The move was for the girl's own good, in her mother's mind, but for the daughter, the reality of being the new girl, the foreigner-among-your-own-people, was even worse than the idea. During her time at school, she would learn that Ghana was much more complicated than her fellow ex-pats had ever told her, including how much a London-raised child takes something like water for granted. In Ghana, water "became a symbol of who had and who didn't, who believed in God and who didn't. If you didn't have water to bathe, you were poor because no one had sent you some." After six years in Ghana, her mother summons her home to London to meet the new man in her mother's life—and his daughter. The reunion is bittersweet and short-lived as her parents decide it's time that she get to know her father. So once again, she's sent off, this time to live with her father, his new wife, and their young children in New York—but not before a family trip to Disney World.

homegoing pdf: The Poisonwood Bible Barbara Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection “Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty.” —Los Angeles Times Book Review The Poisonwood Bible, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

homegoing pdf: Homecoming John Bradshaw, 2013-04-24 In this powerful book, the #1 New York Times bestselling author of Reclaiming Virtue shows how we can learn to nurture our inner child and offer ourselves the good parenting we needed and longed for. homegoing pdf: The Age of Phillis Honorée Fanonne Jeffers, 2020-02-20 “An arresting and meticulously researched collection of poems” about the life of Phillis Wheatley, the first black woman to publish a book in America (Ms. Magazine). In 1773, a young African American woman named Phillis Wheatley published a book of poetry, Poems on various Subjects, Religious and Moral (1773). When Wheatley's book appeared, her words would challenge Western prejudices about African and female intellectual capabilities. Her words would astound many and irritate others, but one thing was clear: This young woman was extraordinary. Based on fifteen years of archival research, The Age of Phillis, by award-winning writer Honorée Fanonne Jeffers, imagines the life and times of Wheatley: her childhood with her parents in the Gambia, West Africa, her life with her white

American owners, her friendship with Obour Tanner, her marriage to the enigmatic John Peters, and her untimely death at the age of about thirty-three. Woven throughout are poems about Wheatley's "age"—the era that encompassed political, philosophical, and religious upheaval, as well as the transatlantic slave trade. For the first time in verse, Wheatley's relationship to black people and their individual "mercies" is foregrounded, and here we see her as not simply a racial or literary symbol, but a human being who lived and loved while making her indelible mark on history.

homegoing pdf: *"What Does Injustice Have to Do with Me?"* David Nurenberg, 2020-05-15 Why should we care about the education of privileged white students? Conversations about education in America focus near-exclusively on underprivileged, majority-minority schools for many important reasons. *What Does Injustice Have to Do With Me?*, however, argues that such efforts cannot succeed in creating a more just and equitable society without also addressing the students who benefit from America's educational, economic and racial inequities. These young people grow up to wield disproportionate power and influence, yet emerge undereducated and poorly prepared to navigate, let alone shape, our increasingly diverse country. David Nurenberg weaves together narrative from his twenty years of suburban teaching with relevant research in education and critical race theory to provide practical, hands-on strategies for educators dealing with challenges unique to high-powered suburban, urban and independent schools: affluent myopia, white fragility, the empathy gap, overinvolved parents, overcautious administrators and an "if it isn't broke, don't fix it" mentality. Despite high test scores and college acceptances, many schools serving affluent white students are indeed broken. Social justice education for privileged white students is not only critical for our society, but also for helping those students themselves emerge from a culture of anxiety and cynicism to find meaning, purpose and self-confidence as activist allies.

homegoing pdf: The Art of Communicating Thich Nhat Hanh, 2013-08-13 Zen master Thich Nhat Hanh, bestselling author of *Peace is Every Step* and one of the most respected and celebrated religious leaders in the world, delivers a powerful path to happiness through mastering life's most important skill. How do we say what we mean in a way that the other person can really hear? How can we listen with compassion and understanding? Communication fuels the ties that bind, whether in relationships, business, or everyday interactions. Most of us, however, have never been taught the fundamental skills of communication—or how to best represent our true selves. Effective communication is as important to our well-being and happiness as the food we put into our bodies. It can be either healthy (and nourishing) or toxic (and destructive). In this precise and practical guide, Zen master and Buddhist monk Thich Nhat Hanh reveals how to listen mindfully and express your fullest and most authentic self. With examples from his work with couples, families, and international conflicts, *The Art of Communicating* helps us move beyond the perils and frustrations of misrepresentation and misunderstanding to learn the listening and speaking skills that will forever change how we experience and impact the world.

