jeet kune do pdf: Bruce Lee The Tao of Gung Fu Bruce Lee, 2015-09-08 In the months leading up to his death, Bruce Lee was working on this definitive study of the Chinese martial arts--collectively known as Kung Fu or Gung Fu. This book has now been edited and is published here for the first time in its entirety. Bruce Lee totally revolutionized the practice of martial arts and brought them into the modern world--by promoting the idea that students have the right to pick and choose those techniques and training regimens which suit their own personal needs and fighting styles. He developed a new style of his own called Jeet Kune Do--combining many elements from different masters and different traditions. This was considered heretical at the time within martial arts circles, where one was expected to study with only a single master--and Lee was the first martial artist to attempt this. Today he is revered as the father of martial arts practice around the world--including Mixed Martial Arts. In addition to presenting the fundamental techniques, mindset and training methods of traditional Chinese martial arts, this martial art treatise explores such esoteric topics as Taoism and Zen as applied to Gung Fu, Eastern and Western fitness regimens and self-defense techniques. Also included is a Gung Fu scrapbook of Bruce Lee's own personal anecdotes regarding the history and traditions of the martial arts of China. After Lee's death, his manuscript was completed and edited by martial arts expert John Little in cooperation with the Bruce Lee Estate. This book features an introduction by his wife, Linda Lee Cadwell and a foreword from his close friend and student, Taky Kimura. jeet kune do pdf: *Jeet Kune Do* Dave Carnell, 2008 Jeet Kune Do [JKD], which transalates as 'the way of the intercepting fist', was developed over a number of years by Bruce Lee as an anti-thesis to what he saw as the formulaic straightjacket of the classical martial arts which, he argued, failed to allow individuals to fully and honestly express themselves. However, as Cass Magda points out in his Foreword, JKD is definitely not a 'do-it-yourself' martial art and it does have a unique structure. Indeed, it is essential for the JKD fighter to master this structure if he, or she, is to present a highly organized defence and mount an instantaneous and effective counter-attack. AUTHOR: Dave Carnell is the owner and Director of Impact Martial Arts Academy in Stoke-on-Trent, England, which has several branches throughout the country. Dave is a much sought after instructor

who teaches in the United Kingdom, elsewhere in Europe, and in the United States. Dave is a Senior Full Instructor for Cass Magda's MI Association and is Supervising Instructor for the United Kingdom. ILLUSTRATIONS: 350 photographs
