gates of repentance pdf: On Repentance Pinchas H. Peli, 2000-05-01 For five decades prior to his death in 1993, Rabbi Joseph Dov Soloveitchik was the unchallenged leader of modern Orthodox Judaism in the United States. His understanding of both traditional Judaism and secular philosophy shaped two generations of rabbinic students at Yeshiva University, and charted a new course for American Orthodox Jews. In On Repentance, noted scholar Pinchas Peli has gathered the major points of Rabbi Soloveitchik's teachings on teshuvah (repentance), based on the annual series of lectures on the theme of teshuvah, presented on the anniversary of his father's death. For many Jews, these lectures were the major academic and intellectual event of the year. Outside of his followers however, few were able to experience the genius of Rabbi Soloveitchik. He gave his lectures in Yiddish, and generally refused to publish. Now readers can experience the brilliant thinking of this great teacher and sage.

gates of repentance pdf: Truth Triumphant Wilkinson, Benjamin George, 2015-02-23 A much neglected field of study has been opened by the research of the author into the history of the Christian church from its apostolic origins to the close of the eighteenth century. Taking as his thesis the prominence given to the Church in the Wilderness in Bible prophecy, and the fact that "the Church in the Wilderness," and not the proud hierarchy enthroned in the world's great capital, was the true church of Christ," he has spent years developing this subject. In its present form, Truth Triumphant represents much arduous research in the libraries of Europe as well as in America. Excellent ancient sources are most difficult to obtain, but the author has been successful in gaining access to many of them. To crystallize the subject matter and make the historical facts live in modern times, the author also made extensive travels throughout Europe and Asia. The doctrines of the primitive Christian church spread to Ireland, Scotland, and Wales. As grains of a mustard seed they lodged in the hearts of many Godly souls in southern France and northern Italy — people known as the Albigenses and the Waldenses. The faith of Jesus was valiantly upheld by the Church of the East. This term, as used by the author, not only includes the Syrian and Assyrian Churches, but is also the

term applied to the development of apostolic Christianity throughout the lands of the East. The spirit of Christ, burning in the hearts of loyal men who would not compromise with paganism, sent them forth as missionaries to lands afar. Patrick, Columbanus, Marcos, and a host of others were missionaries to distant lands. They braved the ignorance of the barbarian, the intolerance of the apostate church leaders, and the persecution of the state in order that they might win souls to God. To unfold the dangers that were ever present in the conflict of the true church against error, to reveal the sinister working of evil and the divine strength by which men of God made truth triumphant, to challenge the Remnant Church today in its final controversy against the powers of evil, and to show the holy, unchanging message of the Bible as it has been preserved for those who will "fear God, and keep His commandments" — these are the sincere aims of the author as he presents this book to those who know the truth. MERLIN L. NEFF.

A truly captivating story testifying of the miraculous power of God that is able to rescue a soul from hell and make all things new!

gates of repentance pdf: A Hunger for God John Piper, 2013-04-23 There is an appetite for God. And it can be awakened. I invite you to turn from the dulling effects of food and the dangers of idolatry, and to say with some simple fast: This much, O God, I want you. Our appetites dictate the direction of our lives - whether it be the cravings of our stomachs, the passionate desire for possessions or power, or the longings of our spirits for God. But for the Christian, the hunger for anything besides God can be an arch-enemy. While our hunger for God - and Him alone - is the only thing that will bring victory. Do you have that hunger for Him? As John Piper puts it: If we don't feel strong desires for the manifestation of the glory of God, it is not because you have drunk deeply and are satisfied. It is because we have nibbled so long at the table of the world. Our soul is stuffed with small things, and there is no room for the great. If we are full of what the world offers, then perhaps a fast might express, or even increase, our soul's appetite for God. Between the dangers of self-denial and self-indulgence is this path of pleasant pain called fasting. It is the path John Piper invites you to travel in this book. For when God is the supreme hunger of your heart, He will be supreme in everything. And when you are most satisfied in Him, He will be most glorified in you.

gates of repentance pdf: The Elementary Doctrines Sam Soleyn, Nicholas Soleyn, 2015-03-31 All believers begin their walks with Christ as infants who are newly born again but whom God intends to forge into mature representations of His being. Scripture identifies specific aspects of our spiritual education as the foundation of maturity for all believers: repentance from acts that lead to death, faith in God, instruction about baptisms, the laying on of hands, the resurrection of the dead, and eternal judgment. These are known as the Elementary Doctrines, cultural imperatives in the Kingdom of Heaven. Choosing this journey to maturity requires the regular observation and daily practice of these Elementary Doctrines. Christ uses their repeating patterns and practice to reshape willing believers' lives, turning them into mature representations of God on the earth.

gates of repentance pdf: Beyond Mercy Doug Batchelor, 2012-09-01 The unpardonable sin is lurking like a deadly shark preying on its next unsuspecting meal. ... Will you be its next victim? One of the most confusing and debated teachings of the Bible is the unpardonable sin, found in Matthew 12:31: Every sin and blasphemy will be forgiven men, but the blasphemy against the Spirit will not be forgiven men. Some attribute this frightening sin to cursing the name of God, while others believe it has to do with murder. Whatever it is, millions of Christians live in fear that they've committed it and have no real hope. But even worse, others might be close to living beyond God's mercy and don't even know it! What is the Bible truth about the unpardonable sin? What is so awful about it and why can't God forgive it? You don't need to guess! Pastor Doug Batchelor tackles these questions to give you all the information you need to know about this perplexing topic. Not only will you get clear and penetrating answers, you'll discover new hope and a strategy to stay right with God.

gates of repentance pdf: Good for the Souls Nadieszda Kizenko, 2021 From the moment that Tsars as well as hierarchs realized that having their subjects go to confession could make them better citizens as well as better Christians, the sacrament of penance in the Russian empire became a political tool, a devotional exercise, a means of education, and a literary genre. It defined who was Orthodox, and who was 'other.' First encouraging Russian subjects to participate in confession to improve them and to integrate them into a reforming Church and State, authorities then turned to confession to integrate converts of other nationalities. But the sacrament was not only something that state and religious authorities sought to impose on an unwilling populace. Confession could provide an opportunity for carefully crafted complaint. What state and church authorities initially imagined as a way of controlling an unruly population could be used by the same population as a way of telling their own story, or simply getting time off to attend to their inner lives. Good for the Souls brings Russia into the rich scholarly and popular literature on confession, penance, discipline, and gender in the modern world, and in doing so opens a key window onto church, state, and society. It draws on state laws, Synodal decrees, archives, manuscript repositories, clerical guides, sermons, saints' lives, works of literature, and visual depictions of the sacrament in those books and on church iconostases. Russia, Ukraine, and Orthodox Christianity emerge both as part of the European, transatlantic religious continuum-and, in crucial ways, distinct from it.
