george strait piano: This is Your Brain on Music Daniel Levitin, 2019-07-04 From the author of The Changing Mind and The Organized Mind comes a New York Times bestseller that unravels the mystery of our perennial love affair with music ***** 'What do the music of Bach, Depeche Mode and John Cage fundamentally have in common?' Music is an obsession at the heart of human nature, even more fundamental to our species than language. From Mozart to the Beatles, neuroscientist, psychologist and internationally-bestselling author Daniel Levitin reveals the role of music in human evolution, shows how our musical preferences begin to form even before we are born and explains why music can offer such an emotional experience. In This Is Your Brain On Music Levitin offers nothing less than a new way to understand music, and what it can teach us about ourselves. ***** 'Music seems to have an almost wilful, evasive quality, defying simple explanation, so that the more we find out, the more there is to know . . . Daniel Levitin's book is an eloquent and poetic exploration of this paradox' Sting 'You'll never hear music in the same way again' Classic FM magazine 'Music, Levitin argues, is not a decadent modern diversion but something of fundamental importance to the history of human development' Literary Review

george strait piano: *The Broken Spoke* Donna Marie Miller, 2017-04-21 James and Annetta White opened the Broken Spoke in 1964, then a mile south of the Austin city limits, under a massive live oak, and beside what would eventually become South Lamar Boulevard. White built the place

himself, beginning construction on the day he received his honorable discharge from the US Army. And for more than fifty years, the Broken Spoke has served up, in the words of White's well-worn opening speech, ". . . cold beer, good whiskey, the best chicken fried steak in town . . . and good country music." White paid thirty-two dollars to his first opening act, D. G. Burrow and the Western Melodies, back in 1964. Since then, the stage at the Spoke has hosted the likes of Bob Wills, Dolly Parton, Ernest Tubb, Ray Price, Marcia Ball, Pauline Reese, Roy Acuff, Kris Kristofferson, George Strait, Willie Nelson, Jerry Jeff Walker, Asleep at the Wheel, and the late, great Kitty Wells. But it hasn't always been easy; through the years, the Whites and the Spoke have withstood their share of hardship—a breast cancer diagnosis, heart trouble, the building's leaky roof, and a tour bus driven through its back wall. Today the original rustic, barn-style building, surrounded by sleek, high-rise apartment buildings, still sits on South Lamar, a tribute and remembrance to an Austin that has almost vanished. Housing fifty years of country music memorabilia and about a thousand lifetimes of memories at the Broken Spoke, the Whites still honor a promise made to Ernest Tubb years ago: they're "keepin' it country."
