judy blume forever pdf: The Ego Tunnel Thomas Metzinger, 2010-05-21 We're used to thinking about the self as an independent entity, something that we either have or are. In *The Ego Tunnel*, philosopher Thomas Metzinger claims otherwise: No such thing as a self exists. The conscious self is the content of a model created by our brain - an internal image, but one we cannot experience as an image. Everything we experience is "a virtual self in a virtual reality." But if the

self is not "real," why and how did it evolve? How does the brain construct it? Do we still have souls, free will, personal autonomy, or moral accountability? In a time when the science of cognition is becoming as controversial as evolution, *The Ego Tunnel* provides a stunningly original take on the mystery of the mind.

judy blume forever pdf: Disturbing the Universe Roberta S. Trites, 1998-04-01 The Young Adult novel is ordinarily characterized as a coming-of-age story, in which the narrative revolves around the individual growth and maturation of a character, but Roberta Trites expands this notion by chronicling the dynamics of power and repression that weave their way through YA books. Characters in these novels must learn to negotiate the levels of power that exist in the myriad social institutions within which they function, including family, church, government, and school. Trites argues that the development of the genre over the past thirty years is an outgrowth of postmodernism, since YA novels are, by definition, texts that interrogate the social construction of individuals. Drawing on such nineteenth-century precursors as *Little Women* and *Adventures of Huckleberry Finn*, *Disturbing the Universe* demonstrates how important it is to employ poststructuralist methodologies in analyzing adolescent literature, both in critical studies and in the classroom. Among the twentieth-century authors discussed are Blume, Hamilton, Hinton, Le Guin, L'Engle, and Zindel. Trites' work has applications for a broad range of readers, including scholars of children's literature and theorists of post-modernity as well as librarians and secondary-school teachers. *Disturbing the Universe: Power and Repression in Adolescent Literature* by Roberta Seelinger Trites is the winner of the 2002 Children's Literature Association's Book Award. The award is given annually in order to promote and recognize outstanding contributions to children's literature, history, scholarship, and criticism; it is one of the highest academic honors that can accrue to an author of children's literary criticism.

judy blume forever pdf: *Act Your Age!* Nancy Lesko, 2012-03-15 Are our current ways of talking about the problem of adolescence really that different than those of past generations? For the past decade, *Act Your Age!* has provided a provocative and now classic analysis of the accepted ways of viewing teens. By employing a groundbreaking history of the present methodology that resists traditional chronology, author Nancy Lesko analyzes both historical and present social and political factors that produce the presumed natural adolescent. This resulting seminal work in the field of youth study forces readers to rethink the dominant interpretations on the social construction of adolescence from the 19th century through the present day. This new edition is updated throughout and includes a full new chapter on 1950s-era assumptions about adolescence and the corresponding connections to teens today. As in all chapters, Lesko provides careful examination of the concerns of nationalism, sexuality, and social order in terms of how they are projected onto the definitions of adolescents in the media, in schools, and in the home.

judy blume forever pdf: *Pete Hautman* Joel Shoemaker, 2015-11-19 Pete Hautman is an author who likes to tackle big ideas—from addiction and psychosis to the nature of belief and what the world is coming to—in his fiction for teen readers. In novels like *Mr. Was*, *Sweetblood*, *Invisible*, *Rash*, and the National Book Award winner, *Godless*, Hautman leavens his exploration of these big ideas with humor while showing that he understands how overwhelming such matters can be. As Hautman himself says, “It’s complicated.” In *Pete Hautman: Speaking the Truth to Teens*, Joel Shoemaker looks at the life and work of an author whose young adult fiction represent a wider breadth of subject matter and interests than is typically found in any single author’s young adult novels. Chapters in this book explicate individual novels such as *Godless* and *Eden West* which focus on religious issues and teens, while time-travel conundrums are explored in *Mr. Was* and the *Klaatu Diskos* trilogy, and three books look at teens who play poker for very high stakes. Other works discussed in this study are examples of realistic contemporary fiction: *How to Steal a Car*, *Blank Confession*, and two books that take very different approaches to the matter of teens and falling in love, *The Big Crunch* and *What Boys Really Want*. Shoemaker’s interviews with the author and several family members provide opportunities for unique insights into Hautman’s work, drawing clear connections between his life and his writings. *Pete Hautman: Speaking the Truth to Teens* will be of interest to librarians, scholars, and the author’s many fans.
