed? - What would God do when the observance of his own food laws became a barrier to preaching the gospel to Gentiles such as Cornelius? - How would the apostles decide about the rite of circumcision and its relationship to salvation? - How would the gospel distinguish itself from the spiritism, idolatry, religions and philosophies of the pagan world and state positively its own answer to questions of the origin of the universe and life's ultimate goal? - And how would Paul defend the gospel at the highest levels of society, against every kind of misrepresentation, when he

found himself under the power of Roman law and order? The conclusions that the apostles and the early churches reached under the guidance of the Holy Spirit are profoundly relevant. Their defence against each new challenge confirmed the truth of the gospel for every generation of Christ's disciples. David Gooding's exposition echoes Acts' powerful, unspoken exhortation to examine ourselves honestly to see whether the Christianity that we represent and the gospel that we preach and defend are uncompromisingly the same as those established by the apostles of our Lord Jesus Christ.