None has undertaken his leadership responsibilities with the cultural sensitivity and creativity demonstrated by Admiral Jim Stavridis during his tenure in command. Breaking with tradition, Admiral Stavridis discarded the customary military model as he organized the Southern Command Headquarters. In its place he created an organization designed not to subdue adversaries, but instead to build durable and enduring partnerships with friends. His observation that it is the business of Southern Command to launch ideas not missiles into the command's area of responsibility gained strategic resonance throughout the Caribbean and Central and South America, and at the highest levels in Washington, DC.

homegoing pdf: Monoculture F. S. Michaels, 2011-04-25 Winner of the George Orwell Award. One of The Atlantic's best books of the year. As human beings, we've always told stories: stories about who we are, where we come from, and where we're going. Now imagine that one of those stories is taking over the others, narrowing our diversity and creating a monoculture. Because of the rise of the economic story, six areas of your world - your work, your relationships with others and the environment, your community, your physical and spiritual health, your education, and your creativity - are changing, or have already changed, in subtle and not-so-subtle ways. And because how you think shapes how you act, the monoculture isn't just changing your mind - it's changing your life. In Monoculture, F.S. Michaels draws on extensive research and makes surprising connections among disciplines to take a big-picture look at how one story is changing everything.

Her research and writing have been supported by the Social Sciences and Humanities Research Council of Canada, the Killam Trusts, and regional and municipal arts councils. Michaels has an MBA, and completed five years of PhD studies in Organizational Analysis. She lives in British Columbia, Canada. A single lucid narrative that's bound to first make you somewhat uncomfortable and insecure, then give you the kind of pause from which you can step back and move forward with more autonomy, authenticity and mindfulness than ever. - The Atlantic A thin, enrapturing gem. It's accessible, sensible--exactly the sort of book that should have (and still could + should!) take off and create a tiny little dent in books. - Kenyon Review A smart and realistic guide to first recognizing the monoculture and the challenges of transcending its limitations. - Maria Popova, BrainPickings.org I found myself reading non-stop, underlining like crazy...an astute explanation about what I've been feeling recently, something I couldn't put my finger on...[Michaels] writes in clear, energetic prose that's thoughtful, engaging and unforced. She defines and analyzes without judgment or insistence...a breath of fresh air. - NPR ...a singularly brilliant and accessible analysis of some of the fundamental assumptions and driving principles of our time. - Comment Magazine 5 stars: The cause and effect of our world is more surprising than you'd think. With intriguing notions about the driving ideas of stories in every shape of our life, Monoculture is an incredibly fascinating way about how the mind works and today's consumer culture. - Midwest Book Review If you just read one book this year, read this one. - BuriedInPrint.com

Published posthumously in 1964, *A Moveable Feast* remains one of Ernest Hemingway's most beloved works. Since Hemingway's personal papers were released in 1979, scholars have examined and debated the changes made to the text before publication. Now this new special restored edition presents the original manuscript as the author prepared it to be published. Featuring a personal foreword by Patrick Hemingway, Ernest's sole surviving son, and an introduction by the editor and grandson of the author, Seán Hemingway, this new edition also includes a number of unfinished, never-before-published Paris sketches revealing experiences that Hemingway had with his son Jack and his first wife, Hadley. homegoing pdf: *Indigenous Pathways, Transitions and Participation in Higher Education* Jack Frawley, Steve Larkin, James A. Smith, 2017-05-31 This book is open access under a CC BY 4.0 license. This book brings together contributions by researchers, scholars, policy-makers, practitioners, professionals and citizens who have an interest in or experience of Indigenous pathways and transitions into higher education. University is not for everyone, but a university should be for everyone. To a certain extent, the choice not to participate in higher education should be respected given that there are other avenues and reasons to participate in education and employment that are culturally, socially and/or economically important for society. Those who choose to pursue higher education should do so knowing that there are multiple pathways into higher education and, once there, appropriate support is provided for a successful transition. The book outlines the issues of social inclusion and equity in higher education, and the contributions draw on real-world experiences to reflect the different approaches and strategies currently being adopted. Focusing on research, program design, program evaluation, policy initiatives and experiential narrative accounts, the book critically discusses issues concerning widening participation.

homegoing pdf: Paying the Price Sara Goldrick-Rab, 2016-09-01 A "bracing and well-argued" study of America's college debt crisis—"necessary reading for anyone concerned about the fate of American higher education" (Kirkus). College is far too expensive for many people today, and the confusing mix of federal, state, institutional, and private financial aid leaves countless students without the resources they need to pay for it. In Paying the Price, education scholar Sara Goldrick-Rab reveals the devastating effect of these shortfalls. Goldrick-Rab examines a study of 3,000 students who used the support of federal aid and Pell Grants to enroll in public colleges and universities in Wisconsin in 2008. Half the students in the study left college without a degree, while less than 20 percent finished within five years. The cause of their problems, time and again, was lack of money. Unable to afford tuition, books, and living expenses, they worked too many hours at outside jobs, dropped classes, took time off to save money, and even went without adequate food or housing. In many heartbreaking cases, they simply left school—not with a degree, but with crippling debt. Goldrick-Rab combines that data with devastating stories of six individual students, whose struggles make clear the human and financial costs of our convoluted financial aid policies. In the final section of the book, Goldrick-Rab offers a range of possible solutions, from technical improvements to the financial aid application process, to a bold, public sector-focused "first degree

free” program. Honestly one of the most exciting books I've read, because [Goldrick-Rab has] solutions. It's a manual that I'd recommend to anyone out there, if you're a parent, if you're a teacher, if you're a student.—Trevor Noah, *The Daily Show*

homegoing pdf: *Creating Meaning in Funerals* William G. Hoy, 2024-08-01 *Creating Meaning in Funerals* is a book about the ways in which bereaved families and communities create meaningful ceremonies against a backdrop of what is culturally appropriate, even when their choices might make little economic sense to those outside the culture. The culmination of these customs and practices, this book maintains, is how bereaved individuals, families, and communities are drawn into significant meaning making in early bereavement. Readers will be repeatedly challenged to suspend their own biases, observe the customs and beliefs of others thoughtfully, and provide counseling support and encouragement to bereaved individuals for whom funerals were or were not effective means of coping with their loss. Discussion questions at the end of each chapter make the book useful for educational settings such as funeral service classroom instruction, thanatology classes, and grief counseling courses. Each chapter is also accompanied by its own reference list to make chapters more useful individually.

homegoing pdf: *Clear as Mud* Robert B. Olshansky, Laurie Johnson, 2017-11-08 Planning the rebuilding of New Orleans after Hurricanes Katrina and Rita has been among the greatest urban planning challenges of our time. Since 2005, Robert B. Olshansky and Laurie A. Johnson, urban planners who specialize in disaster planning and recovery, have been working to understand, in real time, the difficult planning decisions in this unusual situation. As both observers of and participants in the difficult process of creating the Unified New Orleans Plan, Olshansky and Johnson bring unparalleled detail and insight to this complex story. The recovery process has been slow and frustrating, in part because New Orleans was so unprepared for the physical challenges of such a disaster, but also because it lacked sufficient planning mechanisms to manage community reconstruction in a viable way. New Orleans has had to rebuild its buildings and institutions, but it has also had to create a community planning structure that is seen as both equitable and effective, while also addressing the concerns and demands of state, federal, nonprofit, and private-sector stakeholders. In documenting how this unprecedented process occurred, Olshansky and Johnson spent years on the ground in New Orleans, interviewing leaders and citizens and abetting the design and execution of the Unified New Orleans Plan. Their insights will help cities across the globe recognize the challenges of rebuilding and recovering after disaster strikes.

homegoing pdf: *Suffering and the Sovereignty of God* John Piper, Justin Taylor, 2006-09-13 In the last few years, 9/11, a tsunami, Hurricane Katrina, and many other tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous. Against the overwhelming weight and seriousness of the Bible, many Christians are choosing to become more shallow, more entertainment-oriented, and therefore irrelevant in the face of massive suffering. In *Suffering and the Sovereignty of God*, contributors John Piper, Joni Eareckson Tada, Steve Saint, Carl Ellis, David Powlison, Dustin Shramek, and Mark Talbot explore the many categories of God's sovereignty as evidenced in his Word. They urge readers to look to Christ, even in suffering, to find the greatest confidence, deepest comfort, and sweetest fellowship they have ever known.

homegoing pdf: Making Black History Dominique Haensell, 2021-10-04 This study proposes that – rather than trying to discern the normative value of Afropolitanism as an identificatory concept, politics, ethics or aesthetics – Afropolitanism may be best approached as a distinct historical and cultural moment, that is, a certain historical constellation that allows us to glimpse the shifting and multiple silhouettes which Africa, as signifier, as real and imagined locus, embodies in the globalized, yet predominantly Western, cultural landscape of the 21st century. As such, Making Black History looks at contemporary fictions of the African or Black Diaspora that have been written and received in the moment of Afropolitanism. Discursively, this moment is very much part of a diasporic conversation that takes place in the US and is thus informed by various negotiations of blackness, race, class, and cultural identity. Yet rather than interpreting Afropolitan literatures (merely) as a rejection of racial solidarity, as some commentators have, they should be read as ambivalent responses to post-racial discourses dominating the first decade of the 21st century, particularly in the US, which oscillate between moments of intense hope and acute disappointment. Their preoccupation with Patterson's "Afterliveness" punctuates the significance of Patterson's preoccupation with musical repetition: across the decades of Patterson's ministry, a set of musical gestures recur as sonic channels, bringing an individual sermon into contact with scripture's eternal transmission.
